SECTION II - RISK FACTORS

The section “Risk Factor” beginning on page 32 of the Draft Red Herring Prospectus (DRHP) shall be read with the following updated information:

RF-2 and RF-4 has been merged and updated as set out below. Consequently, the numbering of other risk factors shall be revised accordingly.

2) Our Company is dependent on limited number of suppliers for significant portion of its purchases, and any disruption in this relationship could adversely affect our business, results of operations and financial condition and we do not have long-term supply agreements with our suppliers, which may expose us to risks relating to raw material availability, price volatility and may adversely affect our business, operations and profitability.

Our Company procures raw materials required for manufacturing packaging products such as paper and paperboard, inks, adhesives, films and other consumables from third-party suppliers and also sources certain products and equipment from external suppliers for its trading operations. A significant portion of our purchases is concentrated among a limited number of suppliers, including a single supplier. Our purchase orders are generally placed on a requirement basis and are not governed by long-term supply agreements. Accordingly, we are exposed to risks associated with supplier concentration and supply continuity.

The break-up of the top 10 suppliers of our Company as per Restated Standalone Financial Statement for the period ended January 31, 2026, Fiscal 2025, Fiscal 2024 and Fiscal 2023 is set out below:

(Rs. In Lakhs)

Particulars	Period Ended January 31, 2026		FY 2024-25		FY 2023-24		FY 2022-23	
	Amount in Lakhs	% of Total Purchase	Amount in Lakhs	% of Total Purchase	Amount in Lakhs	% of Total Purchase	Amount in Lakhs	% of Total Purchase
Top-1	401.16	22.37%	280.34	17.43%	157.49	15.29%	229.95	31.86%
Top-3	875.07	48.79%	708.62	44.06%	365.68	35.51%	434.09	60.14%
Top-5	1,048.97	58.48%	923.41	57.42%	553.23	53.72%	520.42	72.10%
Top-10	1,335.44	74.46%	1,305.69	81.19%	842.55	81.82%	611.20	84.68%

Historically, our purchases have been significantly dependent on our top supplier. Purchases from our top ten supplier constituted 84.68% in FY 2022–23, 81.82% in FY 2023–24, 81.19% in FY 2024–25 and 74.46% for the period ended January 31, 2026 of our total purchases. Further, purchases from the top five suppliers constituted 72.10%, 53.72%, 57.42% and 58.48%, respectively, during the same periods. Such concentration exposes us to risks associated with any disruption, delay or termination of supply arrangements with these suppliers.

Any delay, disruption or failure by our suppliers to supply raw materials or products in a timely manner, or on commercially acceptable terms, could adversely affect our manufacturing operations, inventory planning and ability to fulfil customer orders. Such disruptions may arise due to suppliers’ operational constraints, capacity limitations, changes in pricing policies, financial instability, regulatory restrictions, logistical challenges, geopolitical developments, or other unforeseen circumstances beyond our control. In addition, our dependence on a limited number of suppliers may limit our bargaining power with respect to pricing, credit terms and supply priority during periods of high demand or supply shortages.

Further, our Company diversified into the trading of printing machinery through a Sales Agency Agreement with Hebei Wanjie Machinery Technology Co. Ltd., China, pursuant to which we import and sell printing machines exclusively in India, Thailand, Sri Lanka and Bangladesh. Our ability to continue this trading business is dependent on the continuity of supply and the ongoing commercial relationship with this overseas supplier. Any disruption, termination, non-renewal of the agreement, change in commercial terms, regulatory restrictions on imports, geopolitical developments, or deterioration in our relationship with this supplier could adversely impact our trading operations.

Although we may attempt to identify and engage alternative suppliers for manufacturing sector, we may not be able to do so in a timely manner or on comparable commercial terms, quality standards or timelines. Any inability to maintain relationships with our existing suppliers or successfully diversify our supplier base could have a material adverse effect on our business, results of operations, cash flows and financial condition.

As of the date of this Draft Red Herring Prospectus, we have not experienced any material disruption in supply from our suppliers. However, there can be no assurance that such disruptions will not occur in the future.

We do not have long-term contractual arrangements with our suppliers for the procurement of key raw materials, consumables and other inputs required for our manufacturing operations. Although we may, from time to time, enter into short-term or rate-based arrangements with certain suppliers, there can be no assurance that such arrangements will be renewed or continued on favourable terms, or at all.

In the absence of long-term supply agreements, we are exposed to risks relating to fluctuations in raw material prices, variations in availability, changes in supplier pricing policies and potential delays in procurement. Any inability to procure raw materials and other inputs in a timely manner or at competitive prices may disrupt our production schedules, increase operating costs, adversely affect our margins and profitability, and impact our ability to meet customer requirements and delivery timelines.

Further, reliance on spot purchases or short-term arrangements may limit our ability to effectively plan inventory levels and manage working capital. Any sustained disruption in supplier relationships, adverse market conditions or inability to identify alternative sources of supply on commercially acceptable terms could materially and adversely affect our business operations, financial condition, cash flows and results of operations.

While we have not experienced any material shortage of raw materials during the last three financial years and the current reporting period, there can be no assurance that we will continue to be able to procure raw materials in sufficient quantities, at commercially acceptable prices, or at all. Further, we may not be able to pass on any increase in raw material costs to our customers, which may adversely affect our margins and profitability.

RF-12 is updated and the Risk Factor is shifted within the Top 5 Risk Factors as Risk Factor 3 and is updated as follows:

3) There are certain discrepancies and non-compliances noticed in some of our corporate records relating to forms filed with the Registrar of Companies, taxation authorities and other public authorities. Any penalty or action taken by any regulatory authorities in future for non-compliance with provisions of all applicable law could impact on the financial position of the Company to that extent.

Our Company has generally complied with certain statutory provisions; however, the following discrepancies have been found in the forms filed by our Company with the Registrar of Companies under the provisions of the Companies Act, 2013:

1. Form DPT-3

While filing Form DPT-3 for FY 2021–22 and FY 2022–23, certain amounts reflected in the Company's books were inadvertently not disclosed, including ₹20,000 payable to M/s Vishnu Enterprises and ₹12,02,111 being a loan from Kalupur Commercial Co-operative Bank for FY 2021–22, and ₹8,19,000 received as advance from Cubic Pack for FY 2022–23. However, the transaction was duly settled in the subsequent period, and no amount remains outstanding. The Company is taking necessary steps to strengthen its internal processes to ensure complete and accurate disclosures in all future statutory filings and to maintain full compliance with applicable provisions of the Companies Act, 2013 and the rules made thereunder.

As of the date hereof, no show cause notice or any other communication/observation has been received from any statutory authority in this regard. Any regulatory observations, if any, in relation to such non-disclosure may entail certain consequences, including penalties, and could have an impact on the Company's reputation and operations.

2. Non-compliance with rounding-off requirements under Schedule III of Companies Act, 2013

It has been observed that the audited financial statements of the Company for the financial year 2021–22 were presented in absolute figures (in rupees) instead of being rounded off to the nearest hundreds, thousands, or lakhs, as required

under Schedule III read with Section 129 of the Companies Act, 2013. This deviation constitutes a procedural non-compliance, and while it does not impact the financial position of the Company, there remains a risk of regulatory observations or penalties in this regard.

Below are the Forms which were filed with delay, the details are as below:

Sr.no.	Name and Description of Form	SRN	Due Date of Filing	Date of Filing	Period of delay	Reason for delay
1.	Form MGT-14 For Change in Object Clause of MOA	AC0769668	03/11/2025	29/12/2025	57 days	The delay is unintentional, and no prejudice has been caused to any stakeholder
2.	Form ADT-3 for resignation of M/s Sukrut Shah & Associates	AC0914443	14/12/2025	31/12/2025	18 days	The delay in filing Form ADT-3 was due to ongoing discussions between the management and the statutory auditor to resolve certain operational matters, causing lack of clarity on the finality of the resignation. Filing was completed upon confirmation. The delay was unintentional, procedural, with no impact on financial statements. Compliance processes have since been strengthened.
3.	Form DIR-12 Filed for appointment of CFO and Re-designation of Director	AC0917178	23/12/2025	31/12/2025	8 days	Unintentional procedural delay with no financial/operational impact. Compliance processes strengthened.
4.	Form DIR-12 Filed for Re-designation of additional director as Whole Time Director also for appointment of three independent directors	AB8664848	29/10/2025	30/10/2025	1 day	Unintentional procedural delay with no financial/operational impact. Compliance processes strengthened.
5.	Form MR-1 Filed for Re-designation of director as Managing Director	AB9212864	21/11/2025	07/11/2025	14 days	Unintentional procedural delay with no financial/operational impact. Compliance processes strengthened.
6.	Form DPT-3 for FY 2021-22	AA0502020	30/06/2022	24/09/2022	87 days	Unintentional procedural delay with no financial/operational impact. Compliance processes strengthened.
7.	Form MGT-14 filed pursuant to Section 180(1)(a); 180(1)(c) and appointment of CFO	AC0921620	23/12/2025	31/12/2025	8 days	Unintentional procedural delay with no financial/operational impact. Compliance processes strengthened.

8.	Form CHG-4 filed w.r.t. satisfaction of charge, ID: 100936414	AB8778839	02/11/2025	07/11/2025	5 days	The satisfaction of charge was duly completed within time. However, filing of Form CHG-4 was delayed due to inadvertent oversight and administrative reasons.

To ensure that the above discrepancies/errors will not occur in future, we have taken the following steps i.e. appointed a whole-time Company Secretary to oversee and ensure accurate filings and compliance and implementing a Maker-Checker policy to ensure the accuracy and correctness of all submissions.

RF-13 has been shifted within the Top 5 Risk Factor as Risk Factor 4. Consequently, the numbering of other risk factors has been revised accordingly.

4) Our Company has reported certain negative cash flows from its Operating activity, investing activity and Financing activity, details of which are given below. Sustained negative cash flows could impact our growth and business.

Our Company has experienced negative cash flows from its operating activity, investing activity and financing activity in the certain years as summarized below based on the Restated Standalone Financial Statements:

(Rs. In Lakhs)

Particulars	For the period ended on January 31, 2026	For the year ended March 31		
		2025	2024	2023
Net cash from / (used in) operating activities	18.03	(9.11)	267.30	(165.22)
Net cash from / (used in) investing activities	175.02	(459.43)	(352.73)	(306.68)
Net cash from / (used in) financing activities	(166.39)	383.67	155.63	471.62

Our Company reported negative cash flows from operating activities amounting to ₹9.11 lakhs and ₹165.22 lakhs for the year ended March 31, 2025 and 2023, respectively. Further, ***our*** Company has incurred negative cash flows from investing activities across all the reported periods except for the period ended January 31, 2026. Additionally, ***our*** Company has reported negative cash flows from financing activities for the period ended January 31, 2026.

Negative cash flows from operating activities may adversely impact our Company's ability to generate sufficient internal accruals to meet its working capital requirements. Further, negative cash flows from investing activities may indicate significant capital expenditure or investments, which could affect liquidity in the short term.

If such negative cash flows continue in the future, it may adversely affect our Company's liquidity, financial condition, cash flows, and its ability to fund its existing operations, meet debt obligations, and implement its growth strategies. There can be no assurance that our Company will not experience negative cash flows in the future or that it will be able to generate sufficient cash flows to meet its business requirements.

Table related to "Employees State Insurance Contribution" in RF-15 is updated and the Risk Factor is shifted within the Top 5 Risk Factors as Risk Factor 5 and is updated as follows:

5) There have been certain instances of delays in payment of statutory dues by our Company in the past. Any delay in payment of statutory dues by our Company in the future may result in the imposition of penalties and in turn may have an adverse effect on our Company's business, financial condition, results of operation and cash flows.

We are currently engaged in the business of manufacturing of packaging products and trading of machineries and are subject to various statutory levies, such as Goods and Service tax and Income tax as per the applicable provisions of Law. Further, we are required to comply with labour laws like depositing of contributions with ESIC and Provident

Fund as well as payment of Professional Tax in respect of our employees. Any demand or penalty raised by the concerned authority in future for any previous years or current year will affect the financial position of our Company.

Our Company has, in the past, experienced delays in filing certain statutory returns and remittance of statutory dues under various laws, including EPF, ESIC, Professional Tax, GST and TDS. Such delays were primarily procedural in nature and occurred across different periods. While our Company has subsequently filed the returns and paid the applicable dues, and no material penalties or prosecutions have been initiated, any future non-compliance or delays could expose our Company to interest, penalties and reputational risks, which may adversely affect its operations and financial condition.

The table below sets forth the details of the delay in filing and payment of PT, EPF, ESIC and GST by our Company for the periods indicated below:

In RF-5, paragraph related to concentration risk is being added and is updated as follows:

6) Our Company is dependent on an exclusive distribution arrangement for the trading and sale of printing machinery, which exposes us to concentration risks.

Our Company's trading operations in printing machinery are significantly dependent on an exclusive sales agency arrangement with Hebei Wanjie Machinery Technology Co. Ltd., a company incorporated in the People's Republic of China in 2006 and engaged in the business of manufacturing printing machinery and related equipment. As per D&B Report, the said entity has an established operating track record, with operations spanning over 19 years and a reported turnover of approximately RMB 111,579 thousand in FY 2024, along with a stable financial and credit profile.

Pursuant to the sales agency agreement dated November 30, 2023, we are authorized to market and sell specified products of the overseas supplier in India, Thailand, Sri Lanka and Bangladesh. The agreement is valid until December 1, 2032, unless terminated earlier by either party upon one month's prior written notice.

Our dependence on this arrangement exposes us to concentration risks. Any termination, non-renewal, modification of terms, disruption in supply, or deterioration in our relationship with the overseas supplier may materially and adversely affect our trading revenues, business operations and financial condition. Further, the agreement does not prescribe any minimum sales commitment for either party, which may result in variability and uncertainty in revenues from this segment.

Additionally, we are required to incur advertisement and promotional expenses within the designated territories, which may impact our margins and profitability. There can be no assurance that such expenditures will proportionately translate into increased sales or revenue growth.

Further, as the overseas supplier operates outside India, our business may be exposed to risks associated with cross-border operations, including regulatory changes, geopolitical developments, foreign exchange fluctuations, logistics constraints, and differences in legal and dispute resolution mechanisms. Any operational, financial or business disruptions faced by such supplier may have an adverse impact on our ability to procure and distribute products.

While we continuously evaluate alternative suppliers and seek to diversify our product portfolio to mitigate concentration risks, there can be no assurance that suitable alternative arrangements will be available on commercially acceptable terms, or at all, in a timely manner.

We have added and confirm that this trading and distribution business is currently at an initial but at rapid stage and the Company has presently partnered with one supplier whose products match the Company's target market and customer requirements. The company in past had approached other supplier too but company had experienced that their technical evaluation and commercial terms did not match standards set forth in printing Industry of India for the prospective targetable customers. Company is also exploring additional suppliers and business opportunities to gradually diversify its supplier base and reduce dependency risk in the future.

Although we have not experienced any material disruption in this relationship during the last three financial years and the current reporting period, we cannot assure that such disruptions will not occur in the future. Any inability to continue or effectively manage this arrangement may materially and adversely affect our business operations, financial condition, cash flows and results of operations.

Addition of amount of receivables outstanding in the FY 2023, 2024 and 2025 in RF-9 and the same has been updated as follows:

9) Our inability to collect receivables from our customers, or any default in payment by them, could adversely affect our profitability, cash flows, and financial condition.

In the ordinary course of our business, we extend credit to our customers for certain periods in respect of the sale of our products. As a result, we are exposed to the risk of delayed receipt or non-receipt of outstanding amounts. Such delays or defaults may arise due to customer's financial difficulties, disputes over product quality or services, operational or administrative delays on the part of customers, changes in their business strategies, or other factors beyond our control.

Amount of receivables outstanding in the FY 2023, 2024 and 2025 as follows:

Particulars	2024-25	2023-24	2022-23
Trade Receivables	678.59	558.51	678.12

Prior to extending credit facilities to any customer, we evaluate various factors including the customer's business profile, past payment track record, market reputation, financial standing and previous dealings with us, if any. Based on such evaluation, we determine the credit period and commercial terms applicable to the customer. We also continuously monitor our trade receivables through periodic review of customer outstanding balances and ageing analysis. Outstanding receivables are tracked on a regular basis and follow-up actions are undertaken through telephone calls, emails, meetings and other direct communications with customers to facilitate timely realization of dues.

In cases where payments remain overdue beyond the agreed credit period, we may undertake additional follow-up measures and, depending upon the facts and circumstances, restrict or withhold further supplies until the outstanding amounts are realized. We have also established internal monitoring mechanisms to review receivable positions and identify potential collection risks at an early stage.

However, our credit evaluation and monitoring processes may not always be sufficient to prevent delayed payments or defaults, particularly in relation to new customers, large orders, customers experiencing financial stress or unforeseen adverse economic conditions. Any significant delay in collection of receivables, increase in overdue balances, or failure by customers to make payments when due may adversely impact our liquidity, working capital requirements, cash flows, profitability and overall financial condition. While we have historically not experienced any material issues in the recovery of our trade receivables and have generally maintained satisfactory collection trends, there can be no assurance that such trends will continue in the future.

RF-61 has been shifted within the Top 15 Risk Factors. Consequently, the numbering of other risk factors has been revised accordingly.

10) We rely on financing from banks or financial institutions to carry on our business operations, and inability to obtain additional financing on terms favorable to us or at all could have an adverse impact on our financial condition. If we are unable to raise additional capital, our business and future financial performance could be adversely affected.

As of January 31, 2026, we had total outstanding financial indebtedness of ₹ 862.84 Lakhs from banks or financial institutions. Our existing operations and execution of our business strategy may require substantial capital resources and we may incur additional debt to finance these requirements in the future. However, we may be unable to obtain sufficient financing on terms satisfactory to us, or at all. If interest rates increase it will be more difficult to obtain credit. There have been instances of delays in payment of dues to financial institutions by our company in the past. While we strive to maintain sound financial practices, including timely repayment of obligations, past instances of delays may impact investor confidence and our ability to meet future financial commitments. These delays may have arisen due to various factors, including but not limited to liquidity constraints, or mismanagement of cashflows. Despite our proactive measures to address these challenges and improve our financial position, there remains a risk of defaults or continued delayed repayments, which could adversely affect our reputation and creditworthiness.

We will continue to incur significant expenditure in maintaining and growing our existing infrastructure. We cannot assure you that we will have sufficient capital for our current operations, any future expansion plans that we may have and our ability to complete such expansion plans. Our ability to arrange financing and the costs of capital of such financing are dependent on numerous factors, including general economic and capital market conditions, timely repayments of dues, credit availability from banks, investor confidence, the continued success of our operations and other laws that are conducive to our raising capital in this manner. Any unfavorable change to terms of borrowings may adversely affect our cash flows, results of operations and financial conditions. If we decide to meet our capital requirements through debt financing, we may be subject to certain restrictive covenants. If we are unable to raise adequate capital in a timely manner and on acceptable terms, or at all, our business, results of operations, financial condition and cash flows could be adversely affected. For further details in this regard, please refer to chapter titled “**Financial Indebtedness**” beginning on page 269 of this Draft Red Herring Prospectus.

There can be no assurance that we will be able to comply with our current financing agreements or continue to access funds, including by way of short-term borrowings, on acceptable terms or at all. While we seek to mitigate against such risks by exploring favorable funding options from banks/financial institutions, there is no assurance that we will be successful in doing so. Any failure to obtain the requisite funds to meet our requirements or expand or modernize existing capabilities could result in our inability to effectively compete with other players in the industry, which could have a material adverse effect on our profitability, cash flows and results of operations.

Addition of business activities in RF-33 and the same has been updated as follows:

33) Any defect or quality issue in our products may adversely impact our reputation, customer trust, and financial performance.

Our business success depends on the reliability, hygiene, and quality of our packaging products as these are being used for various industries. Customers in the food, dairy, FMCG, and pharmaceutical sectors rely on our products for packaging integrity, visual appeal, and functional performance. Any defect, contamination, misprint, or quality inconsistency in our products whether arising from imperfections, material inconsistency, or labelling errors could result in customer dissatisfaction, order rejections, or damage to our market reputation.

Given that significant portion of our packaging products are used for food-grade applications, even a minor defect or deviation from prescribed standards can lead to loss of trust, non-compliance with hygiene or safety norms, and potential contractual penalties from customers.

To maintain quality, the Company follows proper quality checks at different stages, including raw material inspection, manufacturing process and final testing before dispatch.

Our Company does not have a formal written return policy. However, if any defect or issue is reported, the Company resolves it in the normal course of business by:

- replacing the defective products, or
- discussing and settling the issue with the customer

This is handled case-to-case to maintain good customer relationships.

The Company has not faced any major product returns or significant claims in the past, and such matters are handled smoothly as part of regular business operations

Although we maintain strict quality control systems, including raw material inspection, in-process checks, and pre-dispatch testing, there can be no assurance that defects or quality deviations will not occur in the future. Any such event could adversely affect customer relationships, repeat business, and brand credibility, thereby impacting our revenue, financial condition, and results of operations.

RF-13 has been shifted within the Top 5 Risk Factor as Risk Factor 4. Consequently, the numbering of other risk factors has been revised accordingly.

13) Our Company has reported certain negative cash flows from its Operating activity, investing activity and Financing activity, details of which are given below. Sustained negative cash flows could impact our growth and business.

Our Company has experienced negative cash flows from its operating activity, investing activity and financing activity in the certain years as summarized below based on the Restated Standalone Financial Statements:

(Rs. In Lakhs)

Particulars	For the period ended on January 31, 2026	For the year ended March 31		
		2025	2024	2023
Net cash from / (used in) operating activities	18.03	(9.11)	267.30	(165.22)
Net cash from / (used in) investing activities	175.02	(459.43)	(352.73)	(306.68)
Net cash from / (used in) financing activities	(166.39)	383.67	155.63	471.62

Our Company reported negative cash flows from operating activities amounting to ₹9.11 lakhs and ₹165.22 lakhs for the year ended March 31, 2025 and 2023, respectively. Further, **our** Company has incurred negative cash flows from investing activities across all the reported periods except for the period ended January 31, 2026. Additionally, **our** Company has reported negative cash flows from financing activities for the period ended January 31, 2026.

Negative cash flows from operating activities may adversely impact our Company's ability to generate sufficient internal accruals to meet its working capital requirements. Further, negative cash flows from investing activities may indicate significant capital expenditure or investments, which could affect liquidity in the short term.

If such negative cash flows continue in the future, it may adversely affect our Company's liquidity, financial condition, cash flows, and its ability to fund its existing operations, meet debt obligations, and implement its growth strategies. There can be no assurance that **our** Company will not experience negative cash flows in the future or that it will be able to generate sufficient cash flows to meet its business requirements.

RF-35 has been shifted within the Top 15 Risk Factors. Consequently, the numbering of other risk factors has been revised accordingly.

14) Frequent changes in our Statutory Auditors in the recent past may raise concerns regarding continuity, oversight and may adversely affect investor perception of our financial reporting and corporate governance practices.

Our Company has experienced multiple changes in its Statutory Auditors during the recent past. During the last three financial years and the current reporting period, there have been several instances of resignation and appointment of Statutory Auditors.

In particular, M/s Shah Manek & Co. resigned on February 15, 2024 citing their inability to devote sufficient time to the affairs of our Company. Thereafter, M/s Shah & Patel was appointed on March 18, 2024; however, they resigned on June 24, 2025 due to pre-occupation before the expiry of their tenure. Subsequently, M/s Sukrut Shah & Associates

was appointed on July 25, 2025 to fill the casual vacancy but resigned on November 15, 2025 on account of pre-occupation. Further, M/s VSSB & Associates was appointed on December 17, 2025 to fill the casual vacancy and currently continue as the Statutory Auditors of our Company.

Frequent changes in Statutory Auditors may result in disruption of continuity in audit processes, reduced familiarity with our business operations and financial systems, and may require additional time and effort for newly appointed auditors to understand our accounting practices, internal controls and financial reporting framework. This may, in turn, affect the efficiency and effectiveness of the audit process.

Further, repeated changes in Statutory Auditors may be perceived adversely by investors, regulators and other stakeholders, and may raise concerns regarding the stability of our financial reporting practices and corporate governance standards, even though such changes have been undertaken in compliance with applicable laws and regulations.

In addition, any delays or challenges faced by newly appointed auditors in undertaking audit procedures, or any differences in interpretation of accounting standards, may impact the timeliness of our financial reporting and disclosures.

While all such appointments and resignations have been carried out in accordance with the provisions of the Companies Act, 2013 and other applicable laws, and the reasons for such changes were primarily due to pre-occupation or other professional constraints of the respective audit firms, there can be no assurance that such changes will not adversely affect investor confidence or our financial reporting processes in the future.

New Risk Factor has been incorporated in the Risk Factors section as RF-16, below RF-15:

16) There have been instances of delays in filing and remittance of employee-related statutory dues and returns, including under EPF, ESIC and Professional Tax laws, and any future non-compliance may adversely affect our business, financial condition, results of operations and cash flows.

There have been certain instances of delays in remittance and filing of employee-related statutory dues and returns, including under EPF, ESIC and Professional Tax laws. Any future delays or non-compliances may expose our Company to regulatory actions, penalties and reputational risks.

Our Company is required to comply with various employee-related statutory and labour law requirements, including timely deposit of provident fund contributions, employees' state insurance contributions, professional tax and related statutory filings/returns. In the past, there have been certain instances of delays in remittance and/or filing under applicable EPF, ESIC and Professional Tax regulations. Such delays were primarily procedural and inadvertent in nature.

Although our Company has subsequently completed the requisite filings/payments and no material prosecution or adverse action has been initiated against the Company as on date, any future delay, default or non-compliance may result in interest, penalties, regulatory scrutiny, reputational impact and employee-related disputes, which could adversely affect our business, financial condition, cash flows and results of operations.

Further, any tightening of labour law enforcement or adverse findings by statutory authorities may require us to incur additional financial liabilities and compliance costs. Our Company has undertaken measures to strengthen internal compliance monitoring systems, including periodic review of statutory filings and engagement of external compliance professionals; however, there can be no assurance that similar delays or non-compliances will not occur in future."

RF-49 has been shifted within the Top 20 Risk Factors. Consequently, the numbering of other risk factors has been revised accordingly and is being updated as follows:

18) Some of the details mentioned in the respective KYC Documents of our Promoters, Directors, KMPs, SMPs and some persons forming part of Promoter group are not same in all KYC documents.

During the review of KYC documents such as Aadhaar Card, PAN, Passport, Driving License, and Voter ID, discrepancies were identified across certain details. Specifically, inconsistencies were noted in the names of individuals, with the name listed on some KYC documents not matching the names on others. These discrepancies were observed in the KYC documents of certain individuals.

RF-50 has been shifted within the Top 20 Risk Factors. Consequently, the numbering of other risk factors has been revised accordingly.

19) Our insurance coverage may not adequately protect us against all material hazards, which may adversely affect our business, results of operations and financial condition.

Our operations are subject to accidents which are inherent to any distribution company such as risks of Burglary, fire,

cargo, employee health and other. Our insurance policies may not be sufficient to cover the economic loss that we may have to suffer due to an unfortunate incident. To the extent that we suffer loss or damage for events for which we are not insured or for which our insurance is inadequate, the loss would have to be borne by us, and as a result, our results of operations and financial condition could be adversely affected.

Additionally, our company is required to renew these insurance policies periodically. In the event that we fail to renew any policy within the prescribed time or do not obtain coverage at all, we may face substantial uninsured losses. If the Company suffers a significant uninsured loss or an insured loss that exceeds our coverage limits, it could have a material adverse impact on our business, financial condition, and operations.

For further details, please refer, to the paragraph titled ‘Insurance’ under chapter titled “**Our Business**” beginning on page no. 47 of this Draft Red Herring Prospectus.

RF-27 and RF-29 has been merged and updated as set out below. Consequently, the numbering of other risk factors has been revised accordingly.

29) Our inability to accurately forecast demand for our products or manages our inventory or working capital requirements may have an adverse effect on our business, results of operations and financial condition.

Our ability to accurately forecast demand for our products and efficiently manages inventory is crucial to the health of our business. As we are into the manufacturing of printed mono-cartons, roll foams, labels, stickers etc. and trading of machines. We maintain an adequate inventory of raw material to account for the demand for our products as well as stock of machines and its accessories for trading. Set forth below are levels of our inventories as of January 31, 2026, March 31, 2025, March 31, 2024 and March 31, 2023 as per our Restated Standalone Financial Statement:

Particulars	As at January 31, 2026		As at March 31, 2025		As at March 31, 2024	
	Amount in Lakhs	% of Total Purchase	Amount in Lakhs	% of Total Purchase	Amount in Lakhs	% of Total Purchase
Inventories	802.22	23.24%	527.53	21.41%	160.85	10.12%

While we seek to accurately forecast demand from our customers and accordingly plan our procurement and inventory levels, any underestimation of demand or supply constraints may result in insufficient stock levels and our inability to meet customer requirements, which could lead to loss of business. Conversely, overestimation of demand or a decline in customer requirements may result in excess inventory, slow-moving or obsolete stock and increased holding costs. Our inability to accurately forecast demand and efficiently manages our inventory may therefore adversely affect our business, results of operations, financial condition and cash flows.

Our business is working capital intensive and requires a significant amount of working capital for smooth functioning. The incremental and proposed working capital requirements and key assumptions with respect to the determination of the same based on “Restated Financial Information” are mentioned on page no. 246 of this DRHP.

We intend to continue growing by expanding our business operations. The results of operations of our business are dependent on our ability to effectively manage our incremental working capital requirements. We estimate our revenue based on the forecast, demand and requirements and also on the customer specifications. A liquidity crunch may also result in increased working capital borrowings and, consequently, higher finance cost which will adversely impact our profitability. Our growing scale and expansion, if any, may result in increase in the quantum of working capital. Our inability to maintain sufficient cash flow, credit facility and other sourcing of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, could adversely affect our financial condition and result of our operations. For further details regarding working capital requirement, please refer to the chapters titled “Objects of the Issue” and “Management’s Discussion and Analysis of Financial Conditions and Results of Operations” beginning on pages 115 and 250, respectively, of this Draft Red Herring Prospectus.

RF-16 and RF-44 has been merged and updated as set out below. Consequently, the numbering of other risk factors has been revised accordingly.

44) Our business is subject to various statutory approvals, licenses, registrations and permits, certain of which are pending, have expired or are yet to be obtained, and any delay, failure or non-compliance in relation thereto may

adversely affect our operations. In case of our inability to obtain, renew or maintain the statutory and regulatory licenses, permits and approvals required to operate our business it may have a material adverse effect on our business.

We require various statutory and regulatory licenses, registrations and approvals to operate our business. Many of these approvals are granted for fixed periods of time and need renewal from time to time. Non-renewal of the said permits and licenses would adversely affect our Company's operations, thereby having a material adverse effect on our business, results of operations and financial condition. While we have obtained the key consents, licenses and approvals that are material for carrying on our current business, we are in the process of updating, renewing or obtaining the remaining registrations and certificates. We have applied for Fire NOC for manufacturing unit. There can be no assurance that the relevant authorities will issue these approvals or licenses in a timely manner, or at all. In the event of any unanticipated delay in receipt of such approvals, it will have an adverse impact on our business operations. For further details, see "Government and other Approvals- Approvals or licenses applied but not received" beginning on page 265 of this Draft Red Herring Prospectus.

Failure by us to renew, maintain or obtain the required permits or approvals at the requisite time may result in the interruption of our operations and may have an adverse effect on our business, financial condition and results of operations. Further, we cannot assure that the approvals, licenses, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. In the event that we are unable to obtain such approvals in a timely manner or at all, our business operations may be adversely affected.

We are governed by various laws and regulations for our business and operations. We are required and will continue to be required, to obtain and hold relevant licenses, approvals and permits at state and central government levels for doing our business. The approvals, licenses, registrations and permits obtained by us may contain conditions. Further we will need to apply for renewal of other approvals, licenses, registrations and permits which expire. Though we have obtained a significant number of approvals, licenses, registrations and permits from the relevant authorities there can be no assurance that the relevant authority will continue to issue an approval or renew expired approvals within the applicable time period or at all. Any delay in receipt or non-receipt of such approvals, licenses, registrations and permits could result in cost and time overrun or which could affect our related operations.

These laws and regulations governing us are increasingly becoming stringent and may in the future create substantial compliance or liabilities and costs. While we endeavour to comply with applicable regulatory requirements, it is possible that such compliance measures may restrict our business and operations, result in increased cost and onerous compliance measures, and an inability to comply with such regulatory requirements may attract penalties. For further details regarding the material approvals, licenses, registrations and permits, see "Government and Other Approvals" on page 282 of this Draft Red Herring Prospectus.

Furthermore, we cannot assure that the approvals, licenses, registrations and permits issued to us will not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any suspension or revocation of any of the approvals, licenses, registrations and permits that have been or may be issued to us may affect our business and results of operations.

We have updated the typographical error in the heading of RF-53 by removing investment in our subsidiary and the Risk Factor is updated as follows:

53) Our Company proposes to utilize the Net Proceeds of the Issue towards the objects described in the chapter titled "Objects of the Issue". The deployment of such proceeds is subject to various risks, including risks relating to repayment of borrowings, funding of working capital requirements and utilization of funds for general corporate purposes. Any failure to effectively utilize the Net Proceeds or to derive the intended benefits from such utilization may have an adverse effect on our business, financial condition, cash flows and results of operations.

The implementation and execution of our objects are subject to certain risks and uncertainties, including risks associated with procurement and installation of machinery, repayment of borrowings, deployment of working capital and utilization of funds for general corporate purposes. Any delay, cost overrun, inability to effectively utilize the proceeds or failure to derive the anticipated benefits from such utilization may adversely affect our business, financial condition, cash flows and results of operations. The details of the proposed utilization of Net Proceeds and the associated risks are set out below:

(Rs. In Lakh)

S. No	Object	Amount	Risk Associated to Object
1	Purchase and installation of plant and machinery for manufacturing of Printed Mono-Cartons, Rolls, Labels, Stickers, etc. at the Existing Premises (Factory at Plot No. E-410, Rasalpur Sanand GIDC-2, Ahmedabad, Gujarat-382170)	1,584.63	Purchase of Machinery is subject to various risks, including delay in procurement, installation and commissioning, cost overruns, technical or compatibility issues with existing infrastructure, disruption in ongoing operations during installation, and failure to achieve the expected capacity utilisation.
2	Repayment/pre-payment, in full or part, of certain borrowings availed by our Company	282.22	Repayment of borrowings may not materially improve profitability or cash flows as it does not directly contribute to revenue generation. The actual benefit depends on interest cost savings, prepayment charges, if any, and future borrowing requirements. The Company may continue to have outstanding indebtedness or may incur additional borrowings in the future.
3	Funding of working capital requirement	475.00	Utilization of funds for working capital may not result in commensurate growth. Working capital requirements and deployment may vary due to changes in business conditions, customer demand, inventory cycles and credit terms.
4	General corporate purposes	To be finalized upon determination of the Offer Price and the amount shall not exceed 15% of the amount being raised by our Company or ₹10 crores, whichever is less.	The use of funds for general corporate purposes is subject to management discretion. Such deployment may not yield immediate or quantifiable benefits and may not enhance shareholder value.

*For further details of the object please refer the chapter titled “Objects of the Issue” beginning on page no. **Error! Bookmark not defined.** of this Draft Red Herring Prospectus.*

New Risk Factor has been incorporated in the Risk Factors section related to major increase of amount in Advances to Supplier as follows:

54) A significant portion of our other current assets comprises advances to suppliers and any delay in recovery or adjustment of such advances may adversely affect our cash flows and financial condition.

Our other current assets increased from Rs. 110.01 Lakhs as at March 31, 2025 to Rs. 602.09 Lakhs as at January 31, 2026, primarily due to a substantial increase in advances to suppliers, which stood at Rs. 545.13 Lakhs as at January 31, 2026.

Such advances are generally provided in the ordinary course of business for procurement of raw materials, machinery and other operational requirements. Any delay in supply of goods, failure by suppliers to perform their obligations, disputes, cancellation of orders or inability to recover such advances may adversely affect our working capital, cash flows and business operations.

Although we regularly monitor such advances and deal with established suppliers, there can be no assurance that the advances paid will always be adjusted or recovered within the expected timelines. Any material non-recovery or delay in utilization of such advances may adversely affect our financial condition and results of operations.

New Risk Factor has been incorporated in the Risk Factors section related to major increase of amount in Advances to Supplier as follows:

55) We do not own the land on which our manufacturing facility is situated and any adverse development in relation to such leasehold property may adversely affect our business operations.

Our manufacturing facility located at Sanand Industrial Area, Ahmedabad is situated on land allotted by Gujarat Industrial Development Corporation (“GIDC”) under a long-term lease arrangement for a tenure of 99 years. Our rights over the said property are leasehold in nature and are subject to the terms and conditions stipulated in the lease agreement/allotment letter executed with GIDC and applicable regulations governing industrial plots allotted by GIDC.

Any non-compliance with the conditions of allotment or lease agreement, including usage restrictions, payment obligations, transfer restrictions or regulatory requirements prescribed by GIDC or applicable authorities, may result in penalties, cancellation, non-renewal, resumption of the plot or other adverse actions by the concerned authorities.

Further, since the property is not owned by us on a freehold basis, our ability to transfer, mortgage, assign or otherwise deal with the property may remain subject to prior approvals and conditions imposed by GIDC and applicable laws. Any disruption, dispute, termination or adverse development in relation to the leasehold rights over such manufacturing facility could adversely affect our manufacturing operations, business continuity, financial condition and results of operations.

New Risk Factor has been incorporated in the Risk Factors section as follows:

56) Major increase of amount in Advances to Supplier as follows: Any error, discrepancy, or omission in the statutory registers, records, or filings maintained by our Company may expose our Company to regulatory actions and penalties.

Our Company is required to maintain various statutory registers, records, and filings under applicable laws, including the Companies Act, 2013 and the rules made thereunder. Although our Company has undertaken a review of the relevant statutory registers and records for the purposes of the Issue, there can be no assurance that all historical records and filings are entirely free from clerical errors, inadvertent omissions, delays in updating entries, or inconsistencies. Any discrepancy identified by regulatory authorities, including the Registrar of Companies, SEBI, or the Stock Exchanges, may require our Company to undertake corrective actions, make revised or additional filings, pay additional fees or penalties, or comply with other regulatory requirements. Further, any adverse observations or actions by regulatory authorities in relation to maintenance of such statutory records may adversely affect the reputation, financial condition, and operations of our Company.

GENERAL INFORMATION

The section “General Information” beginning on page 77 of the Draft Red Herring Prospectus (DRHP) shall be read with the following updated information:

The detailed reason for resignation of each auditor will be updated in Changes In Statutory Auditors on page number 85 of General Information-

Name of Audit Firm	Period	Reason
M/s Sukrut Shah & Associates	July 25, 2025 - November 15, 2025	M/s Sukrut Shah & Associates was appointed as Statutory Auditor of the Company to fill the casual vacancy in the Extra Ordinary General Meeting (EOGM) and to hold office until the conclusion of the next Annual General Meeting. Subsequently, considering the ongoing IPO-related assignments and the increased compliance and reporting requirements of the Company, the audit firm expressed its inability to continue due to limitations in availability of dedicated resources and accordingly tendered its resignation.
M/s Shah & Patel	March 18, 2024 - June 24, 2025	M/s Shah & Patel was appointed as Statutory Auditor of the Company to fill the casual vacancy caused during the relevant period. Subsequently, owing to their pre-occupation with other professional assignments and internal resource constraints, the audit firm was not in a position to continue and effectively manage the audit responsibilities of the Company and therefore resigned before completion of their tenure.
M/s Shah Manek & Co	September 30, 2022 – February 15, 2024	M/s Shah Manek & Co was re-appointed as Statutory Auditor of the Company in the Annual General Meeting to hold office until the conclusion of the Annual General Meeting proposed to be held in the year 2027. However, due to internal restructuring, professional commitments and other administrative reasons, the audit firm conveyed its inability to continue devoting sufficient time and attention to the affairs and audit requirements of the Company and accordingly resigned from the position of Statutory Auditor.

The following will be updated in Expert Opinion on page number 81 of General Information-

The following is updated in Details of Promoter's Contribution Locked-in for Three Years on page number 107 of Capital Structure-

13. Details of Promoter's Contribution Locked-in for Three Years

In accordance with Regulation 236 and Regulation 238 of the SEBI ICDR Regulations, an aggregate of at-least 20% of the fully diluted post-issue capital equity share held by our Promoters shall be considered as promoter's contribution ("Promoter's Contribution") and locked in for a period of three years from the date of Allotment ("Minimum Promoter's Contribution") of Equity Shares issued pursuant to this issue and the shareholding of the Promoters in excess of 20% of the fully diluted post-Issue Equity Share capital of our Company shall be locked as follow from the date of Allotment.

1. 50% of the promoters holding in excess of the minimum promoter contribution shall be locked in for the period of 2 year from the date of allotment
2. Remaining 50% of the promoter holding in excess of minimum promoter contribution shall be locked in for the period of one year from the date of allotment.

Our Promoters shall give a written consent to include such number of Equity Shares held by them and subscribed by them as a part of Promoter's Contribution constituting 20% of the post Issue Equity Shares of our Company and has agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoter's Contribution, for a period of three years from the date of Allotment in the issue.

The details of the Equity Shares to be locked in for a period of three years, or such other period as prescribed under the SEBI ICDR Regulations from the date of Allotment as Promoter's Contribution are set forth in the table below:

Name of the Promoter	Number of Equity Shares locked-in	Date of allotment/transfer of Equity Shares	Nature of Transaction	Face value per Equity Share (₹)	Allotment/acquisition price per Equity Share (₹)	Percentage of pre-Issue paid up equity share capital	Percentage of post-Issue paid-up Equity Share capital (%)	Date up to which the Equity Shares are subject to lock in

The process followed by the company in determining the specific vendor for supply for machinery/ equipment is as follows:

For Individual Vendors / Proprietors

- Verification of Permanent Account Number (PAN)
- Verification of Aadhaar Card / identity proof
- Verification of GST Registration, wherever applicable

For Vendor Entities (Companies / LLPs / Firms)

- Verification of PAN and GST Registration details (if available)
- Review of publicly available records, including search on the website of the Ministry of Corporate Affairs (MCA), wherever applicable

- Collection of basic business details and contact information (if available)

The Company follows an internal process for finalising vendors for purchase of machinery and equipment. Based on operational requirements, quotations are obtained from different vendors and compared on the basis of technical specifications, pricing, quality, delivery timelines, technology features and after-sales service support.

After evaluation, the suitable vendor is selected by the management and necessary internal approvals are obtained in the meeting of Board of Directors dated March 31st, 2026.

(2) Capital Expenditure for Expansion of Manufacturing Capacity

Our Company has been engaged in the business of manufacturing of products for packaging solutions. We manufacture printed mono-cartons, roll foams, labels, stickers, etc. and we cater to diverse industries such as pharmaceuticals, food & beverages, garments, cosmetics, electronics, and automobiles, delivering customized packaging solutions designed to meet specific client requirements.

Our Company proposes to utilize a portion of the Net Proceeds towards purchase and installation of advanced machineries to expand its installed capacity by acquiring new machinery dedicated to scaling output volumes that will enable our Company to manufacture a higher quantity of packaging boxes, roll foams, labels, etc. The capacity expansion will allow us to cater to growing demand from existing clients while also tapping new industry segments and export markets. By increasing production capacity, our Company expects to achieve economies of scale, strengthen its market share and improve revenue visibility. The expansion is aligned with our Company's long-term growth strategy of becoming a leading integrated packaging solutions provider across diverse industries.

The present and proposed installed capacity is as follows:

Sr. No.	Products Category	Present Capacity (25-26) *	Proposed Expansion Capacity	FY 27-28 and onwards
1	Printed Mono-cartons (in sheets)	1216.67	1591.20	2807.87
2	Roll Foam, Label & Sticker (in sheets)	647.27	2016.00	2663.27
3	Others (in nos.)	887.68	0.00	887.68
4	Roll to Roll, Flexible Printing	0.00	0.00	22.5#

* Installed Capacity for FY 2025–26 has been computed for the full year by prorating the capacity for 12 months, after accounting for reduction in installed capacity due to sale of machinery on 31-01-2026.

Not being acquired from IPO Proceeds.

Accordingly, our Company proposes to utilise ₹ 1,386.86 lakhs out of the Net Proceeds of the Issue towards purchase of additional machinery required for the proposed expansion for the increase in production.

The details of the machineries proposed to be purchased by our Company are as follows:

(3) Capital Expenditures for Enhancement of Production

Our Company proposes to allocate part of the Issue proceeds towards the purchase of advanced packaging machinery designed to improve efficiency, precision, and sustainability in its operations. This includes high-speed die-cutting machines, automated lamination units, and digital printing equipment that will reduce manual intervention, minimize wastage, and enhance product consistency. By upgrading its technology base, we aim to strengthen quality assurance, improve turnaround times, and deliver customized packaging solutions that meet the stringent requirements of industries such as pharmaceuticals, food & beverages, garments, cosmetics, electronics, and automobiles. These investments are expected to lower operating costs, improve compliance with regulatory standards, and enhance our ability to innovate in packaging design.

Accordingly, our Company proposes to utilise ₹ 217.19 lakhs out of the Net Proceeds of the Issue towards investment in the Company for the purchase of additional machinery required for the proposed enhancement of the production facility.

The details of the machineries proposed to be purchased by our Company are as follows:

(4) Funding of working capital requirements

The operations of the company are expected to grow which will lead to additional working capital requirements. We fund a majority of our working capital requirements in the ordinary course of business from banks facilities and internal accruals. Our Company requires additional working capital for funding its working capital requirements and releasing the internal accruals deployed in working capital. Our Company proposes to utilize Rs. 475.00 lakhs of the Net Proceeds towards our Company's working capital requirements. The funding of the incremental working capital requirements will lead to a consequent increase in our profitability, ability to utilize internal accruals for growth opportunities and achieving the proposed targets as per our business plan. The incremental and proposed working capital requirements and key assumptions with respect to the determination of the same based on Restated Standalone Financial Statements are mentioned below:

Details of existing working capital requirement of the Company are as follows:

Justification for “Holding period” levels

Current Assets	
Inventories	Holding the right level of inventory is crucial for maintaining smooth production operations and minimizing costs. In FY 2022-23 the inventory holding period was 23 days which rose to 64 days in FY 2023-24. However, for FY 2024-25 the holding level of Inventory further increased to 155 days. The rise is primarily attributable to scale-up in operations, stocking of critical inputs, and alignment with anticipated demand. It is projected that inventory holding period to be maintained at 99 days in FY 2025-26, 93 days in FY 2026-27 and 90 days in FY 2027-28 aligning with the Company’s operational cycle and industry benchmarks. The projected inventory holding period is expected to improve due to better inventory planning, optimized procurement cycles, and improved demand forecasting as the scale of operations increases.
Trade Receivables	Holding the right level of trade receivables is vital for managing a company’s cash flow and ensuring financial stability. The holding period of trade receivables for FY 2022-23 was 191 days which improved to 120 days in FY 2023-24 and 103 days in FY 2024-25. It is projected that receivables holding period to be maintained at 59 days, 95 days and 94 days for FY 2025-26, FY 2026-27 and FY 2027-28 respectively. The projected trade receivables days aimed at fostering higher sales growth. With additional working capital facilities, we intend to provide our customers with credit periods, allowing them time to settle their invoices. By offering this flexibility, we expect to stimulate increased sales volume and foster stronger customer relationships.
Current Liabilities	
Trade Payables	Trade payables represent credit extended by suppliers and form a key component of working capital management. Holding the right level of trade payables is essential for managing a company's working capital and maintaining cordial supplier relationships. The trade payables holding period was 253 days and 166 days in FY 2022-23 and FY 2023-24 respectively and slightly increased to 176 days in FY 2024-25 reflecting renegotiation of supplier terms and operational adjustments. It is further projected that creditors holding period will further improve to 51 days, 52 days and 48 days for FY 2025-26, FY 2026-27 and FY 2027-28 respectively, in order to gain the better terms and improve profitability. By reducing the time, it takes to settle our payables, we aim to negotiate more favorable terms and conditions with our suppliers, enabling us to access competitive pricing for the raw materials we procure. Timely settlements not only solidify our long-term relationships with suppliers but also ensure the continuity of our supply chain.

**Pursuant to the certificate dated May 30, 2026 issued by the Statutory Auditor M/s VSSB & Associates, Chartered Accountant, UDIN 26109944BIZONR7650 and June 11, 2026, issued by the Statutory Auditor M/s VSSB & Associates, Chartered Accountant, UDIN 26109944YKOPVR9191.*

Linkage of assumptions for holding periods (inventory, receivables, payables) with projected sales growth and business plan and explanation that working capital increase is commensurate with growth in operations and trading segment expansion are as follows:

Particulars	January 2026 (Restated)	Fiscal 2025 (Restated)	Fiscal 2024 (Restated)	Fiscal 2023 (Restated)
Sale of Manufacturing Items	2,292.61	2,392.03	1,692.32	1,291.69
Trading of Machineries	491.29	-	-	-
Other Operating Income*	1.63	3.89	1.01	0.02
Total Revenue	2,785.53	2,395.92	1,693.33	1,291.71
Total Inventories (in Days)	162	155	64	23
Sale of Manufacturing Items	133	155	64	23
Trading of Machineries	29	-	-	-

During Fiscal 2025, Fiscal 2024 and Fiscal 2023, the Company's revenue was primarily derived from the sale of manufacturing items and there was no trading activity in machineries during such periods. Accordingly, the entire inventory holding period of 155 days, 64 days and 23 days for Fiscal 2025, Fiscal 2024 and Fiscal 2023, respectively, has been attributed to the manufacturing segment.

The trading of machineries vertical commenced operations during the period ended January 31, 2026 and accordingly separate inventory holding period of 29 days has been considered for such vertical for the said period.

Justification for Projected Growth and Working Capital

The Company's projected growth is reasonable, achievable and supported by operational and financial fundamentals. It is based on consistent past performance, planned expansion, and improvements in efficiency.

The Company has demonstrated a strong track record of growth, which provides a reliable base for future projections. Going forward, growth is expected to be primarily driven by increase in installed capacity, better capacity utilization, and expansion across product segments such as mono-cartons, labels and flexible printing. The Company is also expanding its product portfolio and scaling up operations, which will diversify revenue streams and reduce dependence on any single segment.

The projected growth is further supported by realistic demand assumptions, including repeat business from existing customers, addition of new customers, and overall industry growth in the packaging and printing sector. The Company operates on a continuous supply and repeat-order model, supported by long-standing customer relationships, ensuring steady demand and revenue visibility.

In addition, the Company benefits from operating leverage and economies of scale, as higher production volumes lead to better cost absorption and improved profitability. The availability of adequate working capital arrangements and efficient management of receivables and inventory cycles further supports the planned scale-up in operations.

The Company's growth strategy also includes diversification into trading activities, which provides an additional revenue stream with relatively lower capital intensity. Along with expansion in manufacturing operations, improved capacity utilization, and broader product offerings, this supports sustained business growth.

The increase in working capital requirement is directly linked to expansion in business operations and higher transaction volumes. The requirement is primarily driven by growth in receivables, inventory levels, and advances to suppliers, which are necessary to support increased scale of operations. The trading segment also contributes to higher working capital needs due to its business nature.

The working capital assumptions are based on past trends, industry practices, and a stable operating cycle, with receivables, inventory, and payables maintained within reasonable and industry-aligned levels. While absolute levels increase with scale, the underlying assumptions remain moderate and consistent.

Fluctuations in receivables and payables ratios are explained by changes in business scale, improved collection efficiency, timing differences, and evolving business mix, including the impact of trading activities. Overall, trends indicate improved operational efficiency, better credit control, and reduced reliance on supplier credit over time.

The Company has adequate working capital limits and expects to maintain sufficient liquidity to support increased operations. Further, the projections are not solely dependent on the current order book but are also supported by repeat orders, ongoing customer relationships, and expected industry demand.

There are no directly comparable listed companies due to the distinct nature of the Company's operations and business model. Accordingly, projections are internally derived based on business fundamentals rather than external benchmarking.

Overall, the projections are supported by well-defined strategic initiatives, operational improvements, and prudent financial assumptions, making the projected growth trajectory realistic and sustainable.

SECTION VII: ISSUE RELATED INFORMATION

TERMS OF THE ISSUE

Migration to Main Board

As per the provisions of the Chapter IX of the SEBI (ICDR) Regulation, 2018 read with SEBI ICDR (Amendment) Regulations, 2025 to the extent applicable, our Company may migrate to the main board of BSE from the BSE SME Exchange on a later date subject to the following:

As per Regulation 280(2) of the SEBI ICDR Regulation, 2018 read along with SEBI ICDR (Amendment) Regulations, 2025, Where the post-issue paid up capital of the Company listed on a BSE SME is likely to increase beyond twenty-five crore rupees by virtue of any further issue of capital by the Company by way of rights issue, preferential issue, bonus issue, etc. the Company shall migrate its equity shares listed on BSE SME to the Main Board and seek listing of the equity shares proposed to be issued on the Main Board subject to the fulfilment of the eligibility criteria for listing of equity shares laid down by the Main Board:

Provided that no further issue of capital shall be made unless –

- the shareholders have approved the migration by passing a special resolution through postal ballot wherein the votes cast by shareholders other than promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal;
- the Company has obtained an in-principle approval from the Main Board for listing of its entire specified securities on it.

Provided further that where the post-issue paid-up capital pursuant to further issue of capital including by way of rights issue, preferential issue, bonus issue, is likely to increase beyond ₹25 crores, the Company may undertake further issuance of capital without migration from SME exchange to the main board, subject to the undertaking to comply with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as applicable to companies listed on the main board of the stock exchange(s).”

OR

If the Paid-up Capital of the company is more than ₹10 crores but below ₹25 crores, we may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

Any company voluntarily desiring to migrate to the BSE Main board from the SME Platform of BSE Limited (“BSE SME”), amongst others, has to fulfill following conditions:

Parameter	Migration policy from BSE SME Platform to BSE Main Board
Paid up Capital	Atleast Rs. 10 crores.
Market Capitalisation	Average of 6 months market cap Migration: ₹ 100 crores Direct listing: ₹1000 crores Note: For this purpose, the average market capitalisation shall be calculated by dividing the aggregate of daily market capitalisation on the days the scrip has traded by the total number of trading days during the said 6-month period.

Market Liquidity	• At least 5% of the weighted average number of equity shares listed should have been traded during the said six-month period. • The scrip should have been traded on at least 80% of the trading days during the six-month period. • There should be a minimum average daily turnover of ₹10 lakhs and a minimum daily turnover of ₹5 lakhs during the six-month period. • There should be a minimum average of 50 daily trades with at least 25 daily trades during the said six-month period. For the purpose of calculating the average daily turnover and the average number of daily trades, the aggregate of daily turnover and daily trades on the days the scrip has traded shall be divided by the total number of trading days, respectively, during the six-month period.
Financial Parameters	Operating Profit (EBIDTA): The company should have an average operating profit of ₹15 crores on a restated consolidated basis during the preceding three financial years of 12 months each, with positive operating profit in each of these three years and a minimum operating profit of ₹10 crores in each year. In case of name change within the last one year, at least 50% per cent. of the revenue, calculated on a restated and consolidated basis, for the preceding one full year has been earned by it from the activity indicated by its new name. Net worth: The company should have a minimum net worth of ₹ 1 crore in each of the preceding three full financial years of twelve months each, calculated on a restated and consolidated basis. Net Tangible Assets: The company should have a minimum of ₹3 crores in net tangible assets, on a restated and consolidated basis, in each of the preceding three full financial years of twelve months each, of which not more than fifty percent should be held in monetary assets; provided that if more than fifty percent of the net tangible assets are held in monetary assets, the company must have either utilised or made firm commitments to utilise such excess monetary assets in its business or project.
Promoter Holding	Promoter(s) shall be holding at least 20% of equity share capital of the company at the time of making application *For this purpose, shareholding of promoter group may also be considered for any shortfall in meeting the said requirement. Not applicable to companies that have sought listing through IPO, without identifiable promoters
Lock In of promoter/promoter group shares	6 months from the date of listing on the BSE. Not applicable to SME companies migrating to main board.
Regulatory action	- No SEBI debarment orders should be continuing against the company, its promoters, promoter group, or directors, or against any other company in which they are promoters or directors. - The company or any of its promoters or directors should not be a wilful defaulter or a fraudulent borrower. - None of the promoters or directors should be declared as fugitive economic offenders.

	- The company should not be admitted by NCLT for winding up or under IBC pursuant to CIRP. - The company should not have been suspended from trading for non-compliance with SEBI (LODR) Regulations or for reasons other than procedural grounds during the last twelve months
Promoter shareholding to be in Demat	100% of Promoters shareholding must be in demat form
Track record of the company in terms of listing regulatory actions, etc	The applicant company is listed on SME Exchange/ Platform having nationwide terminals for atleast 3 years.
Public Shareholder	The company should have a minimum of 1,000 public shareholders as per the latest shareholding pattern.
Compliance with SEBI LODR Regulations	The company should have a track record of at least three years with no pending non-compliance at the time of making the application.
Other Parameters	• There should be no pending defaults with respect to bonds, debt instruments, or fixed deposits by the company, its promoters, promoter group, promoting company(ies), or subsidiary companies. • A certificate should be obtained from a Credit Rating Agency (CRA) regarding the utilisation of IPO proceeds and further issues post listing on SME. • The company should not be under any surveillance measures or actions such as “ESM”, “ASM”, “GSM category” or T-to-T (for surveillance reasons) at the time of filing the application. A cooling-off period of two months should be observed from the date the security has come out of the T-to-T category or from the date of graded surveillance action/measure.
Scores ID	The company should have no pending investor complaints on SCORES (SEBI Complaints Redress System) at the time of making the application.
Business Consistency	The company should be engaged in the same line of business for at least 3 years, with at least 50% of the revenue from operations derived from such continued business activity.
Audit Qualification	The company should have no audit qualification with respect to going concern or any material financial implication, and no such audit qualification should be continuing at the time of making the application.

Notes

- Net worth definition to be considered as per definition in SEBI ICDR.
- Company is required to submit Information Memorandum to the Exchange as prescribed in SEBI (ICDR) Regulations.
- The application submitted to the Exchange for listing and mere fulfilling the eligibility criteria does not amount to grant of approval for listing.
- If the documents and clarification received from the applicant company are not to the satisfaction of BSE, BSE has the right to close the application at any point of time without giving any reason thereof. Thereafter, the company can make fresh application as per the extant norms.
- The Exchange may reject application at any stage if the information submitted to the Exchange is found to be incomplete/ incorrect/ misleading/ false or for any contravention of Rules, Bye-laws and Regulations of the

Exchange, Guidelines/ Regulations issued by statutory authorities or for any reason in the interest of Investors and market integrity. The Exchange may also reject the application if the company is found not fulfilling internal BSE standards.

- Companies that have approached for listing on any stock exchange and has been denied listing for any reason whatsoever or has chosen to withdraw its application from the Exchange, they may reapply for listing after a minimum period of 6 months (6 months after date of rejection/ withdrawal). If rejected for a second time, the company would not be eligible to apply again.
- BSE decision w.r.t admission of securities for listing and trading is final.
- BSE has the right to change/ modify/ delete any or all the above norms without giving any prior intimation to the company.
- The companies are required to submit documents and comply with the extant norms.
- The company shall use BSE's reference regarding listing only after the Exchange grants its in-principle listing approval to the company.

Unless stated otherwise, industry data used throughout this Draft Red Herring Prospectus has been obtained or derived from publicly available information and sources. Industry publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed, and their reliability cannot be assured. Although our Company believes that industry data used in this Draft Red Herring Prospectus is reliable, it has not been independently verified.

Further, the extent to which the industry and market data presented in the Draft Red Herring Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources. The data used in these sources may have been reclassified by us for the purposes of presentation. Accordingly, no investment decision should be made solely on the basis of such information. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those disclosed in chapter titled ***“Risk Factors”*** beginning from page 28 of this Draft Red Herring Prospectus.

CURRENCY AND UNITS OF PRESENTATION

All references to ***“Rupees”*** or ***“₹”*** or ***“Rs.”*** or ***“INR”*** are to Indian Rupees, the official currency of the Republic of India. All references to ***“\$”***, ***“US\$”***, ***“U.S. Dollar”***, ***“USD”*** or ***“U.S. Dollars”*** are to United States Dollars, the official currency of the United States of America. In this Draft Red Herring Prospectus, all references to ‘lakhs’/ ‘Lac’, the word ‘Lacs / Lakhs / Lac’ means ‘one hundred thousand’ and ‘Crore’ means ‘ten million’ and ‘billion / bn. / Billions’ means ‘one hundred crores’.

Our Company has presented certain numerical information in this Draft Red Herring Prospectus in “Lakhs” units. One Lakh represents 1,00,000. In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places.

Any percentage amounts, as set forth in ***“Risk Factors”, “Our Business”, “Management's Discussion and Analysis of Financial Position and Results of Operations”*** beginning on pages 28, 160 and 246 and elsewhere in this Draft Red Herring Prospectus, unless otherwise indicated, have been calculated based on our financial statements as restated prepared in accordance with Indian GAAP.

EXCHANGE RATES

This Draft Red Herring Prospectus may contain conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate, or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Currency	As on January 31, 2026	Financial Year Ended		
		March 31, 2025	March 31, 2024	March 31, 2023
1 USD*	91.90	85.58	83.37	82.22

** If the RBI reference rate is not available on a particular date due to a public holiday or any other reason, the exchange rate of the previously available working day has been disclosed.*

Note: Exchange rate is rounded off to two decimal places.

FORWARD LOOKING STATEMENTS

This Draft Red Herring Prospectus contains certain statements which are not statements of historical fact and may be described as “forward-looking statements”. These forward-looking statements include statements which can generally be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “likely to”, “objective”, “plan”, “propose”, “project”, “will”, “will continue”, “seek to”, “will pursue”, or other words or phrases of similar import. Similarly, statements that describe our Company’s strategies, objectives, plans or goals are also forward-looking statements.

These forward-looking statements, whether made by us or a third-party, are based on our current plans, estimates, presumptions and expectations and actual results may differ materially from those suggested by such forward-looking statements. All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

This may be due to risks or uncertainties or assumptions associated with the expectations with respect to, but not limited to, regulatory changes pertaining to the industry in which our Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in the industry and incidence of any natural calamities and/or acts of violence.

Certain important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

- a) A reduction in the demand for our goods which we supply;
- b) Loss of one or more of our key customers and/or suppliers;
- c) Any increase in the productivity and overall efficiency of our competitors;
- d) Any adverse change in the regulations governing our industry;
- e) Any adverse development that may affect the distribution work of our products;
- f) Any qualifications or other observations made by our future statutory auditors which may affect our results of operations;
- g) General economic and business conditions in the markets in which we operate and in the local, regional and national economies;
- h) Changes in technology and our ability to manage any disruption or failure of our technology systems;
- i) Our ability to attract and retain qualified personnel;
- j) Our ability to successfully execute our expansion strategy in a timely manner or at all;
- k) Changes in political and social conditions in India or in countries that we may enter, the monetary and interest rate policies of India and other countries, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
- l) The performance of the financial markets in India and globally;
- m) A downturn in the utility of our products to the industries we cater to;
- n) Conflict of interest with our Promoters, Promoter Group, Group Companies, Subsidiary and other related parties;
- o) Inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals or noncompliance with and changes in, safety, health and environmental laws and other applicable regulations, may adversely affect our business, financial condition, results of operations and prospects.
- p) Any adverse outcome in the legal proceedings in which we may be involved;
- q) Occurrences of natural disasters or calamities affecting the areas in which we have operations or any other market fluctuations and industry dynamics beyond our control;
- r) Our ability to compete effectively, particularly in new markets;
- s) Changes in foreign exchange rates or other rates or prices;
- t) Inability to collect our dues and receivables from, our customers, our results of operations;
- u) Termination of customer contracts without cause and with no notice;
- v) Our ability to manage risks that arise from these factors;
- w) Other factors beyond our control.

For a further discussion of factors that could cause our actual results to differ from our expectations, see section titled “**Risk Factors**” and chapter titled “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” beginning on pages 28, 160 and 246 respectively. By their nature, certain market risk disclosures are only estimating and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated and are not a guarantee of future performance.

Forward-looking statements reflect the current views of our Company as on the date of this Draft Red Herring Prospectus and are not a guarantee of future performance. These statements are based on the management’s belief and assumptions, which in turn are based on currently available information. Although our assumptions upon which these forward- looking statements are based are reasonable, any of these assumptions as well as statements based on them could prove to be inaccurate. Neither our Company, our Promoters, our Directors, the BRLM or underwriter, nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with the SEBI ICDR Regulations, our Company and the Book Running Lead Manager will ensure that the investors in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange.

SECTION II - RISK FACTORS

*An investment in equity shares involves a high degree of risk. The investors should carefully consider all the information in the Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in the Equity Shares. The risks described below are not the only ones relevant to us or our Equity Shares but also to the industry in which we operate or to India and other jurisdictions, in which we operate. Additional risks and uncertainties, not currently known to us or that we currently do not deem material may also adversely affect our business, results of operations, cash flows, and financial condition. If any of the following risks, or other risks that are not currently known or are not currently deemed material, actually occur, our business, results of operations, cash flows, and financial condition could be adversely affected, the price of our Equity Shares could decline, and investors may lose all or part of their investment. In order to obtain a complete understanding of our Company and our business, prospective investors should read this section in conjunction with chapters titled “**Industry Overview**”, “**Our Business**”, “**Restated Financial Information**” and “**Management’s Discussion and Analysis of Financial Conditions and Results of Operations**” beginning on pages 145, 160, 242 and 246 respectively, as well as the other financial and statistical information contained in this Draft Red Herring Prospectus. In making an investment decision, prospective investors must rely on their examination of us and our business and the terms of the Issue including the merits and risks involved.*

Prospective investors should consult their tax, financial and legal advisors about the particular consequences of investing in the Offer. Unless specified or quantified in the relevant risk factors below, we are unable to quantify the financial or other impact of any of the risks described in this section. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to a legal and regulatory environment, which may differ in certain respects from that of other countries.

*This Draft Red Herring Prospectus also contains certain forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ from those anticipated in these forward- looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. For further information, see chapter titled “**Forward Looking Statements**” beginning on page 26. Unless otherwise indicated, the financial information included herein is based on our Restated Standalone Financial Statements included in this Draft Red Herring Prospectus. For further information, see chapter titled “**Restated Financial Information**” beginning on page 242.*

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- Some risks may not be material individually but may be material when considered collectively.
- Some risks may have material impact qualitatively instead of quantitatively.
- Some risks may not be material at present but may have a material impact in the future.

Note:

The risk factors as envisaged by the management along with the proposals to address the risk if any. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks described in this section.

*In this Draft Red Herring Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in “Risk Factors” on page 27 and “**Management Discussion and Analysis of Financial Condition and Results of Operations**” on page 246 of this Draft Red Herring Prospectus unless otherwise indicated, has been calculated on the basis of the amount disclosed in the “Restated Financial Statements”.*

INTERNAL RISK RELATED TO OUR BUSINESS

1. ***A majority of our revenue from operations is from our top 10 customers (which accounted for 54.72%, 46.10%, 47.45% and 45.71% of our revenue from operations for the period ended January 31, 2026, and Fiscal Year ended March 31, 2025, March 31, 2024 and March 31, 2023). Additionally, a significant portion of our revenue from operations is derived from our existing customers. Loss of any such customers or reduction in business or demand from such customers will have a significant adverse impact on our business and results of operation.***

We derive a significant portion of our revenue from sale of products from our top 10 customers. The table below sets forth our revenue from our top 10 customers as a percentage of our revenue from operations for the period / year indicated:

(Rs. In lakhs)

Particulars	Period Ended January 31, 2026		FY 2024-25		FY 2023-24		FY 2022-23	
	Amount in Lakhs	% of Total Sales	Amount in Lakhs	% of Total Sales	Amount in Lakhs	% of Total Sales	Amount in Lakhs	% of Total Sales
Top-1	510.36	18.32%	321.72	13.43%	189.37	11.18%	117.38	9.09%
Top-3	1041.33	37.38%	666.07	27.80%	435.85	25.74%	285.09	22.08%
Top-5	1275.17	45.77%	871.94	36.39%	629.17	37.15%	399.21	30.92%
Top-10	1,524.17	54.72%	1,104.60	46.10%	803.43	47.45%	590.41	45.71%

Loss of all or a substantial portion of sales to any of our top 10 customers for any reason, including, due to limitation to meet any change in quality specification, change in technology, disputes with customers, adverse change in the business and financial condition of such customers, including due to possible bankruptcy or liquidation or other financial hardship, merger or decline in their sales, reduced or delayed customer requirements, plant shutdowns, labor strikes or other work stoppages affecting production by such customers, and/or, continued reduction of prices to these customers or any adverse changes to the government policies, could have an adverse impact on our business, results of operations, financial condition and cash flow. Although we have not faced any significant loss of customers for the period ended January 31, 2026, and Fiscal Year ended March 31, 2025, March 31, 2024 and March 31, 2023, there can be no assurance that we will not lose all or a portion of our business generated by the customers. We may continue to remain dependent upon our key customers for a substantial portion of our revenues. Further, the deterioration of the financial condition or business prospects of these customers could reduce their requirement of our products and result in a significant decrease in the revenues we derive from these customers. In the event of our failure to retain one or more of our key customers, it will have an adverse effect on our financial performance and result of operations.

We do not have any long-term contracts with our customers. Due to this dependence of repeat business from our existing customers and lack of firm contracts, we are exposed to risks associated with any decline in customer continuity. Although no individual customer accounts to more than 20.00% of our Company's revenue from operations during the period ending January 31, 2026 and Fiscals 2025, 2024 and 2023, the overall business remains sensitive to changes in the behavior of its recurring customer base.

There have been no material instances of default or termination by our key customers in the period ended January 31, 2026 and past three financial years ended on March 31, 2025, March 31, 2024, and March 31, 2023. However, there can be no assurance that similar stability will continue in the future. Any such event could adversely affect our revenue visibility and long-term business sustainability.

2. ***Our Company is dependent on limited number of suppliers for significant portion of its purchases, and any disruption in this relationship could adversely affect our business, results of operations and financial condition.***

Our Company procures raw materials required for manufacturing packaging products such as paper and paperboard, inks, adhesives, films and other consumables from third-party suppliers and also sources certain products and equipment from external suppliers for its trading operations. A significant portion of our purchases is concentrated among a limited number of suppliers, including a single supplier. Our purchase orders are generally placed on a

requirement basis and are not governed by long-term supply agreements. Accordingly, we are exposed to risks associated with supplier concentration and supply continuity.

The break-up of the top 10 suppliers of our Company as per Restated Standalone Financial Statement for the period ended January 31, 2026, Fiscal 2025, Fiscal 2024 and Fiscal 2023 is set out below:

(Rs. in Lakhs)

Particulars	Period Ended January 31, 2026		FY 2024-25		FY 2023-24		FY 2022-23	
	Amount in Lakhs	% of Total Purchase	Amount in Lakhs	% of Total Purchase	Amount in Lakhs	% of Total Purchase	Amount in Lakhs	% of Total Purchase
Top-1	401.16	22.37%	280.34	17.43%	157.49	15.29%	229.95	31.86%
Top-3	875.07	48.79%	708.62	44.06%	365.68	35.51%	434.09	60.14%
Top-5	1048.97	58.48%	923.41	57.42%	553.23	53.72%	520.42	72.10%
Top-10	1,335.44	74.46%	1,305.69	81.19%	842.55	81.82%	611.20	84.68%

Historically, our purchases have been significantly dependent on our top supplier. Purchases from our top ten supplier constituted 84.68% in FY 2022–23, 81.82% in FY 2023–24, 81.19% in FY 2024–25 and 74.46% for the period ended January 31, 2026 of our total purchases. Further, purchases from the top five suppliers constituted 72.10%, 53.72%, 57.42% and 58.48%, respectively, during the same periods. Such concentration exposes us to risks associated with any disruption, delay or termination of supply arrangements with these suppliers.

Any delay, disruption or failure by our suppliers to supply raw materials or products in a timely manner, or on commercially acceptable terms, could adversely affect our manufacturing operations, inventory planning and ability to fulfil customer orders. Such disruptions may arise due to suppliers' operational constraints, capacity limitations, changes in pricing policies, financial instability, regulatory restrictions, logistical challenges, geopolitical developments, or other unforeseen circumstances beyond our control. In addition, our dependence on a limited number of suppliers may limit our bargaining power with respect to pricing, credit terms and supply priority during periods of high demand or supply shortages.

Further, our Company diversified into the trading of printing machinery through a Sales Agency Agreement with Hebei Wanjie Machinery Technology Co. Ltd., China, pursuant to which we import and sell printing machines exclusively in India, Thailand, Sri Lanka and Bangladesh. Our ability to continue this trading business is dependent on the continuity of supply and the ongoing commercial relationship with this overseas supplier. Any disruption, termination, non-renewal of the agreement, change in commercial terms, regulatory restrictions on imports, geopolitical developments, or deterioration in our relationship with this supplier could adversely impact our trading operations.

Although we may attempt to identify and engage alternative suppliers for manufacturing sector, we may not be able to do so in a timely manner or on comparable commercial terms, quality standards or timelines. Any inability to maintain relationships with our existing suppliers or successfully diversify our supplier base could have a material adverse effect on our business, results of operations, cash flows and financial condition.

As of the date of this Draft Red Herring Prospectus, we have not experienced any material disruption in supply from our suppliers. However, there can be no assurance that such disruptions will not occur in the future.

3. **Any disruptions to the supply, or increases in the pricing, of the raw materials and finished products that we procure, may adversely affect the supply and pricing of our products and, in turn, adversely affect our business,**

cash flows, financial condition and results of operations.

Raw materials price volatility caused by various factors such as the quality and availability of supply, consumer demand, changes in government programs and regulatory sanctions. Our suppliers may be unable to provide us with sufficient quantity of our raw materials at a suitable price for us to meet the demand for our products. The prices and supply levels of raw materials are dependent on factors, which are not in our control such as general economic conditions, competition, production levels and transportation costs.

Any increase in raw material prices of prices of finished products may affect our procurement of raw materials and will result in corresponding increases in our product costs, while the increase in the selling price of the finished products may not be in proportionate to the increase in raw material price. Such change in pricing may adversely affect our sales, cash flow and our overall profitability.

(Rs. in Lakhs)

Particular	Period Ended January 31, 2026		FY 2024-25		FY 2023-24		FY2022-23	
	Amount (Rs. In lakhs)	% of revenue	Amount (Rs. In lakhs)	% of revenue	Amount (Rs. In lakhs)	% of revenue	Amount (Rs. In lakhs)	% of revenue
Raw material consumed	1,514.32	54.36	1,252.25	52.27	1,025.13	60.54	772.04	59.77
Revenue from Operations	2,785.53	100.00	2,395.92	100.00	1,693.33	100.00	1,291.71	100.00

If we are unable to manage these costs or increase the prices of our products to offset these increased costs, our margins, cash flows and our profitability may be adversely affected.

4. We do not have long-term supply agreements with our suppliers, which may expose us to risks relating to raw material availability, price volatility and may adversely affect our business, operations and profitability.

We do not have long-term contractual arrangements with our suppliers for the procurement of key raw materials, consumables and other inputs required for our manufacturing operations. Although we may, from time to time, enter into short-term or rate-based arrangements with certain suppliers, there can be no assurance that such arrangements will be renewed or continued on favourable terms, or at all.

In the absence of long-term supply agreements, we are exposed to risks relating to fluctuations in raw material prices, variations in availability, changes in supplier pricing policies and potential delays in procurement. Any inability to procure raw materials and other inputs in a timely manner or at competitive prices may disrupt our production schedules, increase operating costs, adversely affect our margins and profitability, and impact our ability to meet customer requirements and delivery timelines.

Further, reliance on spot purchases or short-term arrangements may limit our ability to effectively plan inventory levels and manage working capital. Any sustained disruption in supplier relationships, adverse market conditions or inability to identify alternative sources of supply on commercially acceptable terms could materially and adversely affect our business operations, financial condition, cash flows and results of operations.

While we have not experienced any material shortage of raw materials during the last three financial years and the current reporting period, there can be no assurance that we will continue to be able to procure raw materials in sufficient quantities, at commercially acceptable prices, or at all. Further, we may not be able to pass on any increase in raw material costs to our customers, which may adversely affect our margins and profitability.

5. Our Company is dependent on an exclusive distribution arrangement for the trading and sale of printing machinery, which exposes us to concentration risks.

Our Company's trading operations in printing machinery are significantly dependent on an exclusive sales agency arrangement with Hebei Wanjie Machinery Technology Co. Ltd., a company incorporated in the People's Republic of China in 2006 and engaged in the business of manufacturing printing machinery and related equipment. As per D&B Report, the said entity has an established operating track record, with operations spanning over 19 years and a reported turnover of approximately RMB 111,579 thousand in FY 2024, along with a stable financial and credit profile.

Pursuant to the sales agency agreement dated November 30, 2023, we are authorized to market and sell specified products of the overseas supplier in India, Thailand, Sri Lanka and Bangladesh. The agreement is valid until December 1, 2032, unless terminated earlier by either party upon one month's prior written notice.

Our dependence on this arrangement exposes us to concentration risks. Any termination, non-renewal, modification of terms, disruption in supply, or deterioration in our relationship with the overseas supplier may materially and adversely affect our trading revenues, business operations and financial condition. Further, the agreement does not prescribe any minimum sales commitment for either party, which may result in variability and uncertainty in revenues from this segment.

Additionally, we are required to incur advertisement and promotional expenses within the designated territories, which may impact our margins and profitability. There can be no assurance that such expenditures will proportionately translate into increased sales or revenue growth.

Further, as the overseas supplier operates outside India, our business may be exposed to risks associated with cross-border operations, including regulatory changes, geopolitical developments, foreign exchange fluctuations, logistics constraints, and differences in legal and dispute resolution mechanisms. Any operational, financial or business disruptions faced by such supplier may have an adverse impact on our ability to procure and distribute products.

While we continuously evaluate alternative suppliers and seek to diversify our product portfolio to mitigate concentration risks, there can be no assurance that suitable alternative arrangements will be available on commercially acceptable terms, or at all, in a timely manner.

Although we have not experienced any material disruption in this relationship during the last three financial years and the current reporting period, we cannot assure that such disruptions will not occur in the future. Any inability to continue or effectively manage this arrangement may materially and adversely affect our business operations, financial condition, cash flows and results of operations.

6. *We generate our major portion of revenue from our operations from two states of the country. Any adverse developments affecting our operations in these states could have an adverse impact on our revenue and results of operations.*

The Company derives a significant portion of its revenue from operations in two states of the country i.e., Gujarat and Maharashtra. Any adverse developments affecting these states, including changes in economic conditions, regulatory environment, political stability, or market demand, could have an adverse impact on the Company's revenue, results of operations, and financial condition.

The table sets forth below the domestic revenue earned by our Company by offering services across states as a percentage of our domestic revenue from operations during the periods indicated as per Restated Standalone Financial Statement:

(Rs. in Lakhs)

State/UT	Period Ended January 31, 2026		FY 2024-25		FY 2023-24		FY 2022-23	
	Amount in Lakhs	% of Total Sales	Amount in Lakhs	% of Total Sales	Amount in Lakhs	% of Total Sales	Amount in Lakhs	% of Total Sales
Dadra & Nagar Haveli	29.02	1.04%	32.76	1.37%	24.61	1.45%	-	0.00%
Gujarat	2,111.60	75.81%	2,123.81	88.64%	1,480.79	87.45%	1,201.69	93.03%

Maharashtra	580.86	20.85%	224.81	9.38%	168.25	9.94%	69.81	5.40%
Tamil Nadu	28.61	1.03%	0.49	0.02%	1.68	0.10%	1.83	0.14%
Others*	35.44	1.27%	14.05	0.59%	18.00	1.06%	18.38	1.43%
Total	2,785.53	100.00%	2,395.92	100.00%	1,693.33	100.00%	1,291.71	100.00%

* Others include Arunachal Pradesh, Assam, Chandigarh, Haryana, Himachal Pradesh, Karnataka, Madhya Pradesh, Rajasthan, Telangana, Uttar Pradesh, Uttarakhand and West Bengal.

Our Company derives a substantial portion of its domestic revenue from the state of Gujarat, which indicates a significant geographical concentration of our operations. As per our Restated Standalone Financial Statements, revenue generated from Gujarat constituted approximately 75.81% for the period January 31, 2026, 88.64% for FY 2024-25, 87.45% for FY 2023-24, and 93.03% for FY 2022-23, while the remaining portion was derived from other states.

Such geographical concentration exposes our business to region-specific risks, including changes in economic conditions, regulatory policies, political developments, competitive intensity, customer demand patterns, and demographic changes within the state. Any adverse developments in these states, including slowdown in regional economic activity, changes in government policies, or increased competition, may adversely affect our ability to generate revenue from this region and may consequently impact our business operations, financial condition and results of operations.

In addition, disruptions caused by natural calamities, extreme weather conditions, infrastructure constraints, labour disruptions, or other unforeseen events in the region may lead to interruption of our operations, delays in execution of orders, and increased operational or logistics costs. Since a large portion of our revenue is concentrated in these states, such events may have a disproportionate impact on our business.

While our management intends to expand our presence in other states to reduce such geographical concentration, our ability to successfully diversify our revenue base will depend on various factors including market conditions, competitive landscape, regulatory environment, and our ability to establish customer relationships in new markets. If we are unable to effectively diversify our geographical presence or mitigate risks associated with such concentration, our business prospects, financial condition and results of operations could be materially and adversely affected.

7. *Our business is exposed to risks associated with international trade, foreign exchange fluctuations and cross-border operations.*

Our trading operations involve import of machinery from overseas and sales across multiple jurisdictions including India, Thailand, Sri Lanka and Bangladesh. Accordingly, we are exposed to risks such as changes in import/export regulations, customs duties, foreign exchange fluctuations, geopolitical developments, and political or economic instability in these regions. Any adverse developments may increase our costs, disrupt operations and adversely affect our financial condition and results of operations.

Further, since a portion of our transactions involve foreign currencies, we are exposed to fluctuations in foreign exchange rates, which may increase procurement costs, reduce profit margins and adversely impact our financial performance. Any significant depreciation of the Indian Rupee against foreign currencies may increase the landed cost of imported machinery and equipment, while fluctuations in exchange rates in export markets may affect realizations from overseas customers. We may also face risks relating to restrictions on foreign exchange transactions, delays in receipt of payments from international customers, counterparty credit risks and difficulties in enforcing contractual rights across jurisdictions.

In addition, our cross-border operations expose us to geopolitical risks, political instability, changes in diplomatic relations, civil unrest, public health emergencies, sanctions, trade embargoes, supply chain disruptions and economic slowdowns in the regions in which we operate. Such events may adversely affect transportation and logistics, availability of raw materials and machinery, customer demand and overall business continuity. Further, differences in legal systems, commercial practices and regulatory frameworks across jurisdictions may increase compliance costs

and operational complexities.

Any inability to effectively manage such international trade and cross-border risks may disrupt our operations, increase costs, adversely affect our relationships with customers and suppliers, and have a material adverse effect on our business, cash flows, financial condition and results of operations.

8. *Our manufacturing facilities are located only in the state of Gujarat. Any adverse developments affecting our operations in the Gujarat could have an adverse impact on our revenue and results of operations.*

Our manufacturing facilities are currently located only in the State of Gujarat situated at Plot No. E-410, Rasalpur, Sanand GIDC-2, Ahmedabad-382170, Gujarat, India. While we derive revenue from customers located across multiple States, including Gujarat and Maharashtra, the concentration of our manufacturing operations in a single state exposes us to regional risks. Any adverse developments affecting Gujarat, including natural disasters, epidemics or pandemics, industrial accidents, labour unrest, infrastructure constraints, power or water shortages, changes in State-level policies, taxation or regulatory frameworks, or disruptions in transportation and logistics, could materially and adversely affect our manufacturing operations.

Since our production activities are not geographically diversified, any interruption at our manufacturing facilities may lead to delays in order execution, inability to meet customer commitments, loss of revenue, increased operating costs, or reputational harm. Further, relocating or establishing additional manufacturing facilities in alternative locations may involve significant time, capital expenditure, regulatory approvals and execution risks.

There can be no assurance that we will be able to mitigate or promptly recover from such regional disruptions, and any prolonged interruption in manufacturing activities in Gujarat could materially and adversely affect our business operations, financial condition, cash flows and growth prospects.

9. *Our inability to collect receivables from our customers, or any default in payment by them, could adversely affect our profitability, cash flows, and financial condition.*

In the ordinary course of our business, we extend credit to our customers for certain periods in respect of the sale of our products. As a result, we are exposed to the risk of delayed receipt or non-receipt of outstanding amounts. Such delays or defaults may arise due to customer's financial difficulties, disputes over product quality or services, operational or administrative delays on the part of customers, changes in their business strategies, or other factors beyond our control.

Further, our credit evaluation and monitoring processes may not always be sufficient to prevent delayed payments or defaults, especially in cases involving new customers, large orders, or customers experiencing financial stress. As a result, any inability to collect receivables from our customers in a timely manner, or at all, may materially and adversely affect our business, financial condition, cash flows, and results of operations.

10. *We have not yet placed orders in relation to the capital expenditure to be incurred for the proposed purchase of equipment/ machineries. Any delays or cost escalations in the proposed purchase of plant and machinery for our Company could affect the implementation schedule and deployment of the Net Proceeds.*

The objects of the Offer include funding the purchase of plant and machinery for our company, for which the purchase orders are yet to be placed. For further details regarding the proposed purchase, see the Chapter titled "**Objects of the Issue**" on page 112 of this Draft Red Herring Prospectus. There can be no assurance that the purchase orders will be placed within the anticipated timelines or on terms currently contemplated.

Our Company has obtained quotations from various vendors in relation to the purchase of plant and machinery. Most of these quotations are valid for a limited period and may be subject to revisions based on market conditions, negotiations with suppliers, changes in specification or design or other commercial or technical or external factors, including our financial position and overall business strategy.

Further, if we are unable to procure machinery and equipment from the vendors from whom we have procured quotations, we cannot assure you that we may be able to identify alternative vendors to provide us with the machinery and equipment which satisfy our requirements at acceptable prices. Our inability to procure the machinery and equipment at acceptable prices or in a timely manner, may result in an increase in capital expenditure, the proposed schedule implementation and deployment of the Net Proceeds may be extended or may vary accordingly, thereby resulting in an adverse effect on our business, prospects and results of operations.

Accordingly, any delay in the placement of orders or any cost escalation may result in deviations from the proposed implementation schedule. There can be no assurance that the plant and machinery will be acquired within the estimated cost or timelines, and any cost overruns or delays could adversely affect the Company's business, financial condition, results of operations, and prospects.

11. *Our Company does not have any contingent liabilities as disclosed in the section titled "Financial Information" beginning on page 242 of this Draft Red Herring Prospectus.*

While we currently do not have any contingent liabilities, there can be no assurance that contingent liabilities will not arise in the future. Any such liabilities, if they materialize, may adversely affect our business, financial condition, results of operations and cash flows. Further, contingent liabilities may arise on account of claims, litigations, tax demands, contractual obligations or other unforeseen events, the outcome of which may be uncertain and beyond our control. In the event such liabilities crystallize, our Company may be required to make provisions or incur cash outflows, which could have a material adverse effect on our financial position.

12. *There are certain discrepancies and non-compliances noticed in some of our corporate records relating to forms filed with the Registrar of Companies, taxation authorities and other public authorities. Any penalty or action taken by any regulatory authorities in future for non-compliance with provisions of all applicable law could impact on the financial position of the Company to that extent.*

The Company has generally complied with certain statutory provisions; however, the following discrepancies have been found in the forms filed by the Company with the Registrar of Companies under the provisions of the Companies Act, 2013:

1. Form DPT-3

While filing Form DPT-3 for FY 2021–22 and FY 2022–23, certain amounts reflected in the Company's books were inadvertently not disclosed, including ₹20,000 payable to M/s Vishnu Enterprises and ₹12,02,111 being a loan from Kalupur Commercial Co-operative Bank for FY 2021–22, and ₹8,19,000 received as advance from Cubic Pack for FY 2022–23. However, the transaction was duly settled in the subsequent period, and no amount remains outstanding. The Company is taking necessary steps to strengthen its internal processes to ensure complete and accurate disclosures in all future statutory filings and to maintain full compliance with applicable provisions of the Companies Act, 2013 and the rules made thereunder.

As of the date hereof, no show cause notice or any other communication/observation has been received from any statutory authority in this regard. Any regulatory observations, if any, in relation to such non-disclosure may entail certain consequences, including penalties, and could have an impact on the Company's reputation and operations.

2. Non-compliance with rounding-off requirements under Schedule III of Companies Act, 2013

It has been observed that the audited financial statements of the Company for the financial year 2021–22 were presented in absolute figures (in rupees) instead of being rounded off to the nearest hundreds, thousands, or lakhs, as required under Schedule III read with Section 129 of the Companies Act, 2013. This deviation constitutes a procedural non-compliance, and while it does not impact the financial position of the Company, there remains a risk of regulatory observations or penalties in this regard.

Below are the Forms which were filed with delay, the details are as below:

S.no.	Name and Description of Form	SRN	Due Date of Filing	Date of Filing	Period of delay	Reason for delay
1.	Form MGT-14 For Change in Object Clause of MOA	AC0769668	03/11/2025	29/12/2025	57 days	The delay is unintentional, and no prejudice has been caused to any stakeholder
2.	Form ADT-3 for resignation of M/s Sukrut Shah & Associates	AC0914443	14/12/2025	31/12/2025	18 days	The delay in filing Form ADT-3 was due to ongoing discussions between the management and the statutory auditor to resolve certain operational matters, causing lack of clarity on the finality of the resignation. Filing was completed upon confirmation. The delay was unintentional, procedural, with no impact on financial statements. Compliance processes have since been strengthened.”
3.	Form DIR-12 Filed for appointment of CFO and Re-designation of Director	AC0917178	23/12/2025	31/12/2025	8 days	Unintentional procedural delay with no financial/operational impact. Compliance processes strengthened.
4.	Form DIR-12 Filed for Re-designation of additional director as Whole Time Director also for appointment of three independent directors	AB8664848	29/10/2025	30/10/2025	1 day	Unintentional procedural delay with no financial/operational impact. Compliance processes strengthened.
5.	Form MR-1 Filed for Re-designation of director as Managing Director	AB9212864	21/11/2025	07/11/2025	14 days	Unintentional procedural delay with no financial/operational impact. Compliance processes strengthened.
6.	Form DPT-3 for FY 2021-22	AA0502020	30/06/2022	24/09/2022	87 days	Unintentional procedural delay with no financial/operational impact. Compliance processes strengthened.
7.	Form MGT-14 filed pursuant to Section 180(1)(a); 180(1)(c) and appointment of CFO	AC0921620	23/12/2025	31/12/2025	8 days	Unintentional procedural delay with no financial/operational impact. Compliance processes strengthened.
8.	Form CHG-4 filed w.r.t. satisfaction of charge, ID: 100936414	AB8778839	02/11/2025	07/11/2025	5 days	The satisfaction of charge was duly completed within time. However, filing of Form CHG-4 was delayed due to inadvertent oversight and administrative reasons.

To ensure that the above discrepancies/errors will not occur in future, we have taken the following steps i.e. appointed

a whole-time Company Secretary to oversee and ensure accurate filings and compliance and implementing a Maker-Checker policy to ensure the accuracy and correctness of all submissions.

13. Our Company has reported certain negative cash flows from its Operating activity, investing activity and Financing activity, details of which are given below. Sustained negative cash flows could impact our growth and business.

Our Company has experienced negative cash flows from its operating activity, investing activity and financing activity in the certain years as summarized below based on the Restated Standalone Financial Statements:

(Rs. In Lakhs)

Particulars	For the period ended on January 31, 2026	For the year ended March 31		
		2025	2024	2023
Net cash from / (used in) operating activities	18.03	(9.11)	267.30	(165.22)
Net cash from / (used in) investing activities	175.02	(459.43)	(352.73)	(306.68)
Net cash from / (used in) financing activities	(166.39)	383.67	155.63	471.62

Our Company reported negative cash flows from operating activities amounting to ₹9.11 lakhs and ₹165.22 lakhs for the year ended March 31, 2025 and 2023, respectively. Further, **our** Company has incurred negative cash flows from investing activities across all the reported periods except for the period ended January 31, 2026. Additionally, **our** Company has reported negative cash flows from financing activities for the period ended January 31, 2026.

Negative cash flows from operating activities may adversely impact **our** Company's ability to generate sufficient internal accruals to meet its working capital requirements. Further, negative cash flows from investing activities may indicate significant capital expenditure or investments, which could affect liquidity in the short term.

If such negative cash flows continue in the future, it may adversely affect **our** Company's liquidity, financial condition, cash flows, and its ability to fund its existing operations, meet debt obligations, and implement its growth strategies. There can be no assurance that **our** Company will not experience negative cash flows in the future or that it will be able to generate sufficient cash flows to meet its business requirements.

14. Our Company is reliant on the demand from the Offset Printing & Packaging industry for a significant portion of our revenue. Any downturn in the industry or an inability to increase or effectively manage our sales could have an adverse impact on our Company's business and results of operations.

Our Company is engaged in the manufacturing of printed mono-cartons, roll foams, labels, stickers and others (calendar, brochure, etc.), with a primary focus on the Offset Printing & Packaging industry, and a significant portion of its revenue is derived from customers in these sectors. As a result, our Company's business, financial condition, and results of operations are closely tied to the overall demand and performance of these industries. Any slowdown, stagnation, or downturn in these sectors could materially and adversely affect our Company's sales, revenue, and business operations.

Further, the loss of key customers in these industries could adversely impact the Company's revenue streams. Additionally, rapid technological advancements, the introduction of new or more efficient products by competitors, or improvements in competitors' manufacturing, procurement, or distribution processes could reduce the competitiveness of our Company's existing product range. This may result in pricing pressures, margin erosion, or reduced market share, and our Company's inability to respond effectively to such competitive or industry developments could materially and adversely affect its business, financial performance, and results of operations.

15. There have been certain instances of delays in payment of statutory dues by our Company in the past. Any delay in payment of statutory dues by our Company in the future may result in the imposition of penalties and in turn may have an adverse effect on our Company's business, financial condition, results of operation and cash flows.

We are currently engaged in the business of manufacturing of packaging products and trading of machineries and are subject to various statutory levies, such as Goods and Service tax and Income tax as per the applicable provisions of Law. Further, we are required to comply with labour laws like depositing of contributions with ESIC and Provident Fund as well as payment of Professional Tax in respect of our employees. Any demand or penalty raised by the concerned authority in future for any previous years or current year will affect the financial position of our Company.

Our Company has, in the past, experienced delays in filing certain statutory returns and remittance of statutory dues under various laws, including EPF, ESIC, Professional Tax, GST and TDS. Such delays were primarily procedural in nature and occurred across different periods. While our Company has subsequently filed the returns and paid the applicable dues, and no material penalties or prosecutions have been initiated, any future non-compliance or delays could expose our Company to interest, penalties and reputational risks, which may adversely affect its operations and financial condition.

The table below sets forth the details of the delay in filing and payment of PT, EPF, ESIC and GST by our Company for the periods indicated below:

16. Our business is subject to various statutory approvals, licenses, registrations and permits, certain of which are pending, have expired or are yet to be obtained, and any delay, failure or non-compliance in relation thereto may adversely affect our operations.

We require various statutory and regulatory licenses, registrations and approvals to operate our business. Many of these approvals are granted for fixed periods of time and need renewal from time to time. Non-renewal of the said permits and licenses would adversely affect our Company's operations, thereby having a material adverse effect on our business, results of operations and financial condition. While we have obtained the key consents, licenses and approvals that are material for carrying on our current business, we are in the process of updating, renewing or obtaining the remaining registrations and certificates. We have applied for Fire NOC for manufacturing unit. There can be no assurance that the relevant authorities will issue these approvals or licenses in a timely manner, or at all. In the event of any unanticipated delay in receipt of such approvals, it will have an adverse impact on our business operations. For further details, see "Government and other Approvals- Approvals or licenses applied but not received" beginning on page 265 of this Draft Red Herring Prospectus.

Failure by us to renew, maintain or obtain the required permits or approvals at the requisite time may result in the interruption of our operations and may have an adverse effect on our business, financial condition and results of operations. Further, we cannot assure that the approvals, licenses, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. In the event that we are unable to obtain such approvals in a timely manner or at all, our business operations may be adversely affected.

17. Our business operations are highly dependent on the efficient functioning of our manufacturing machinery, and any breakdown, malfunction or technical failure may adversely affect our production and profitability.

Our Company's manufacturing operations are capital-intensive and depend significantly on the efficient and uninterrupted functioning of our packaging machinery and equipment. Our production processes are carried out on a continuous basis to meet delivery commitments to customers across various sectors. Any unexpected breakdown, malfunction, power failure, or disruption in the performance of such machinery could result in production delays,

increased downtime, and wastage of raw materials.

We undertake regular preventive maintenance and periodic servicing of our equipment to ensure operational efficiency. However, despite these measures, there can be no assurance that mechanical, electrical, or technical failures will not occur. Certain machinery components and spare parts may be imported or customized and may not be readily available, leading to delays in repair or replacement and consequent operational disruptions.

In such situations, our Company may incur additional costs towards repairs, maintenance, overtime wages, or outsourcing production to third parties in order to meet customer requirements. Prolonged downtime or recurring equipment issues could adversely impact our ability to fulfil orders within stipulated timelines, potentially resulting in contractual penalties, loss of customers, and reputational damage. Further, any inconsistency in machinery performance may affect the quality and uniformity of our packaging products. Accordingly, the sustained performance, reliability, and timely maintenance of our manufacturing equipment are critical to our operations, and any significant disruption could adversely affect our production efficiency, revenue, and profitability.

18. Our Company is involved in certain legal proceeding(s) and potential litigations. Any adverse decision in such proceeding(s) may render them liable to liabilities/penalties.

Our Company, Directors, Promoters, KMP, SMP and Group Company are involved in certain legal proceedings and potential litigations. Any adverse outcome in such proceedings could render them liable to penalties, fines, or other liabilities and may materially and adversely affect the Company's business, financial condition, results of operations, and prospects. There are proceedings pending at various levels of adjudication before authorities, and appellate forums. Such proceedings may divert management time and attention and require the allocation of financial resources for their defence. An unfavourable decision in any of these proceedings could also lead to increased expenses or liabilities.

The status of pending litigations and proceedings involving the Company, its Promoters, Directors, KMP, SMP, Subsidiary, and Group Company, to the extent quantifiable, is summarized in the table below:

The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities.

The amount mentioned above may be subject to additional interest rates or penalties being levied by the court. For further details, please refer to the chapter titled “**Outstanding Litigation and Material Development**” beginning on page 272 of this Draft Red Herring Prospectus.

19. Our Company has applied for registration of certain trademarks, and any failure to obtain or protect such registrations may adversely affect our business and brand value.

As on the date of this Draft Red Herring Prospectus, our Company has applied for registration of certain trademarks, including “BIPIN OFFSET LIMITED WITH B LOGO”,  under various classes, the details of which are set out in the chapter titled “Our Business” on page 160. These trademark applications are currently at different stages of processing, including “Accepted and Advertised” and “Formalities Check Pass”, and are yet to be registered.

There can be no assurance that such applications will be successfully registered or that no objections, oppositions, or third-party claims will be raised against these applications. In the event our applications are rejected, withdrawn, or opposed, or if we are unable to obtain registration within a reasonable time, we may be required to rebrand our products or services, which could involve additional costs and may adversely impact our brand recognition and goodwill.

Further, until such trademarks are registered, our ability to enforce our rights against unauthorized use by third parties may be limited. Any infringement or misuse of our brand name or logo by third parties may adversely affect our reputation, business operations, and financial condition.

20. We are dependent on third-party transportation and logistics service providers, and any disruption in logistics operations or increase in freight costs could adversely affect our business.

Our operations are dependent on third-party transportation and logistics service providers for the transportation of raw material, import of printing machines or delivery of finished goods to our customers. Neither we own or operate our transportation fleet nor we have any long-term agreements with any logistic service provider. We rely on external logistics providers, many of whom operate in the unorganized sector and are engaged on a non-exclusive and short-term basis.

Any disruption in transportation and logistics services due to factors such as strikes, labor shortages, fuel price volatility, regulatory restrictions, natural disasters, geopolitical events or operational inefficiencies of third-party service providers could adversely affect our ability to procure, store or deliver products in a timely and cost-effective

manner. Delays, losses or damage to products in transit may result in customer dissatisfaction, loss of business, contractual disputes or reputational harm.

Further, we may not be able to immediately replace logistics service providers or secure alternative transportation arrangements on commercially acceptable terms in the event of service disruptions. In addition, increases in fuel prices or freight charges may increase our logistics costs, which we may not be able to fully pass on to our customers, thereby adversely affecting our margins, results of operations and cash flows. Any such disruptions or cost increases could materially and adversely affect our business, financial condition and results of operations.

21. Our Promoter Group Entities, Octa Labels LLP and Cubatic Pack India LLP operates in the same industry, and any potential conflicts of interest may adversely affect our business.

The entities of our Promoters and Color Image operate in printing business. The details of the activities carried on by the above entities is elaborated hereunder:

Name of the Associates	Octa Labels LLP	Cubatic Pack India LLP	Color Image
Nature of Enterprise	Limited Liability Partnership	Limited Liability Partnership	Partnership Firm
% of Ownership by Promoter Group	25%	30%	20%
Main Activity carried out	Manufacturing, printing, and trading of self-adhesive stickers and in-mould labels (IML)	Manufacturing of rigid boxes such as sweet boxes, gift boxes, etc.	Engaged in the business of colour xerox and colour printing.

Our Promoters may allocate their time, attention, and expertise to the business activities of above-mentioned firms, which could divert focus from our operations and adversely affect our business performance. Additionally, to the extent that our business is dependent on such entities, any preference they may extend to competing products based on factors such as higher profitability margins, strategic priorities, or other commercial considerations could negatively impact our sales, customer relationships, and overall operational results.

There can be no assurance that the existence of such a Promoter Group Entities will not result in actual or perceived conflicts of interest, or that our business, results of operations, cash flows, and financial condition will not be materially and adversely affected as a consequence.

22. Any defect, contamination, or non-conformity in our packaging products used for pharmaceutical applications could result in reputational loss and potential regulatory action.

Our packaging products are used for pharmaceutical products. These products are required to comply with stringent hygiene, safety, and quality norms, including the Drugs and Cosmetics Act, 1940, and other applicable laws and standards.

Any defect in raw materials, contamination during manufacturing, inadequate sanitation or handling, or any non-conformity with prescribed food-grade or pharma-grade requirements may render our products unsuitable for their intended use.

Consequences may include product returns or withdrawals by customers, rejection of consignments, cancellation of purchase orders, claims for replacement or damages, and loss of existing or prospective business. We could also face inspections, warnings, seizure of goods, prosecution, penalties, or suspension of licenses/approvals by regulatory authorities such as the Central Drugs Standard Control Organization (CDSCO). Even allegations of non-compliance, whether ultimately established or not, could adversely affect our reputation and relationships with key customers.

Any of the foregoing could materially and adversely affect our business, results of operations, cash flows, and financial condition.

23. ***We have entered into and may enter into related party transactions in the future also, which may have an adverse effect on our business, prospects, results of operations and financial condition.***

In the past we have entered into transactions with related parties that include certain of our Promoters, Directors, Promoter Group Entities. For further details in relation to our related party transactions, see “**Summary of Related Party Transactions**” beginning on page no. 74 of the Draft Red Herring Prospectus.

While our company confirms that we have entered into such transactions on an arm’s length basis and are in compliance with the applicable provisions of Companies Act, 2013 and other applicable law, there is no assurance that we could not have achieved more favorable terms had such transactions not been entered into with related parties. There can be no assurance that such transactions will not have an adverse effect on our business, prospects, results of operations and financial condition. In addition, our business and growth prospects may decline if we cannot benefit from our relationships with them in the future.

24. ***Our business functions primarily on a purchase order basis and do not have contracts /agreements with our customers, which may affect the predictability of our revenues.***

Our business is largely conducted on the basis of individual purchase orders received from customers, and we have not entered into contracts / agreements with our customers. As a result, our customers are generally not obligated to place future orders with us and may reduce, delay or cancel orders at short notice. This may lead to fluctuations in our order volumes, revenues and cash flows and could adversely affect our ability to plan inventory, working capital and operations. Any decline in repeat orders or loss of key customers could adversely affect our business, financial condition, results of operations and cash flows.

25. ***Our ability to attract, train and retain executives and other qualified employees is critical to our business, results of operations and future growth.***

Our business and future growth are significantly dependent on the continued services and performance of our Promoters, Directors, Key Managerial Personnel and Senior Management Personnel, whose industry experience, strategic inputs and customer and vendor relationships are critical to our operations. We cannot assure that we will be able to retain these individuals or replace them with equally qualified personnel in a timely manner, or at all. Any inability to attract, retain or motivate skilled employees, or delays in hiring and training replacements, may require higher compensation costs and could adversely affect our business operations, financial condition, cash flows and growth prospects.

26. ***Our working capital requirements, towards which we intend to deploy Rs. 550.00 Lakhs from the Net Proceeds, are based on certain assumptions. Any change in working capital requirements on account of such assumptions may materially adversely affect our results of operations and profitability.***

We propose to utilize an amount of Rs. 550.00 Lakhs from the Net Proceeds to fund working capital requirements of our Company. The working capital requirements have been reached at on the basis of certain assumptions, including

holding levels of inventory, trade payable and trade receivable. For further details of the working capital requirements of our Company, please see ***“Objects of the Issue”*** beginning on page 112 of this Draft Red Herring Prospectus.

The estimates and projections reflect our current expectations, assumptions and / or projections as well as our perception of historical trends and current conditions, as well as other factors that we believe are appropriate and reasonable under the circumstances. There can be no guarantee that the assumptions on the basis of which we have arrived at our working capital estimates will fructify or hold good for any period in the future. Any deviations from our estimates will cause our estimates to be incorrect and our working capital requirements may be subject to change on the basis of such estimates being incorrect or inaccurate.

Any such deviations in our estimates and the actuals may cause our working capital requirements to differ significantly from the estimates stated herein, including falling short of our actual working capital requirements for future period. Any such shortfall in working capital requirements may materially adversely affect our results of operations and profitability.

27. *Our inability to accurately forecast demand for our products or manages our inventory or working capital requirements may have an adverse effect on our business, results of operations and financial condition.*

Our ability to accurately forecast demand for our products and efficiently manages inventory is crucial to the health of our business. As we are into the manufacturing of printed mono-cartons, roll foams, labels, stickers etc. and trading of machines. We maintain an adequate inventory of raw material to account for the demand for our products as well as stock of machines and its accessories for trading. Set forth below are levels of our inventories as of January 31, 2026, March 31, 2025, March 31, 2024 and March 31, 2023 as per our Restated Standalone Financial Statement:

Particulars	As at January 31, 2026		As at March 31, 2025		As at March 31, 2024		As at March 31, 2023	
	Rs. In Lakhs	% of total assets	Rs. In Lakhs	% of total assets	Rs. In Lakhs	% of total assets	Rs. In Lakhs	% of total assets
Inventories	802.22	23.24%	527.53	21.41%	160.85	10.12%	47.49	3.46%

While we seek to accurately forecast demand from our customers and accordingly plan our procurement and inventory levels, any underestimation of demand or supply constraints may result in insufficient stock levels and our inability to meet customer requirements, which could lead to loss of business. Conversely, overestimation of demand or a decline in customer requirements may result in excess inventory, slow-moving or obsolete stock and increased holding costs. Our inability to accurately forecast demand and efficiently manages our inventory may therefore adversely affect our business, results of operations, financial condition and cash flows.

28. *Our Promoters, members of Promoter Group and director have provided personal guarantees to certain loan facilities availed by us, which if revoked may require alternative guarantees, repayment of amounts due or termination of the facilities*

Our Promoters, members of the Promoter Group and director have provided personal guarantees in relation to certain loan facilities availed by us. In the event that any of these guarantees are revoked by the Promoters, members of the Promoter Group or third party, the lenders for such facilities may require alternate guarantees, repayment of amounts outstanding under such facilities, or may even terminate such facilities.

We may not be successful in procuring alternative guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which may not be available on acceptable terms or at all. Any such failure to raise additional capital could adversely affect our operations and our financial condition.

For further information please refer to the chapter titled “*Financial Indebtedness*” beginning from page no. 269 of this Draft Red Herring Prospectus.

29. *Our Company requires significant amounts of working capital for a continued growth. Our inability to meet our working capital requirements may have an adverse effect on our results of operations.*

Our business is working capital intensive and requires a significant amount of working capital for smooth functioning. The incremental and proposed working capital requirements and key assumptions with respect to the determination of the same based on “**Restated Financial Information**” are mentioned on page no. 242 of this DRHP.

We intend to continue growing by expanding our business operations. The results of operations of our business are dependent on our ability to effectively manage our incremental working capital requirements. We estimate our revenue based on the forecast, demand and requirements and also on the customer specifications. A liquidity crunch may also result in increased working capital borrowings and, consequently, higher finance cost which will adversely impact our profitability. Our growing scale and expansion, if any, may result in increase in the quantum of working capital. Our inability to maintain sufficient cash flow, credit facility and other sourcing of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, could adversely affect our financial condition and result of our operations. For further details regarding working capital requirement, please refer to the chapters titled “**Objects of the Issue**” and “**Management’s Discussion and Analysis of Financial Conditions and Results of Operations**” beginning on pages 112 and 246, respectively, of this Draft Red Herring Prospectus.

30. *We are subject to the restrictive covenants of banks in respect of the Loans/ Credit Limits and other banking facilities availed from them.*

Our financing arrangements contain restrictive covenants whereby we are required to obtain approval from our lender, regarding, among other things such as major changes in share capital, management, changes in fixed assets, creation of any other charge, undertake any guarantee obligation etc. There can be no assurance that such consents will be granted or that we will be able to comply with the financial covenants under our financing arrangements. In the event we breach any financial or other covenants contained in any of our financing arrangements, we may be required under the terms of such financing arrangements to immediately repay our borrowings either in whole or in part, together with any related costs. This may adversely impact our results of operations and cash flows. For further details on all the Credit facilities, please see “**Financial Indebtedness**” on page 269 of the Draft Red Herring Prospectus.

31. *Our business is dependent on the growth and performance of the FMCG, food, and dairy, and pharmaceutical industries, and any slowdown or adverse developments in these industries may adversely affect our business, financial condition, and results of operations.*

Our business performance and growth are significantly dependent on the FMCG, food, dairy, and pharmaceutical industry, as demand for our products is directly linked to the growth and performance of these end-use industries. Any slowdown or adverse developments in these sectors may directly impact our sales volumes, revenue, profitability, and overall growth prospects.

Demand for our packaging products is influenced by consumer spending patterns, food industry growth, and branding trends among sweets, ice cream, bakery, and dairy manufacturers. Similarly, demand for Carton packaging depends on the level of industrial and infrastructure activity, including in the pharmaceutical industry. A prolonged slowdown in these sectors, changes in consumption behavior, reduction in private or government spending, or disruptions in supply chains could materially and adversely impact our operations.

Our competitiveness depends on multiple factors, including product quality, timely delivery, customization capabilities, cost efficiency, and customer relationships. The packaging industry is highly competitive, and new entrants or established players may offer similar products at lower prices or with innovative designs. We may also face challenges due to technological changes, customer preference for alternative or sustainable packaging materials, or stricter environmental regulations governing the use of plastics.

If we fail to adapt to these evolving trends, maintain cost competitiveness, and continue delivering quality products that meet customer expectations, our market share and profitability may decline. Any of these factors, individually or collectively, could materially and adversely affect our business, financial condition, results of operations, and cash flows.

32. *We face intense competition from domestic and international players with larger resources and advanced technological capabilities, which may adversely affect our market share, pricing, and growth prospects.*

Our Company operates in a highly competitive environment characterized by the presence of both large-scale domestic and multinational players engaged in the manufacturing of printed mono-cartons, rolls, labels, stickers, and related packaging products, as well as in the trading of imported printing machines and accessories. Many of these competitors possess superior technological capabilities, greater financial resources, and long-standing relationships with key customers.

In the packaging segment, competitors are increasingly investing in automation, digital printing, recyclable substrates, enabling faster turnaround times, enhanced print quality, and cost efficiency. In the trading of imported printing machines and accessories, global players often benefit from direct tie-ups with leading OEMs, bulk procurement advantages, and established distribution networks, which allow them to offer competitive pricing and bundled solutions.

Our competitiveness depends on our ability to continuously innovate, maintain product quality, provide customized packaging solutions, and source and trade printing machinery at competitive prices. Any inability on our part to keep pace with technological advancements, sustainability requirements, or to match the pricing and service levels of larger competitors could adversely affect our market share, margins, and growth prospects.

Consequently, heightened competition from technologically advanced and resource-rich domestic and international players may materially and adversely affect our business, financial condition, and results of operations.

33. *Any defect or quality issue in our products may adversely impact our reputation, customer trust, and financial performance.*

Our business success depends on the reliability, hygiene, and quality of our packaging products as these are being used for various industries. Customers in the food, dairy, FMCG, and pharmaceutical sectors rely on our products for packaging integrity, visual appeal, and functional performance. Any defect, contamination, misprint, or quality inconsistency in our products whether arising from imperfections, material inconsistency, or labelling errors could result in customer dissatisfaction, order rejections, or damage to our market reputation.

Given that significant portion of our packaging products are used for food-grade applications, even a minor defect or deviation from prescribed standards can lead to loss of trust, non-compliance with hygiene or safety norms, and potential contractual penalties from customers.

Although we maintain strict quality control systems, including raw material inspection, in-process checks, and pre-dispatch testing, there can be no assurance that defects or quality deviations will not occur in the future. Any such event could adversely affect customer relationships, repeat business, and brand credibility, thereby impacting our revenue, financial condition, and results of operations.

34. *If we are unable to effectively manage or expand our sales and service network or pursue our growth strategy, our business prospects, financial condition, and results of operations may be adversely affected.*

Our growth depends on our ability to maintain effective sales coverage, customer engagement, and after-sales support for our Carton packages and Roll Foams, Stickers & Labels across key regions. This requires adequate sales personnel, technical support capability, consistent pricing and credit discipline, and coordination between sales, production, and logistics functions.

Any constraints in expanding or managing our sales and service network, including challenges in recruiting and retaining qualified personnel, inadequate training, ineffective demand forecasting, or lack of coordination with

manufacturing and procurement, may limit our ability to secure new orders, respond to customer requirements, or maintain service levels for existing customers. Such limitations could result in missed business opportunities, delayed order conversions, or customer dissatisfaction.

Any inability to effectively manage or scale our sales and service network, including limitations in hiring, training, forecasting, or coordination with operations, could constrain growth, impair customer servicing, and adversely affect our business prospects, financial condition, and results of operations. There can be no assurance that our sales and service capabilities will expand in line with our business requirements.

35. *Frequent changes in our Statutory Auditors in the recent past may raise concerns regarding continuity, oversight and may adversely affect investor perception of our financial reporting and corporate governance practices.*

Our Company has experienced multiple changes in its Statutory Auditors during the recent past. During the last three financial years and the current reporting period, there have been several instances of resignation and appointment of Statutory Auditors.

In particular, M/s Shah Manek & Co. resigned on February 15, 2024 citing their inability to devote sufficient time to the affairs of our Company. Thereafter, M/s Shah & Patel was appointed on March 18, 2024; however, they resigned on June 24, 2025 due to pre-occupation before the expiry of their tenure. Subsequently, M/s Sukrut Shah & Associates was appointed on July 25, 2025 to fill the casual vacancy but resigned on November 15, 2025 on account of pre-occupation. Further, M/s VSSB & Associates was appointed on December 17, 2025 to fill the casual vacancy and currently continue as the Statutory Auditors of our Company.

Frequent changes in Statutory Auditors may result in disruption of continuity in audit processes, reduced familiarity with our business operations and financial systems, and may require additional time and effort for newly appointed auditors to understand our accounting practices, internal controls and financial reporting framework. This may, in turn, affect the efficiency and effectiveness of the audit process.

Further, repeated changes in Statutory Auditors may be perceived adversely by investors, regulators and other stakeholders, and may raise concerns regarding the stability of our financial reporting practices and corporate governance standards, even though such changes have been undertaken in compliance with applicable laws and regulations.

In addition, any delays or challenges faced by newly appointed auditors in undertaking audit procedures, or any differences in interpretation of accounting standards, may impact the timeliness of our financial reporting and disclosures.

While all such appointments and resignations have been carried out in accordance with the provisions of the Companies Act, 2013 and other applicable laws, and the reasons for such changes were primarily due to pre-occupation or other professional constraints of the respective audit firms, there can be no assurance that such changes will not adversely affect investor confidence or our financial reporting processes in the future.

36. *Increase in interest rates may materially impact our cash flows and results of operations.*

All of our secured borrowings carry interest rates that are subject to periodic revisions. Accordingly, any increase in prevailing interest rates may result in higher interest expenses. We may not be able to pass on such increased interest costs to our customers, which could adversely affect our profitability, cash flows and results of operations. Further, while we may seek to manage our exposure to interest rate fluctuations through hedging or other arrangements, there can be no assurance that such arrangements will be available on commercially reasonable terms, that our counterparties will perform their obligations, or that such measures will be effective in mitigating our exposure to interest rate risks. Any increase in interest rates or failure to adequately manage such risks could have a material adverse effect on our business, financial condition, results of operations and cash flows.

37. *Our Executive Directors have no experience in managing listed Company, which may expose us to regulatory and functional risks.*

Our Company faces a risk due to the fact that none of our Executive Directors have prior experience managing a listed Company. This lack of experience with the regulatory and operational complexities applicable to listed entities may

impact our ability to effectively navigate the requirements of public company governance, compliance, and disclosure under applicable laws. The absence of seasoned expertise in this area could pose challenges in timely meeting regulatory requirements, addressing shareholder expectations, and executing strategic decisions. While we are committed to leveraging the expertise of our board of directors' senior management, and external advisors, when necessary, there can be no assurance that our management team will successfully overcome these challenges or that our operations and financial performance will not be adversely affected as a result.

38. *Our Promoters and some other Directors of our Company hold Equity Shares in our Company and are therefore interested in our performance in addition to their remuneration and reimbursement of expenses.*

Our Promoters and some other Directors and Key Managerial Personnel and Senior Management Personnel of our Company, are interested in our Company, in addition to their remuneration or benefits and reimbursement of expenses, to the extent of their shareholding in our Company. Our Promoter, Directors, KMPs and SMPs shall abide by the provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and protect the interests of our Company. However, in case of any conflict of interest our Promoter, Directors, KMPs and SMPs shall keep the interests of our Company first over their personal interest, we cannot assure you that they will exercise their rights as shareholders to the benefit and best interest of our Company. Our Promoter, Directors KMPs and SMPs may take or block actions with respect to our business which may conflict with the best interests of our Company or that of minority shareholders. For further information on the interest of our Promoter, Directors KMPs and SMPs of our Company, other than reimbursement of expenses incurred or remuneration or benefits, please see the chapters titles ***“Our Management”*** and ***“Our Promoter and Promoter Group”*** beginning on pages 205 and 232 respectively.

39. *Our Promoters will continue to retain significant shareholding and control over our Company after completion of the Issue, which may enable them to exercise substantial influence over matters requiring shareholders' approval.*

As on the date of this Draft Red Herring Prospectus, our Promoters collectively hold 77.67% of the issued, subscribed and paid-up Equity Share capital of our Company. Consequently, even after completion of the Issue, our Promoters will continue to exercise significant influence over the management and affairs of our Company and over matters requiring approval of the shareholders. Such matters include, inter alia, appointment and removal of Directors, approval of business strategies and plans, mergers, acquisitions, joint ventures, amendments to the constitutional documents of our Company, declaration of dividends, raising of additional capital and other significant corporate actions.

Accordingly, our Promoters may have the ability to influence the outcome of decisions requiring shareholder approval and the interests of our Promoters may not always align with the interests of our other shareholders. Further, concentration of ownership may also have the effect of delaying, preventing or discouraging a change in control or other transactions involving our Company that certain shareholders may consider beneficial. Any actual or perceived conflict of interest between our Promoters and other shareholders could adversely affect our business, financial condition, results of operations and corporate governance practices.

For further details regarding our shareholding, please refer to the chapter titled ***“Capital Structure”*** beginning on page 91 of this Draft Red Herring Prospectus.

40. *We have issued Equity Shares during the preceding one year at a price that may be below the Issue Price.*

We have, in the preceding one year prior to the date of this Draft Red Herring Prospectus, issued Equity Shares that is lower than the Issue Price. The details of allotments made on during the preceding one year are as follows:

Sr. No.	Date of allotment	Nature of allotment	No. of Equity Shares allotted	Face value (₹)	Issue price (₹)	Nature of consideration
1	May 26, 2025	Loan Conversion to Equity	1,85,279	10.00	197.00	Loan Conversion to Equity

2	December 24, 2025	Bonus	60,73,477	10.00	-	Bonus Issue

For further details, please refer chapter titled “**Capital Structure**” beginning on page 91. The price at which such Equity Shares were issued is not indicative of the Issue Price, or the price at which the Equity Shares will be traded going forward. Further, we may, in the future, continue to issue Equity Shares at prices that may be lower than the Issue Price, subject to compliance with applicable law. Any issuances of Equity Shares by us may dilute your shareholding in our Company, thereby adversely affecting the trading price of the Equity Shares and our ability to raise capital through any issuance of new securities.

41. Our marketing and advertising campaigns may not be successful in increasing the popularity of our product and services. If our marketing initiatives are not effective, this may adversely affect our business and results of operations.

Our revenues are influenced by our marketing plans including advertising. If we adopt unsuccessful marketing and advertising campaigns, we may fail to attract new customers or retain existing customers. If our marketing and advertising strategies are unsuccessful, our business and results of operations could be materially adversely affected. In addition, the support of our employees is also critical for the success of our marketing programme, such as local marketing and any new strategic initiatives we seek to undertake. While we can mandate certain strategic initiatives, we need the active support of our employees if the implementation of these initiatives is to be successful. The failure of our employees to support our marketing programme and strategic initiatives could adversely affect our ability to implement our business strategy and harm our business, financial condition, results of operations and prospects.

In addition, increased spending by our competitors on advertising and promotion or an increase in the cost of advertising in the markets in which we operate could adversely affect our results of operations and financial condition. Moreover, a material decreases in our funds earmarked for marketing and advertising or an ineffective advertising campaign relative to that of our competitors could also adversely affect our business and results of operations.

42. We have experienced significant growth in our PAT Margins; there is no assurance that we will be able to sustain this rate of growth in the future.

Our inability to regularly grow our turnover and effectively execute our key business processes could lead to lower profitability and hence adversely affect our operating results and financial conditions. Our business model is significantly dependent on our ability to successfully scale the sales of our products, drive revenue growth, and efficiently manage key operational processes. These processes include, but are not limited to, effective order procurement, timely order fulfilment, robust delivery tracking, and consistent cost management of non-core activities. The table below gives details of the profit after tax based on Restated Standalone Financial Statements.

(Rs. in Lakhs)

Particulars	For the Period/Financial Year ended on			
	January 31, 2026	March 31, 2025	March 31, 2024	March 31, 2023
Revenue from Operations	2,785.53	2,395.92	1,693.33	1,291.71
Profit After Tax	381.32	170.57	71.45	24.17
PAT Margin (As a % of the Revenue from Operations)	16.43%	7.12%	4.22%	1.87%

Our growth strategy is subject to and involves risks and difficulties, many of which are beyond our control and, accordingly, there can be no assurance that we will be able to implement our strategy or growth plans or complete them within the timelines. Further, on account of changes in market conditions, industry dynamics or changes and any other relevant factors, our growth strategy and plans may undergo changes or modifications, and such changes or modifications may be substantial, and may even include limiting or foregoing growth opportunities if the situation so

demands. For further details regarding the discussions and explanations of our results, please refer to “**Management’s Discussion and Analysis of Financial Conditions and Results of Operations**” beginning on page no. 246 of this Draft Red Herring Prospectus.

43. *If we are unable to manage our growth effectively and further expand into new markets, and secure additional capital resources, our business, financial performance, and results of operations could be materially and adversely affected.*

The success of our business will depend on our ability to effectively implement our business and growth strategy. As part of our growth strategy, we aim to, among other things, continue to grow our businesses as and when opportunities exist, including by continuing to strengthen our existing offerings with attractive growth and profitability prospects, striving for cost efficiency, attracting and retaining talented employees, and focusing on consistently meeting quality standards.

Our expansion will further depend to an extent on the availability of adequate debt and equity capital. The actual expenditure incurred may be higher than current estimates owing to but not limited to, implementation delays or cost overruns. We may, therefore, primarily try to meet such cost overruns through our internal generations and in case the same is not adequate, we may have to raise additional funds by way of additional term debt from banks/ financial institutions and unsecured loans, which may have an adverse effect on our business and results of operations.

As we continue to grow our business and expand into newer markets, we may face several challenges, including as set forth below:

- (i) Acquiring new customers;
- (ii) Identifying customer requirements and preferences in such markets;
- (iii) Making accurate assessments of the resources we will require;
- (iv) Preserving a uniform culture, values, and work environment;
- (v) Recruiting, training, and retaining sufficient skilled management, technical and marketing personnel;
- (vi) Maintaining high levels of customer satisfaction; and
- (vii) Adhering to expected performance and quality standards.

44. *In case of our inability to obtain, renew or maintain the statutory and regulatory licenses, permits and approvals required to operate our business it may have a material adverse effect on our business.*

We are governed by various laws and regulations for our business and operations. We are required and will continue to be required, to obtain and hold relevant licenses, approvals and permits at state and central government levels for doing our business. The approvals, licenses, registrations and permits obtained by us may contain conditions. Further we will need to apply for renewal of other approvals, licenses, registrations and permits which expire. Though we have obtained a significant number of approvals, licenses, registrations and permits from the relevant authorities there can be no assurance that the relevant authority will continue to issue an approval or renew expired approvals within the applicable time period or at all. Any delay in receipt or non-receipt of such approvals, licenses, registrations and permits could result in cost and time overrun or which could affect our related operations.

These laws and regulations governing us are increasingly becoming stringent and may in the future create substantial compliance or liabilities and costs. While we endeavour to comply with applicable regulatory requirements, it is possible that such compliance measures may restrict our business and operations, result in increased cost and onerous compliance measures, and an inability to comply with such regulatory requirements may attract penalties. For further details regarding the material approvals, licenses, registrations and permits, see “**Government and Other Approvals**” on page 279 of this Draft Red Herring Prospectus.

Furthermore, we cannot assure that the approvals, licenses, registrations and permits issued to us will not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant

to any regulatory action. Any suspension or revocation of any of the approvals, licenses, registrations and permits that have been or may be issued to us may affect our business and results of operations.

45. *We are subject to environmental, health, safety and labour laws and regulations, and any non-compliance or changes in such laws could adversely affect our business.*

Our operations, including manufacturing of packaging products as well as trading and handling of imported printing machines and accessories, are subject to various environmental, health, safety and labor laws and regulations. These include requirements relating to employee safety, occupational health, safe handling and storage of raw materials, machinery and accessories, and compliance with applicable labor, industrial, and import-export related regulations.

Any failure to comply with such laws, changes in regulatory requirements, or increased enforcement may result in penalties, operational disruptions, suspension of licenses, and increased compliance costs. Such events could adversely affect our business operations, financial condition, results of operations, and cash flows.

46. *We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.*

Employee misconduct or errors could expose us to business risks or losses, including termination of our contracts, regulatory sanctions and serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees and other professionals or agents may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

While we have not experienced any such incident or situation to date, there can be no assurance that such events will not occur in the future.

47. *The schedule of our estimated deployment of the Net Proceeds is subject to inherent uncertainties and may vary from the planned timelines.*

The schedule of the estimated deployment of the Net Proceeds as set out in this Draft Red Herring Prospectus is based on current assumptions and estimates. Such estimates are subject to inherent uncertainties and may change due to various factors beyond our control, including delays in implementation, changes in project requirements, variations in costs, regulatory approvals and other commercial or operational considerations.

Any variation or delay in the deployment of the Net Proceeds may result in a corresponding change in the timing of the anticipated benefits from such utilization. There can be no assurance that the Net Proceeds will be deployed strictly in accordance with the proposed schedule, which could adversely affect our business, financial condition and results of operations.

48. *Our ability to pay dividends in the future will depend on our future cash flows, working capital requirements, capital expenditures, and financial condition.*

Our Company has no record of paying dividend in past. The amount of our future dividend payments, if any, will depend upon factors that our Board deems relevant, including among others, our results of future earnings, financial condition, cash flows, working capital requirements, capital expenditures, applicable Indian legal restrictions and other factors. There can be no assurance that our Company will be able to pay dividends.

The external factors on the basis of which our Company may declare the dividend shall inter alia include the state of the economy and capital markets, applicable taxes, and regulatory changes which include the introduction of new or changes in existing tax or regulatory requirements. Any of these factors may thus restrict our ability to pay dividends

in the future. Hence, there can be no assurance that we will be able to pay dividends in the future.

49. *Some of the details mentioned in the respective KYC Documents of our Promoters, Directors, KMPs, SMPs and some persons forming part of Promoter group are not same in all KYC documents.*

During the review of KYC documents such as Aadhaar Card, PAN, Passport, Driving License, and Voter ID, discrepancies were identified across certain details. Specifically, inconsistencies were noted in the names of individuals, with the name listed on some KYC documents not matching the names on others. These discrepancies were observed in the KYC documents of certain individuals.

50. *Our insurance coverage may not adequately protect us against all material hazards, which may adversely affect our business, results of operations and financial condition.*

Our operations are subject to accidents which are inherent to any distribution company such as risks of Burglary, fire, cargo, employee health and other. Our insurance policies may not be sufficient to cover the economic loss that we may have to suffer due to an unfortunate incident. To the extent that we suffer loss or damage for events for which we are not insured or for which our insurance is inadequate, the loss would have to be borne by us, and as a result, our results of operations and financial condition could be adversely affected.

Additionally, our company is required to renew these insurance policies periodically. In the event that we fail to renew any policy within the prescribed time or do not obtain coverage at all, we may face substantial uninsured losses. If the Company suffers a significant uninsured loss or an insured loss that exceeds our coverage limits, it could have a material adverse impact on our business, financial condition, and operations.

For further details, please refer, to the paragraph titled ‘Insurance’ under chapter titled “**Our Business**” beginning on page no. 160 of this Draft Red Herring Prospectus.

51. *Our ability to grow our business depends on our relationships with our customers and any adverse changes in these relationships, or our inability to enter new relationships and thereby expand our customer network, could negatively affect our business and results of operations.*

Our business and growth depend significantly on our ability to maintain and strengthen relationships with existing customers and to establish relationships with new customers. Our customer relationships are influenced by our ability to meet their requirements, including product quality, price competitiveness, timely delivery and introduction of products that meet market demand. Any failure to meet such requirements may result in reduced orders or loss of customers.

Further, factors beyond our control, including changes in customer preferences, pricing pressures or deterioration in the financial condition of our customers, could adversely affect demand for our products and the revenues derived from such customers. Additionally, disruptions in logistics or delivery of our products due to factors such as transportation bottlenecks, natural calamities, pandemics, labour issues or other force majeure events may delay deliveries and adversely affect customer relationships.

Any adverse change in our customer relationships or inability to attract new customers could limit our growth prospects and adversely affect our business, financial condition and results of operations.

52. *Any future issuance of Equity Shares may dilute your shareholdings, and sale of the Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.*

Our growth is dependent on having a strong balance sheet to support our activities. In addition to the internally generated cash flow, we may need other sources of financing to meet our capital needs which may include entering into new debt facilities with lending institutions or raising additional equity in the capital markets. We may need to raise additional capital from time to time, depending on business conditions. The factors that would require us to raise

additional capital could be business growth beyond what the current balance sheet can sustain; additional capital requirements imposed due to changes in regulatory regime or significant depletion in our existing capital base due to unusual operating losses. Any fresh issue of shares or convertible securities would dilute existing holders, and such issuance may not be done at terms and conditions, which are favourable to the then existing shareholders of our Company. If our Company decides to raise additional funds through the incurrence of debt, our interest obligations will increase, and we may be subject to additional covenants, which could further limit our ability to access cash flows from our operations. Such financings could cause our debt-to-equity ratio to increase or require us to create charges or lines on our assets in favour of lenders. We cannot assure you that we will be able to secure adequate financing in the future on acceptable terms, in time, or at all. Our failure to obtain sufficient financing could result in the delay or abandonment of our expansion plans. Our business and future results of operations may be affected if we are unable to implement our expansion strategy. Any issuance of Equity Shares by our Company may dilute the shareholding of investors in our Company; and hence affect the trading price of our Company's Equity Shares and its ability to raise capital through an issue of its securities.

In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Company's Equity Shares. Additionally, the disposal, pledge or encumbrance of Equity Shares by any of our Company's major shareholders, or the perception that such transactions may occur may affect the trading price of the Equity Shares. No assurance may be given that our Company will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

53. *There is no monitoring agency appointed by our Company and the deployment of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by the Audit Committee.*

As per SEBI (ICDR) Regulations, 2018, as amended, appointment of monitoring agency is required only for Issue size above ₹ 5,000 Lakhs. Hence, we have not appointed a monitoring agency to monitor the utilization of Net proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our finances. Further, our Company shall inform about material deviations in the utilization of Offer proceeds to the Designated Stock Exchange and shall also simultaneously make public the material deviations or any adverse comments of the audit committee.

54. *Our Company proposes to utilize the Net Proceeds of the Issue towards the objects described in the chapter titled "Objects of the Issue". The deployment of such proceeds is subject to various risks, including risks relating to repayment of borrowings, investment in our subsidiary, funding of working capital requirements and utilization of funds for general corporate purposes. Any failure to effectively utilize the Net Proceeds or to derive the intended benefits from such utilization may have an adverse effect on our business, financial condition, cash flows and results of operations.*

The implementation and execution of our objects are subject to certain risks and uncertainties, including risks associated with procurement and installation of machinery, repayment of borrowings, deployment of working capital and utilization of funds for general corporate purposes. Any delay, cost overrun, inability to effectively utilize the proceeds or failure to derive the anticipated benefits from such utilization may adversely affect our business, financial condition, cash flows and results of operations. The details of the proposed utilization of Net Proceeds and the associated risks are set out below:

(Rs. In Lakh)

S. No	Object	Amount	Risk Associated to Object
1	Purchase and installation of plant and machinery for manufacturing of Printed Mono-Cartons, Rolls, Labels, Stickers, etc. at the Existing Premises (Factory at Plot No. E-410, Rasalpur Sanand GIDC-2, Ahmedabad, Gujarat-382170)	1792.15	Purchase of Machinery is subject to various risks, including delay in procurement, installation and commissioning, cost overruns, technical or compatibility issues with existing infrastructure, disruption in ongoing operations during installation, and failure to achieve the expected capacity utilisation.
2	Repayment/pre-payment, in full or part, of certain borrowings availed by our Company	282.22	Repayment of borrowings may not materially improve profitability or cash flows as it does not directly contribute to revenue generation. The actual benefit depends on interest cost savings, prepayment charges, if any, and future borrowing requirements. The Company may continue to have outstanding indebtedness or may incur additional borrowings in the future.
3	Funding of working capital requirement	550.00	Utilization of funds for working capital may not result in commensurate growth. Working capital requirements and deployment may vary due to changes in business conditions, customer demand, inventory cycles and credit terms.
4	General corporate purposes	To be finalized upon determination of the Offer Price and the amount shall not exceed 15% of the amount being raised by our Company or ₹10 crores, whichever is less.	The use of funds for general corporate purposes is subject to management discretion. Such deployment may not yield immediate or quantifiable benefits and may not enhance shareholder value.

For further details of the object please refer the chapter titled ***“Objects of the Issue”*** beginning on page no. 112 of this Draft Red Herring Prospectus.

55. *Our funding requirements and the proposed deployment of Net Proceeds have not been appraised by any bank or financial institution or any other independent agency and our management will have broad discretion over the use of the Net Proceeds.*

The fund requirement and deployment are based on internal management estimates and our Company’s current business plan and are subject to change in light of changes in external circumstances or costs, other financial conditions, business or strategy. These estimates have not been appraised by any bank or financial institution. In view of the dynamic nature of the sector and specifically that of our business, we may have to revise our expenditure and fund requirements as a result of variations in cost estimates, exchange rate fluctuations and external factors which may not be within the control of our management. This may entail rescheduling and revising the planned expenditures and fund requirements and increasing or decreasing expenditures for a particular purpose at the discretion of our management, within the objects. For further details refer to ***“Objects of the Issue”*** beginning on page no. 112 of this Draft Red Herring Prospectus.

56. *The industry overview presented in this Draft Red Herring Prospectus is based on publicly available information and has not been independently verified, which may limit its accuracy and reliability.*

The industry overview and related market information included in this Draft Red Herring Prospectus have been compiled from publicly available sources, including government publications, industry reports, and other materials in the public domain. Our Company has not commissioned any independent agency or third party to prepare or verify such information, nor have we paid for any proprietary industry research.

While we believe such information to be reliable, we cannot assure investors of its accuracy, completeness, or timeliness. Publicly available data may not reflect the most recent developments, may be subject to interpretation, and may differ from information available through paid or proprietary research. Accordingly, reliance on such information should be limited, and investors are cautioned that actual industry conditions, competitive dynamics, and growth prospects may vary materially from those presented herein.

Any reliance on such publicly sourced information, without independent verification, may affect investors' assessment of our industry positioning and prospects, and could consequently impact investment decisions.

57. *Our Inability to protect, strengthen and enhance our existing reputation could adversely affect our business prospects and financial performance.*

Our business reputation is critical to the success of our business. While we have been making consistent efforts to strengthen our image, various factors, some of which are beyond our control, are critical for maintaining and enhancing our reputation and if not managed properly, may negatively affect our reputation. These include our ability to effectively manage the quality of our products and services, increase products awareness among existing and potential customers, adapt our advertising and promotion efforts to emerging industry standards.

Our success in marketing our existing and new products and services depends on our ability to adapt to a rapidly changing marketing and media environment, including our increasing reliance on direct promotional initiatives. There can be no assurance that our marketing efforts will be successful in maintaining our reputation and its perception with customers and/ or result in increased sales in the future. Also, we may not necessarily increase or maintain our sales promotion spending in proportion to our growth in the future, which may result in limited marketing initiatives. Our inability to adapt to evolving marketing trends at the same pace as our competitors may adversely affect our ability to effectively compete in terms of our image value.

Our reputation could also be negatively impacted if we fail to maintain our established standards of quality, or if our products and services fail to meet the expectations of our customers. Any allegations of deterioration in product and service quality even when false or unfounded, could tarnish our image and may cause our customers to choose other competing products and services. Any negative publicity regarding us, our reputation, our products and services or about the technology industry in general could adversely affect our business and our results of operations. Other risks associated with our business include improper disclosure of proprietary information, negative comments about our services or product quality and issues with ancillary services such as delivery, exposure of personally identifiable information, fraud, hoaxes or malicious exposure of false information. Our failure to develop, maintain and enhance our reputation may result in decreased revenue and loss of customers and in turn adversely affect our business, financial condition, results of operations and cash flows.

58. *The schedule of our estimated deployment of Net Proceeds is subject to inherent uncertainties.*

The fund requirement and deployment are based on internal management estimates and our Company's current business plan and are subject to change in light of changes in external circumstances or costs, other financial conditions, business or strategy. These estimates have not been appraised by any bank or financial institution. In view of the dynamic nature of the sector and specifically that of our business, we may have to revise our expenditure and fund requirements as a result of variations in cost estimates, exchange rate fluctuations and external factors which

may not be within the control of our management. This may entail rescheduling and revising the planned expenditures and fund requirements and increasing or decreasing expenditures for a particular purpose at the discretion of our management, within the objects. For further details refer to “**Objects of the Issue**” beginning on page no. 112 of this Draft Red Herring Prospectus.

59. *Certain Key Managerial Personnel (KMPs) have been associated with our company for less than one year.*

Our Company Secretary & Compliance Officer and Chief Financial Officer have been associated with the Company for less than one year. As a result, they may not yet be fully accustomed to the company’s affairs. This limited exposure could impact their decision-making capabilities and effectiveness in managing complex situations. Additionally, the evolving dynamics of our business may require experienced leadership to navigate challenges effectively, and the learning curve associated with their new roles may present transitional risks. For details regarding the Key Management Personnel and their appointments, please refer to the chapter ‘**Our Management**’ beginning on page 205 of this Draft Red Herring Prospectus.

60. *Our Company has taken unsecured loans that may be recalled by the lenders at any time.*

Our Company have availed unsecured loans which may be called by their lenders at any time. As on January 31, 2026, the unsecured loan amounting ₹ 6.54 Lakhs were due to lenders. In the event that lender seeks a repayment of any such loan, our Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. As a result, any such demand may affect our business, cash flows, financial condition and results of operations. For further details on financing arrangements entered into by our Company, please refer chapter titled “**Financial Indebtedness**” beginning on page 269 of Draft Red Herring Prospectus.

61. *We rely on financing from banks or financial institutions to carry on our business operations, and inability to obtain additional financing on terms favorable to us or at all could have an adverse impact on our financial condition. If we are unable to raise additional capital, our business and future financial performance could be adversely affected.*

As of January 31, 2026, we had total outstanding financial indebtedness of ₹ 862.84 Lakhs from banks or financial institutions. Our existing operations and execution of our business strategy may require substantial capital resources and we may incur additional debt to finance these requirements in the future. However, we may be unable to obtain sufficient financing on terms satisfactory to us, or at all. If interest rates increase it will be more difficult to obtain credit. There have been instances of delays in payment of dues to financial institutions by our company in the past. While we strive to maintain sound financial practices, including timely repayment of obligations, past instances of delays may impact investor confidence and our ability to meet future financial commitments. These delays may have arisen due to various factors, including but not limited to liquidity constraints, or mismanagement of cashflows. Despite our proactive measures to address these challenges and improve our financial position, there remains a risk of defaults or continued delayed repayments, which could adversely affect our reputation and creditworthiness.

We will continue to incur significant expenditure in maintaining and growing our existing infrastructure. We cannot assure you that we will have sufficient capital for our current operations, any future expansion plans that we may have and our ability to complete such expansion plans. Our ability to arrange financing and the costs of capital of such financing are dependent on numerous factors, including general economic and capital market conditions, timely repayments of dues, credit availability from banks, investor confidence, the continued success of our operations and other laws that are conducive to our raising capital in this manner. Any unfavorable change to terms of borrowings may adversely affect our cash flows, results of operations and financial conditions. If we decide to meet our capital requirements through debt financing, we may be subject to certain restrictive covenants. If we are unable to raise adequate capital in a timely manner and on acceptable terms, or at all, our business, results of operations, financial condition and cash flows could be adversely affected. For further details in this regard, please refer to chapter titled “**Financial Indebtedness**” beginning on page 269 of this Draft Red Herring Prospectus.

There can be no assurance that we will be able to comply with our current financing agreements or continue to access

funds, including by way of short-term borrowings, on acceptable terms or at all. While we seek to mitigate against such risks by exploring favorable funding options from banks/financial institutions, there is no assurance that we will be successful in doing so. Any failure to obtain the requisite funds to meet our requirements or expand or modernize existing capabilities could result in our inability to effectively compete with other players in the industry, which could have a material adverse effect on our profitability, cash flows and results of operations.

62. Our business is exposed to risks arising from technological obsolescence and our inability to upgrade printing technologies in a timely and cost-effective manner.

Our business is dependent on printing technologies and machinery, which are subject to continuous advancements and innovation. The printing and packaging industry is experiencing rapid technological changes, including the introduction of advanced digital printing techniques, automation, and environmentally sustainable solutions. Inability to timely upgrade our technology, processes, or equipment in line with evolving industry standards may adversely affect our competitiveness, operational efficiency, and product quality.

Our existing machinery and production processes may become obsolete or less efficient over time due to the emergence of new technologies offering higher speed, better quality, lower costs, or improved environmental compliance. In such circumstances, we may be required to incur significant capital expenditure to upgrade or replace our existing equipment. There can be no assurance that we will be able to make such investments in a timely manner or on commercially viable terms.

Further, failure to adopt new technologies or adapt to changing customer preferences, including demand for innovative printing solutions, customization, and sustainable packaging, may result in loss of business opportunities, reduced margins, and erosion of market share. Additionally, technological changes may also require skilled manpower and training, and any inability to attract or retain such talent may impact our ability to effectively implement new technologies.

Accordingly, any delay or failure in adapting to technological advancements or managing risks associated with obsolescence may have a material adverse effect on our business, financial condition, results of operations, and cash flows.

63. Our ability to meet customer demand and scale our operations may be adversely affected by capacity constraints.

Our operations are subject to capacity constraints at our existing manufacturing facilities, which may limit our ability to meet growing customer demand in a timely and cost-effective manner. Any inability to optimally utilize or expand our production capacity could adversely impact our revenues, profitability, and customer relationships.

While we endeavour to plan our production efficiently, any unexpected increase in order volumes, seasonal demand fluctuations, or large customer orders may exceed our existing capacity, leading to delays in execution, increased turnaround time, or potential loss of business opportunities. Further, high capacity utilization may also result in increased wear and tear of machinery, higher maintenance costs, and operational inefficiencies.

Our ability to expand capacity is dependent on several factors, including availability of capital, timely procurement and installation of machinery, regulatory approvals, availability of skilled labour, and adequate infrastructure. Any delay or inability to undertake capacity expansion or modernization initiatives may constrain our growth prospects. Additionally, concentration of operations at limited facilities may expose us to operational risks, including disruptions due to equipment breakdown, power shortages, labour issues, or other unforeseen events, which could further aggravate capacity limitations.

Accordingly, any capacity constraints or our inability to scale up operations in line with business requirements may have a material adverse effect on our business, financial condition, results of operations, and cash flows.

64. We are subject to the risk of failure of, or a material weakness in, our internal control systems inclusive of financial reporting, operational processes and management information systems. If the company is unable to establish and

maintain an effective system of internal controls and compliance, we may not be able to successfully manage or accurately report our financial risk and our business and reputation could be adversely affected.

Our Company's operations are subject to risks arising from the potential inadequacy or failure of our internal control systems, including financial reporting, operational processes and management information systems. Any inability to establish, maintain or continuously strengthen an effective internal control framework may adversely impact our ability to accurately record transactions, safeguard assets, ensure regulatory compliance and prepare reliable financial statements.

Given the nature of our business involving manufacturing of packaging products and trading of machinery, we handle a significant volume of transactions across procurement, production, inventory management, and sales. Any deficiencies or material weaknesses in our internal control systems may result in errors, omissions or delays in financial reporting, which may remain undetected for a period of time and could lead to misstatements or non-compliance with applicable laws and regulations.

Further, our existing management information systems and reporting processes may not be fully adequate to monitor all operational and financial parameters in a timely manner. Any failure to upgrade or effectively implement such systems in line with the scale and complexity of our operations may impact decision-making and overall business efficiency.

Although we undertake periodic reviews and improvements of our internal control systems, there can be no assurance that such measures will be sufficient to prevent or detect all errors, frauds or instances of non-compliance. Any such failure may result in financial losses, regulatory actions, increased costs, and reputational damage, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

EXTERNAL RISK FACTORS

65. *Changes in government regulations or their implementation could disrupt our operations and adversely affect our business and the results of operations.*

Our business and industry are regulated by different laws, rules, and regulations framed by the central and state Governments. These regulations can be amended/ changed on short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations.

66. *Changing laws, rules and regulations, and legal uncertainties, including adverse application of tax laws, may adversely affect our business and financial performance.*

The regulatory and policy environment in India is evolving and subject to change. Such changes in applicable law and policy in India, including the instances described below, may adversely affect our business, financial condition, results of operation, performance and prospects in India, to the extent that we are not able to suitably respond to and comply with such changes. The Government of India implemented a comprehensive goods and service tax ("GST") regime that combines taxes and levies by the central and state governments into a unified rate structure from July 01, 2017, which we believe will result in fundamental changes. However, given its recent introduction, there is no established practice regarding the implementation of, and compliance with, GST. The implementation of the new GST regime has increased the operational and compliance burden for Indian companies and has also led to various uncertainties. Any future increases and amendments to the GST regime may further affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the introduction of GST or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules, and regulations relating to GST, as it is implemented. Further, as GST is implemented, there can be no assurance that

we will not be required to comply with additional procedures and/or obtain additional approvals and licenses from the government and other regulatory bodies or that they will not impose onerous requirements and conditions on our operations. Furthermore, the Finance Act, 2023 instituted a number of amendments to the existing direct and indirect tax regime which include the withdrawal of long-term capital gains exemptions on equity shares, long-term capital gains applicability in the hands of foreign institutional investors, and applicability of dividend distribution tax for certain transactions with shareholders, among others.

67. *Civil disturbances, extremities of weather, regional conflicts and other political instability may have adverse effects on our operations and financial performance.*

Certain events that are beyond our control such as earthquake, fire, floods and similar natural calamities may cause interruption in the business undertaken by us. Our operations and financial results and the market price and liquidity of our equity shares may be affected by changes in Indian Government policy or taxation or social, ethnic, political, economic or other adverse developments in or affecting India.

68. *Significant differences exist between Indian GAAP and other accounting principles, such as U.S. GAAP and IFRS, which may be material to the financial statements, prepared and presented in accordance with SEBI ICDR Regulations contained in this Draft Red Herring Prospectus.*

As stated in the reports of the Auditor included in this Draft Red Herring Prospectus under chapter “Financial Statements as Restated” beginning on page 209 the financial statements included in this Draft Red Herring Prospectus are based on financial information that is based on the audited financial statements that are prepared and presented in conformity with Indian GAAP and restated in accordance with the SEBI ICDR Regulations, and no attempt has been made to reconcile any of the information given in this Draft Red Herring Prospectus to any other principles or to base it on any other standards. Indian GAAP differs from accounting principles and auditing standards with which prospective investors may be familiar in other countries, such as U.S. GAAP and IFRS. Significant differences exist between Indian GAAP and U.S. GAAP and IFRS, which may be material to the financial information prepared and presented in accordance with Indian GAAP contained in this Draft Red Herring Prospectus. Accordingly, the degree to which the financial information included in this Draft Red Herring Prospectus will provide meaningful information is dependent on familiarity with Indian GAAP, the Companies Act and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian GAAP on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited.

69. *Our international operations are subject to many uncertainties and we are exposed to foreign currency exchange rate fluctuations.*

We may be subject to risks inherently associated with international operations, including risks associated with foreign currency exchange rate fluctuations, which may cause volatility in our reported income, and risks associated with the application and imposition of protective legislation and regulations relating to import or export or otherwise resulting from foreign policy or the variability of foreign economic conditions.

70. *Financial instability in Indian financial markets could adversely affect our Company’s results of operations and financial condition.*

In this globalized world, the Indian economy and financial markets are significantly influenced by worldwide economic, financial, and market conditions. Any financial turmoil, say in the United States of America, Europe, China, or other emerging economies, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors’ reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. Indian financial markets have also experienced the contagion effect of the global financial turmoil. Any prolonged financial crisis may have an adverse impact on the Indian economy, thereby resulting in a material and adverse effect on our Company’s business,

operations, financial condition, profitability, and price of its Equity Shares. Stock exchanges in India have in the past experienced substantial fluctuations in the prices of listed securities.

- 71. *There can be no assurance that an active trading market for our Equity Shares will develop or be sustained after the Issue, and the market price of our Equity Shares may be volatile.***

Prior to this Offer, there has been no public market for our Equity Shares. Following the listing, the market price of our Equity Shares may fluctuate significantly due to various factors, including our business performance and results of operations, changes in competitive conditions, general economic, political and social developments in India and globally, volatility in the Indian and global securities markets, changes in fiscal or regulatory policies in India, the performance and market valuations of comparable companies, and changes in estimates or recommendations by financial analysts. In addition, announcements by us or others regarding contracts, acquisitions, strategic alliances, joint ventures or capital commitments, as well as other factors beyond our control, may also contribute to volatility in the market price of our Equity Shares. There can be no assurance that an active or liquid trading market for our Equity Shares will develop or be sustained, which could adversely affect the market price and liquidity of our Equity Shares.

- 72. *If inflation rises in India, increased costs may result in a decline in the profits of our Company. Inflation rates in India have been volatile in recent years, and such volatility may continue in the future.***

Inflation rates in India have been volatile in recent years, and such volatility may continue in the future. India has experienced high inflation in the recent past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of transportation, wages and other expenses relevant to our business.

Further, high fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to adequately pass on to our clients, whether entirely or in part, and may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or entirely offset any increases in costs with increases in prices for our products and services. In such case, our business, results of operations, cash flows, and financial condition may be adversely affected. There can be no assurance that Indian inflation levels will not worsen in the future.

- 73. *The Equity Shares allotted pursuant to the Issue will not be immediately available for trading on the Stock Exchanges until the receipt of necessary trading approvals and commencement of trading permissions from the relevant Stock Exchanges.***

The Equity Shares will be listed on the Stock Exchange. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and trading on stock exchange. We cannot assure you that the Equity Shares will be credited to investor's demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this Draft Red Herring Prospectus. Any failure or delay in obtaining the approval would restrict your ability to dispose of the Equity Shares. In accordance with section 40 of the Companies Act, if the permission of listing the Equity Shares is denied by the stock exchanges, we are required to refund all monies collected to investors.

- 74. *There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the SME Platform of BSE Limited in a timely manner, or at all.***

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the SME Platform of BSE Limited. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

75. *Our business operations may be adversely affected by natural calamities, force majeure events and other unforeseen disruptions beyond our control*

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, tornadoes, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war in India or globally may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighboring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

76. *A slowdown in economic growth in India or global economic instability could result in an adverse effect on our business, financial condition, and results of operations.*

We operate primarily in India, which is a developing economy and is subject to domestic, regional and global economic and market conditions. Our business, results of operations and financial condition are dependent, to a significant extent, on the overall performance of the Indian economy, including GDP growth, inflation levels, interest rates and the economic cycle. In the past, the Indian economy has experienced periods of slowdown due to various factors, including global economic uncertainty, adverse macroeconomic conditions, capital market volatility and public health emergencies. While there have been indications of economic recovery in recent periods, there can be no assurance that such growth will be sustained or that adverse economic conditions will not recur in the future. Any slowdown or prolonged weakness in economic growth in India, or instability in global economic conditions, could adversely affect our business, as well as the financial condition of our customers and other counterparties.

Additionally, periods of high inflation may lead to increased operating and input costs, which could adversely affect our margins, cash flows and results of operations. Such macroeconomic developments are largely beyond our control and may have a material adverse effect on our business, financial condition and results of operations.

77. *The outbreak and after-effects of COVID-19, or outbreak of any other severe communicable disease could have a potential impact on our business, financial condition, cash flows and results of operations.*

The outbreak of COVID-19 had, and any future outbreak of COVID-19 or any other epidemic, pandemic or severe communicable disease may have, a material adverse effect on our business, financial condition, cash flows and results of operations. Such events may result in lockdowns, travel restrictions, supply chain disruptions, labour shortages, interruption of operations, increased costs and reduced demand for our products and services.

Our business operations may be adversely impacted due to disruptions in supply chains, delay or unavailability of raw materials, interruption in transportation and logistics, reduced workforce availability, temporary closure of facilities, increased operational and compliance costs and delays in procurement, production and delivery schedules. Any such disruptions may affect our ability to effectively operate our manufacturing and business activities and may lead to reduced operational efficiency and increased costs.

Further, pandemics or communicable disease outbreaks may adversely affect the financial condition and operations of our customers, suppliers, distributors, service providers and other business counterparties. Reduced economic activity, weakening consumer demand, inflationary pressures, volatility in commodity prices and uncertainty in domestic and international markets may adversely affect demand for our products and services and may impact our revenues and profitability. Such events may also adversely impact availability of financing, liquidity in capital markets, customer payment cycles and overall business sentiment.

In addition, outbreaks of communicable diseases may result in volatility and disruptions in financial and capital markets, adverse macroeconomic conditions and uncertainty in the industries and geographies in which we operate. The extent, duration and impact of any such outbreak remain uncertain and depend on various factors beyond our control, including the severity of the outbreak, emergence of new variants, effectiveness of preventive measures, governmental actions and overall economic conditions. Accordingly, there can be no assurance that any future epidemic, pandemic or communicable disease outbreak will not materially and adversely affect our business, financial condition, cash flows and results of operations.

78. *A third party could be prevented from acquiring control of us because of anti-takeover provisions under Indian laws.*

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company. Under the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that the interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to our Shareholders, such a takeover may not be attempted or consummated because of SEBI (SAST) Regulations, 2011.

79. *Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may have an adverse effect on the value of our Equity Shares, independent of our operating results.*

On listing, our Equity Shares will be quoted in Indian Rupees on the Stock Exchange. Any dividends in respect of our Equity Shares will also be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time taken for such conversion may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating the proceeds from a sale of Equity Shares outside India, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by Shareholders. For example, the exchange rate between the Indian Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may have an adverse effect on the returns on our Equity Shares, independent of our operating results.

80. *Under Indian law, foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which may adversely affect the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, that are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

81. *We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and industry in which we operate contained in the Draft Red Herring Prospectus.*

This Draft Red Herring Prospectus includes industry-related data and analysis sourced from Informetric Analytics and Research Pvt Ltd, a third-party agency. While we believe such information to be reliable and have obtained necessary permissions for its inclusion, we have not independently verified the accuracy or completeness of such data.

The facts and statistics presented herein particularly those relating to India, the Indian economy, and the industry in which we operate are based on publicly available sources, including websites, which we consider credible. However, we cannot assure the quality, reliability, or consistency of such information.

Although reasonable care has been taken in reproducing this data, it has not been prepared or independently verified by us or our affiliates or advisors. Accordingly, no representation is made regarding its accuracy, completeness, or comparability with other published data.

These facts and statistics, including those in the chapter titled “**Industry Overview**” beginning on page no. 145 may be subject to limitations arising from differing methodologies, data collection practices, or market assumptions. Investors are advised not to place undue reliance on such information.

82. *Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under the current Indian tax laws and regulations, capital gains arising from the sale of Equity Shares in an Indian company are generally taxable in India. A Securities Transaction Tax (“STT”) is levied both at the time of transfer and acquisition of the equity shares (unless exempted under a prescribed notification) and collected by an Indian stock exchange on which equity shares are sold. Any gain realized on the sale of equity shares held for more than 12 months, which are sold using any other platform other than on a recognized stock exchange and on which no STT has been paid, are subject to long-term capital gains tax in India. Such long-term capital gains exceeding ₹ 1,25,000 (Rupees One Lakh Twenty-Five Thousand) arising from the sale of listed equity shares on the stock exchange are subject to tax at the rate of 12.5% (plus applicable surcharge and cess). Unrealized capital gains earned on listed equity shares up to January 31, 2018, continue to be tax-exempt in such cases. Further, STT will be levied on and collected by an Indian stock exchange if the equity shares are sold on a stock exchange. Short-term capital gains, arising from the sale of such equity shares on a stock exchange would be subject to tax at the rate of 15% (plus applicable surcharge and cess). The Finance Act, 2019 amended the Indian Stamp Act, 1899 with effect from July 1, 2020, and clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of the sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. As such, there is no certainty on the impact that the Finance Act, 2019 may have on our Company’s business and operations. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short-term capital gains tax in India. In cases where the seller is a non-resident, capital gains arising from the sale of the equity shares will be partially or wholly exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident.

Additionally, the Finance Act, 2020 does not require dividend distribution tax to be payable in respect of dividends declared, distributed, or paid by a domestic company after March 31, 2020, and accordingly, such dividends would not be exempt in the hands of the shareholders, both resident as well as non-resident. Historically, Indian tax treaties do not limit India’s ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the equity shares. Our Company cannot predict whether any tax laws or other regulations impacting it will be enacted or predict the nature and impact of any such laws or regulations or whether, if at all, any laws or regulations would have a material adverse effect on our Company’s business, financial condition, results of operations and cash flows.

BOOK BUILDING PROCESS

Book building, in the context of the Issue, refers to the process of collection of Bids from Bidders on the basis of this Draft Red Herring Prospectus and the Bid cum Application Forms within the Price Band. The Price Band will be decided by our Company, in consultation with the BRLM, and if not disclosed in this Draft Red Herring Prospectus, will be advertised in all editions of an English national daily newspaper, all editions of a Hindi national daily newspaper and in a regional language i.e. Gujarati (where our Registered Office is located) at least two Working Days prior to the Bid/ Issue Opening Date and shall be made available to the Stock Exchanges for the purposes of uploading on their respective websites. The Issue Price shall be determined by our Company, in consultation with the BRLM after the Bid/ Issue Closing Date. For details, see "**Issue Procedure**" beginning on page 322 of this Draft Red Herring Prospectus.

Principal parties involved in the Book Building Process are:

- Our Company;
- The Book Running Lead Manager in this case being Sobhagya Capital Options Private Limited;
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with BSE and eligible to act as Underwriters. The Syndicate Member(s) will be appointed by the BRLM;
- The Registrar to the Issue;
- The Escrow Collection Banks/ Bankers to the Issue; and
- The Designated Intermediaries and Sponsor Bank.

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations.

The SEBI ICDR Regulation, 2018 read with SEBI ICDR (Amendment) Regulations, 2025, permits the issue of securities to the public through the Book Building Process, which states that not less than 35% of the Net Issue shall be available for allocation to Individual Investors who applies for minimum application size. Not less than 15% of the Net Issue shall be available for allocation to Non-Institutional Investors of which one-third of the Non-Institutional Portion will be available for allocation to Bidders with an application size of more than two lots and up to such lots as equivalent to not more than ₹ 10.00 Lakhs and two-thirds of the Non-Institutional Portion will be available for allocation to Bidders with an application size of more than ₹ 10.00 Lakhs and under-subscription in either of these two sub-categories of Non-Institutional Portion may be allocated to Bidders in the other sub-category of Non-Institutional Portion. Subject to the availability of shares in non-institutional investors' category the, allotment to Non-Institutional Investors shall not be less than the minimum application size in Non-Institutional Category and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis in accordance with the conditions specified in this regard in Schedule XIII of the SEBI ICDR Regulations 2018 read with SEBI ICDR (Amendment) Regulations, 2025. Not more than 50% of the Net Issue shall be allotted to QIBs, subject to valid Bids being received at or above the Issue Price.

All Bidders, except IBs and Anchor Investors, are mandatorily required to use the ASBA process for participating in the Issue by providing details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by SCSBs. In addition to this, the IBs may participate through the ASBA process by either (a) providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs; or (b) through the UPI Mechanism. Anchor Investors are not permitted to participate in the Issue through the ASBA process.

In accordance with the SEBI ICDR Regulations, QIBs, Individual Bidders and Non-Institutional Bidders are not permitted to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any state. Allocation to QIBs, IBs and Non-Institutional Bidders will be on a proportionate basis. For illustration of the Book Building Process and further details, see “**Terms of the Issue**” and “**Issue Procedure**” beginning on pages 302 and 322, respectively, of this Draft Red Herring Prospectus.

The Book Building Process under the SEBI ICDR Regulations and the Bidding Process are subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to submitting a Bid in the Issue.

Bidders should note that the Issue is also subject to (i) filing of the Prospectus with the RoC; and (ii) obtaining final listing and trading approvals from the Stock Exchange, which our Company shall apply for after Allotment within three Working Days of the Bid/Issue Closing Date or such other time as prescribed under applicable law.

Each Bidder, by submitting a Bid in the Issue, will be deemed to have acknowledged the above restrictions and the terms of the Issue.

For further details on the method and procedure for Bidding, see “**Issue Structure**” and “**Issue Procedure**” beginning on pages 302 and 322, respectively, of this Draft Red Herring Prospectus.

ILLUSTRATION OF THE BOOK AND PRICE DISCOVERY PROCESS

Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20/- to ₹24/- per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (Rs.)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%
500	24	500	16.67%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e. ₹ 22/- in the above example. The Company in consultation with the BRLM, may finalize the Issue Price at or below such Cut-Off Price, i.e., at or below ₹22/-. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- ☐ Check eligibility for making a Bid (see chapter titled “**Issue Procedure**” beginning on page no. 322 of this Draft Red Herring Prospectus);
- ☐ Ensure that you have a de-mat account and the de-mat account details are correctly mentioned in the Bid cum Application Form;
- ☐ Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.

- ☐ Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant's verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- ☐ Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form;

ISSUE PROGRAMME

Event	Indicative Dates
Bid/Issue Opening Date	[●] ¹
Bid/Issue Closing Date	[●] ²
Finalization of Basis of Allotment with the Designated Stock Exchange	On or before [●]
Initiation of Allotment / Refunds / Unblocking of Funds from ASBA Account or UPI ID linked bank account	On or before [●]
Credit of Equity Shares to Demat accounts of Allottees	On or before [●]
Commencement of trading of the Equity Shares on the Stock Exchange	On or before [●]

1. The Anchor Investor Bid/Issue Period shall be opened one Working Day prior to the Bid/Issue Opening Date in accordance with the SEBI ICDR Regulations;
2. UPI mandate end time and date shall be at 5:00 pm IST on Bid/ Issue Closing Date, i.e. [●].

The above timetable is indicative and does not constitute any obligation on our Company or the BRLM. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 (Three) Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 a.m. to 5.00 p.m. (IST) during the Issue Period (except for the Bid/Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for Individual and other Bidders. The time for applying for Individual Applicant on Bid/ Issue Closing Date maybe extended in consultation with the BRLM, RTA and BSE SME taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM are liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Individual Applicants can revise or withdraw their Bid Cum Application Forms prior to the Bid/ Issue Closing Date. Allocation to Individual Applicants, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis

vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserves the right to not to proceed with the issue at any time before the Bid/ Issue Opening Date without assigning any reason thereof. If our Company withdraws the Issue any time after the Bid/ Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Bid/ Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-issue and price band advertisements have appeared and the Stock Exchange will also be informed promptly.

The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraws the Issue after the Bid/ Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Red Herring Prospectus, which our Company will apply for only after Allotment; and (ii) the registration of Red Herring Prospectus/ Prospectus with RoC.

UNDERWRITER

This Issue is 100% Underwritten. The Underwriting agreement has been entered on [●]. Pursuant to the terms of the Underwriting Agreement, the obligations of the Underwriters are several and are subject to certain conditions specified therein. The Underwriters have indicated their intention to underwrite the following number of specified securities being offered through this Issue:

Name, Address, Telephone and Email of the Underwriter	No of Equity Shares Underwritten*	Amount Underwritten	(Rs. In Lakhs) % of the Total Issue Size Underwritten
[●]	Up to [●]	[●]	100%
Total	[●]	[●]	100%

*Includes [●] Equity shares of ₹10/- each for cash of ₹ [●]/- the Market Maker Reservation Portion which are to be subscribed by the Market Maker in its own account in order to claim compliance with the requirements of Regulation 261 of the SEBI (ICDR) Regulations, as amended.

In the opinion of our Board of Directors (based on a certificate given by the Underwriter), the resources of the above - mentioned Underwriter is sufficient to enable it to discharge its underwriting obligation in full. The abovementioned Underwriter is registered with SEBI under Section 12(1) of the SEBI Act and registered as brokers with the Stock Exchanges – Noted for Compliance.

(The Underwriting Agreement has not been executed as on the date of this Draft Red Herring Prospectus and will be executed after determination of the Issue Price and allocation of Equity Shares, but prior to the filing of the Red Herring Prospectus or the Prospectus, with the RoC as the case may be. This portion has been intentionally left blank and will be filled in before filing of the Prospectus with the RoC.)

DETAILS OF THE MARKET MAKING ARRANGEMENT

Our Company and the BRLM have entered into a Market Making Agreement dated [●], with the following Market Maker, duly registered with BSE Limited to fulfil the obligations of Market Making:

Particulars	Details
Name	[●]
Address	[●]
Tel No.	[●]
Fax No.	[●]
Email Id	[●]
Website	[●]
Contact Person	[●]
Market Maker Registration No.	[●]

(BSE SME)	
BSE Clearing No.	[●]

In accordance with Regulation 261 of the SEBI ICDR Regulations and amendments thereto, we shall enter into an agreement with the Book Running Lead Manager and the Market Maker (duly registered with BSE SME to fulfil the obligations of Market Making) dated [●], 2025 to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares offered in this Issue.

[●] registered with “BSE SME” will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, as amended from time to time and the circulars issued by the BSE and SEBI in this regard from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of BSE SME and SEBI from time to time.
3. The minimum depth of the quote shall be ₹1,00,000. However, the investors with holdings of value less than ₹1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that it sells their entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
5. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 25% of Issue Size (Including the 5% Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 5% Equity Shares would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of market maker in our Company reduce to 24% of Issue Size, the market maker will resume providing 2-way quotes.
6. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts its inventory through market making process, BSE may intimate the same to SEBI after due verification.
7. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
8. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the price band in the normal trading session shall be based on issue price.
9. The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and BSE from time to time.
10. The Market Maker may also be present in the opening call auction, but there is no obligation on it to do so.
11. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
12. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
13. The Market Maker(s) shall have the right to terminate said arrangement by giving a three months’ notice or on

mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

14. **Risk containment measures and monitoring for Market Makers:** BSE SME will have all margins which are applicable on the Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.
15. **Punitive Action in case of default by Market Makers:** BSE SME will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines/suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

16. **Price Band and Spreads:** SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹250 crores, the applicable price bands for the first day shall be:
 - a. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - b. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time. The following spread will be applicable on the SME Exchange Platform.

S No.	Market price slab (In Rs.)	Proposed spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	6
4.	Above 100	5

17. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27th, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the issue size and as follows:

Issue size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to Rs. 20 Crore	25%	24%
Rs. 20 crores to Rs. 50Crores	20%	19%
Rs. 50 to Rs. 80 crores	15%	14%
Above Rs. 80 crores	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI / BSE SME from time to time.

18. On the first day of listing, there will be a pre-open session (call auction) and there after trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the Company will be placed in SPOS and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity Shares on the Stock Exchange.

- B. The Equity Shares held by Persons other than Promoters and locked in as per Regulation 239 of the SEBI ICDR Regulations may be transferred to any other Person (including Promoters and Promoter Group) holding the Equity Shares which are locked-in along with the Equity Shares proposed to be transferred, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock in period stipulated has expired.

We further confirm that our Promoter’s Contribution of 20% of the post issue equity share capital does not include any contribution from alternative investment fund, foreign venture capital investors, scheduled commercial banks, public financial institutions or insurance companies registered under IRDA or any non-individual public shareholder holding at least five per cent. Of the post-issue capital or any entity (individual or non-individual) forming part of promoter group other than the Promoters.

19. The Average Cost of acquisition of or Subscription to Equity Shares by our Promoters is sent forth in the table below:

Name	Number of Equity Shares	Average Cost of Acquisition per Equity Share (in ₹) ⁽¹⁾⁽²⁾
Rakesh Bhogilal Patel	46,70,001	9.64
Zinnal Rakeshkumar Patel	5	39.40
Rikin Bipinchandra Patel	13,95,000	2.22

⁽¹⁾ The average cost of acquisition of Equity Shares by our Promoters has been calculated by taking into account the amount paid by them, by way of fresh issuance or transfer, the Equity Shares less amount received by them for the

sale of Equity Shares through transfer, if any and the net cost of acquisition has been divided by total number of shares held as on date of the Draft Red Herring Prospectus.

⁽²⁾ Based on Certificate issued by our Statutory Auditor M/s. V S S B & Associates Chartered Accountants dated April 09, 2026. UDIN: 26109944QBWYSO3017

20. Our Company, our Directors and the Book Running Lead Manager have not entered into any buy back arrangements for the purchase of Equity Shares being issued through the Issue from any person.
21. As on date of the Draft Red Herring Prospectus, all the Equity Shares of our Company are fully paid up. Further, since the entire Issue Price in respect of the Issue is payable on application, all the successful Applicants will be issued fully paid-up Equity Shares.
22. Neither the Book Running Lead Manager, nor their associates hold any Equity Shares of our Company as on the date of the Draft Red Herring Prospectus.
23. As per RBI regulations, OCBs are not allowed to participate in this Issue.
24. Our Company has not raised any bridge loan against the proceeds of this Issue. However, depending on Business requirements, we may consider raising bridge financing facilities, pending receipt of the Net Proceeds.

OBJECTS OF THE ISSUE

The Issue comprises a Fresh Issue of upto 29,00,000 Equity Shares of face value of ₹10 each, aggregating up to ₹ [●] lakhs by our Company at an Issue Price of Rs. [●] per equity share.

FRESH ISSUE

We intend to utilize the net proceeds of the Issue to meet the following objects: -

- 1) Repayment/pre-payment, in full or part, of certain borrowings availed by our Company;
- 2) Capital Expenditure for Expansion of Manufacturing Capacity
- 3) Capital Expenditures for Enhancement of Production;
- 4) Funding of working capital requirements; and
- 5) General corporate purposes
(Collectively, herein referred to as the “Objects”)

Also, we believe that the listing of our Company’s Equity Shares will enhance our Company’s corporate image, brand name and create a public market for our Equity Shares in India. We also believe that our Company will receive the benefits from listing of Equity Shares on the BSE SME. It will also provide liquidity to the existing Shareholders and will also create a public trading market for the Equity Shares of our Company.

The main object clause of Memorandum of Association of our Company enables us to undertake the activities for which the funds are being raised by us through the Issue. Further, we confirm that the activities which we have been carrying out till date are in accordance with the object clause of our Memorandum of Association. For the main objects clause of our Memorandum of Association, see “**Our History and Certain Corporate Matters**” on page 201.

*To be finalized upon determination of the Issue Price and updated in the Prospectus prior to filing with the RoC. The amount to be utilized towards general corporate purposes shall not exceed 15% of the amount being raised by the issuer or ₹10 crores, whichever is less.

Our fund requirements and deployment thereof are based on internal management estimates of our current business plans and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs or in other financial conditions, business strategy, as discussed further below.

MEANS OF FINANCE

We propose to fund the requirements of the Objects detailed above entirely from the Net Proceeds. Accordingly, we confirm that there is no requirement to make firm arrangements of finance to be made through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Offer and existing identifiable internal accruals as required under Regulation 230(1)(e) the SEBI ICDR Regulations.

In case of any increase in the actual utilization of funds earmarked for the Objects, such additional funds for a particular activity will be met by way of means available to our Company, including from internal accruals. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, if required. In case of delays in raising funds from the issue, our Company may deploy certain amounts towards any of the abovementioned Objects through a combination of Internal Accruals or Unsecured Loans and in such case the Funds raised shall be utilized towards repayment of such unsecured Loans or recouping of Internal Accruals.

As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

DETAILS OF THE OBJECTS OF THE ISSUE

The details of the Issue are set out below:

(1) Repayment/pre-payment, in full or part, of certain borrowings availed by our Company

As on January 31, 2026, our Company had an outstanding loan of Rs. 862.84 Lakhs. Our Company proposes to utilize an estimated amount of upto Rs. 282.22 Lakhs from the Net Proceeds towards pre-payment/repayment of certain borrowings. This pre-payment/repayment will help reduce our outstanding indebtedness and enable utilization of our accruals for further investment in business growth and improvement. In addition, the leverage capacity of our Company will improve to raise further resources in the future to fund our potential business development opportunities and plans to grow and expand our business in the coming years. Pursuant to the

terms of the financing arrangements, prepayment of borrowing may attract prepayment charges as prescribed by the respective lender. Such prepayment charges, as applicable, will be funded from the internal accruals of our Company.

The following table provides details of borrowings availed by our Company which are currently proposed to be fully or partially repaid from the Net Proceeds:

For more details about the loans please refer chapter “**Financial Indebtedness**” on page no. 269*

The selection of borrowings proposed to be prepaid or repaid, as set out in the table above, is based on various factors including (i) any condition (including prepayment related conditions) attached to the borrowings restricting our ability to prepay the borrowings, (ii) cost of the borrowings including the interest rate on the loans and/or facilities, (iii) the amount outstanding, (iv) the remaining tenure of the loan, (v) provisions of any laws, rules and regulations governing such borrowings, and (vi) any other commercial considerations, as our Board of Directors may deem appropriate. Payment of additional interest, if any, and other related costs shall be made by us out of the internal accruals or out of the Net Proceeds as may be decided by our Company.

Given the nature of the borrowings and the terms of repayment or prepayment, the aggregate outstanding amounts under the borrowings may vary from time to time and our Company may, in accordance with the relevant repayment schedule, repay or refinance some of its existing borrowings prior to Allotment. Further, the amounts outstanding under the borrowings as well as the sanctioned limits are dependent on several factors and may vary with the business cycle of our Company with multiple intermediate repayments, drawdowns and enhancement of sanctioned limits. Furthermore, our Company may also avail additional borrowings after the date of this Draft Red Herring Prospectus and/or draw down further funds under existing loans from time to time. Accordingly, in case any of the above loans are pre-paid or further drawn-down prior to the completion of the Issue, we may utilize the Net Proceeds towards repayment / pre-payment of such additional indebtedness.

For the purposes of the Issue, our Company has intimated and has obtained necessary consents from its lenders, as is respectively required under the relevant facility documentation for undertaking activities in relation to this Issue, including consequent actions, such as change in the capital structure, change in shareholding pattern of our Company, amendment to the Articles of Association of our Company, etc., and as well as waiver for payment of prepayment charges arising out of such loans.

Our Promoters, Directors, Key Managerial Personnel and Senior Management do not have any interest in the proposed prepayment or scheduled repayment of the aforementioned outstanding borrowings availed by our Company except being guarantor as mentioned in above table. The Net Proceeds from the proposed prepayment or scheduled repayment are not being indirectly routed to our Promoters or the members of the Promoter Group.

(2) Capital Expenditure for Expansion of Manufacturing Capacity

Our Company has been engaged in the business of manufacturing of products for packaging solutions. We manufacture printed mono-cartons, roll foams, labels, stickers, etc. and we cater to diverse industries such as pharmaceuticals, food & beverages, garments, cosmetics, electronics, and automobiles, delivering customized packaging solutions designed to meet specific client requirements.

Our Company proposes to utilize a portion of the Net Proceeds towards purchase and installation of advanced machineries to expand its installed capacity by acquiring new machinery dedicated to scaling output volumes that will enable our Company to manufacture a higher quantity of packaging boxes, roll foams, labels, etc. The capacity expansion will allow us to cater to growing demand from existing clients while also tapping new industry segments and export markets. By increasing production capacity, our Company expects to achieve economies of scale, strengthen its market share and improve revenue visibility. The expansion is aligned with our Company's long-term growth strategy of becoming a leading integrated packaging solutions provider across diverse industries.

Accordingly, our Company proposes to utilise ₹ 1,574.96 lakhs out of the Net Proceeds of the Issue towards purchase of additional machinery required for the proposed expansion for the increase in production.

The details of the machineries proposed to be purchased by our Company are as follows:

Justification for “Holding period” levels

Current Assets	
Inventories	Holding the right level of inventory is crucial for maintaining smooth production operations and minimizing costs. In FY 2022-23 the inventory holding period was 23 days which rose to 64 days in FY 2023-24. However, for FY 2024-25 the holding level of Inventory further increased to 155 days. The rise is primarily attributable to scale-up in operations, stocking of critical inputs, and alignment with anticipated demand. It is projected that inventory holding period to be maintained at 99 days in FY 2025-26, 93 days in FY 2026-27 and 90 days in FY 2027-28 aligning with the Company’s operational cycle and industry benchmarks. The projected inventory holding period is expected to improve due to better inventory planning, optimized procurement cycles, and improved demand forecasting as the scale of operations increases.

Trade Receivables	Holding the right level of trade receivables is vital for managing a company's cash flow and ensuring financial stability. The holding period of trade receivables for FY 2022-23 was 191 days which improved to 120 days in FY 2023-24 and 103 days in FY 2024-25. It is projected that receivables holding period to be maintained at 59 days, 95 days and 94 days for FY 2025-26, FY 2026-27 and FY 2026-27 respectively. The projected trade receivables days aimed at fostering higher sales growth. With additional working capital facilities, we intend to provide our customers with credit periods, allowing them time to settle their invoices. By offering this flexibility, we expect to stimulate increased sales volume and foster stronger customer relationships.
Current Liabilities	
Trade Payables	Trade payables represent credit extended by suppliers and form a key component of working capital management. Holding the right level of trade payables is essential for managing a company's working capital and maintaining cordial supplier relationships. The trade payables holding period was 253 days and 166 days in FY 2022-23 and FY 2023-24 respectively and slightly increased to 176 days in FY 2024-25 reflecting renegotiation of supplier terms and operational adjustments. It is further projected that creditors holding period will further improve to 51 days, 52 days and 48 days for FY 2025-26, FY 2026-27 and FY 2027-28 respectively, in order to gain the better terms and improve profitability. By reducing the time, it takes to settle our payables, we aim to negotiate more favorable terms and conditions with our suppliers, enabling us to access competitive pricing for the raw materials we procure. Timely settlements not only solidify our long-term relationships with suppliers but also ensure the continuity of our supply chain.

As on the date of the Draft Red Herring Prospectus, we have not raised any bridge loans which are proposed to be repaid from the Net Proceeds. However, depending upon business requirements, our Company may consider raising bridge financing facilities, including through secured or unsecured loans. If any bridge financing is availed to fund any of the objects mentioned above, then the same would be repaid out of the IPO proceeds and such utilization (towards repayment of Bridge Loan) shall be construed to be done for the specific object itself.

INTERIM USE OF FUNDS

Pending utilization of the Net Proceeds for the purposes described above, our Company will temporarily invest the Net Proceeds in deposits with scheduled commercial banks included in second schedule of Reserve Bank of India Act, 1934.

In accordance with Section 27 of the Companies Act, 2013, our Company confirms that, pending utilization of the Net Proceeds of the Issue as described above, it shall not use the funds from the Net Proceeds for any investment in equity and/ or real estate products and/ or equity linked and/ or real estate linked products.

MONITORING OF UTILIZATION OF FUNDS

There is no requirement for the appointment of a monitoring agency, as the Issue Size is less than Rs. 5,000 Lakhs as per Regulation 262 (1) of the SEBI ICDR Regulations. Our Board and Audit Committee will monitor the utilization of the Net Proceeds through its audit committee and will disclose the utilization of the Net Proceeds under a separate head in our balance sheet along with the relevant details, for all such amounts that have not been utilized. Our Company will indicate investments, if any, of unutilized Net Proceeds in the balance sheet of our Company for the relevant Fiscal Year subsequent to receipt of listing and trading approvals from the Stock Exchange.

Pursuant to Regulation 32 (5) of the SEBI LODR Regulations, our Company shall disclose to the Audit Committee the uses and application of the Net Proceeds. Our Company shall prepare an annual statement of funds utilized for purposes other than stated in this Draft Red Herring Prospectus, certified by Statutory Auditors of the Company and place it before the Audit Committee, as required under applicable laws. Such disclosure shall be made only until such time that all the Net Proceeds have been utilized in full. Furthermore, in accordance with Regulation 32 (1) of the SEBI LODR Regulations, our Company shall furnish to the Stock Exchange on a quarterly basis, a statement indicating (i) deviations, if any, in the utilization of the Net Proceeds from the Objects as stated above; and (ii) details of category wise variations in the utilization of the Net Proceeds from the Objects as stated above. This information will also be published in newspapers simultaneously with the interim or annual financial results, after placing the same before the Audit Committee.

VARIATIONS IN OBJECT

In accordance with Section 13(8) and Section 27 of the Companies Act, 2013 and applicable rules, our Company shall not vary the Objects without our Company being authorized to do so by the Shareholders by way of a special resolution through postal ballot and any variation will be in accordance with the applicable laws including the Companies Act and the SEBI ICDR Regulations. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution (the - postal ballot notice) shall specify the prescribed details as required under the Companies Act and applicable rules. The postal ballot notice shall simultaneously be published in the newspapers, one in English and one in the vernacular language of the jurisdiction where the Registered Office of the Company is situated. Our Promoter or controlling Shareholders will be required to provide an exit opportunity to such Shareholders who do not agree to the proposal to vary the Objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

OTHER CONFIRMATIONS

No part of the Net Proceeds will be paid by us to the Promoter and Promoter Group, the Directors, Key Management Personnel, Senior Management or Group Companies, except in the normal course of business and in compliance with the applicable law. Further, except in the ordinary course of business, there is no existing or anticipated interest of such individuals and entities in the Objects as set out above.

BASIS FOR ISSUE PRICE

Investors should read the following summary with the section titled “**Risk Factors**”, the details about our Company under the section titled “**Our Business**” and its financial statements under the section titled “**Financial Information**” beginning on page 28, 160 and 242 respectively of the Draft Red Herring Prospectus. The trading price of the Equity Shares of our Company could decline due to these risks and the investor may lose all or part of their investment.

The Issue Price and Price Band will be determined by our Company in consultation with the BRLM on the basis of the assessment of market demand for the Equity Shares through the Book Building Process and on the basis of the quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹ 10.00 each and the Issue Price is ₹ [●] times of the face value.

QUALITATIVE FACTORS

We believe the following business strengths allow us to successfully compete in the industry:

- Experienced Promoters and Management Team
- Diverse Product Portfolio
- Commitment to Quality Standards
- Relationships with Clients and Suppliers
- Business Processes and Management Framework

For a detailed discussion on the qualitative factors which form the basis for computing the price, please refer to sections titled “**Our Business**” beginning on page 160 of this Draft Red Herring Prospectus.

QUANTITATIVE FACTORS

The information presented below relating to our Company is based on the Restated Financial Statements for the period ended January 31, 2026, financial years ended on March 31, 2025, March 31, 2024 and March 31, 2023. For more details on financial information, please refer the chapter titled “**Restated Financial Information**” beginning on page 242 of this Draft Red Herring Prospectus.

Some of the quantitative factors which may form the basis for calculating the Issue Price are as follows:

1. Basic and Diluted Earnings / (Loss) Per Share (“EPS”)

Period	Basic and Diluted EPS (₹)*	Weights
For the Financial Year ended March 31, 2023	7.36	1

b. Description on the historic use of the KPIs by our Company to analyse, track or monitor the operational and/or financial performance of our Company.

In evaluating our business, we consider and use certain KPIs, as presented above, as a supplemental measure to review and assess our financial and operating performance. The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Financial Information. We use these KPIs to evaluate our performance. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies and hence their comparability may be limited. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that it provides an additional tool for investors to use in evaluating our ongoing results, when taken collectively with financial measures prepared in accordance with applicable Accounting Standards.

GLOBAL ECONOMIC OUTLOOK

The global economy has shown notable resilience to heightened trade tensions and policy uncertainty. Last year, stockpiling of traded goods, strong risk appetite, and a surge in artificial intelligence (AI) spending supported activity, while supply chains adapted to rising trade barriers. The faster-than-expected pace of growth capped a five-year global recovery from the 2020 recession unmatched in more than six decades, although vulnerable emerging market and developing economies (EMDEs) are lagging far behind. Looking forward, global growth is projected to edge down to 2.6 percent this year as several supportive factors fade. In particular, trade growth is set to weaken as firms scale back inventory accumulation and tariff effects intensify. With output growth subdued, vulnerable EMDEs—particularly low-income countries and economies facing fragile and conflict situations—confront significant challenges. More broadly, without stronger economic dynamism, many EMDEs will struggle to create enough jobs for expanding working-age populations. Near-term risks are tilted to the downside. Growth could falter if trade tensions escalate, barriers rise further, or financial market sentiment deteriorates amid asset price declines, fiscal concerns, or inflation surprises. On the upside, firms’ adaptability to new trade conditions could support growth, and AI-related activity could broaden. Global efforts are needed to improve the trade environment, ease financing pressures in vulnerable EMDEs, and address climate risks. To catalyse private investment and support long-term growth and job creation, policy makers in EMDEs can advance reforms to diversify trade, strengthen fiscal and monetary frameworks, and address long-standing structural bottlenecks.

The global economy has been markedly more resilient than expected, despite last year’s historic escalation in trade tensions and policy uncertainty. This resilience reflected significant front-loading of trade, supply-chain adjustments, limited tariff pass-through, easier global financial conditions, and a surge in AI-related investment. As these supports fade, global activity and job creation are set to ease (refer to figure 1.1.A). The modest slowdown comes on the heels of a post-pandemic rebound over 2021–25 that represented the strongest recovery from a global recession in more than six decades; however, this rebound was remarkably uneven and came at the expense of higher inflation and debt. The outlook for global trade continues to be dampened by elevated trade tensions and policy uncertainty associated with higher tariffs (refer to figure 1.1.B). After global trade growth was propped up last year by the front-loading of goods trade ahead of tariff increases, it is projected to decelerate markedly in 2026, as stockpiling fades and the impact of tariff measures builds. In 2027, trade growth is expected to firm, as trade flows more fully adjust to tariff hikes and policy uncertainty recedes.

FIGURE 1.1 Global economic prospects

After exceeding expectations last year, global growth is forecast to edge down in 2026, with the slowdown partly reflecting the rise in trade barriers and elevated policy uncertainty. Oil prices are projected to soften alongside decelerating demand and increasing oil supply from the Organization of the Petroleum Exporting Countries and other affiliated oil producers (OPEC+). The drag on global growth from trade tensions is being partly offset by easier global financial conditions due to strong risk appetite. As a result, global growth this year is expected to be stronger relative to previous projections. Following the pandemic, an uneven and incomplete global economic recovery has left per capita incomes in many vulnerable EMDEs, particularly low-income countries and economies facing fragile and conflict situations, below pre-pandemic levels.

Global trade

After a 90-day pause, the U.S. administration reinstated broad reciprocal tariff increases in August 2025 and introduced additional country and sector-specific tariffs, exempting countries with finalized trade agreements. As a result, the average effective U.S. tariff rate rose to about 17 percent by late 2025—the highest level since the 1930s and near the rate assumed in June, but well below the mid-April peak of about 28 percent (refer to figure 1.3.A). Since then, trade policy uncertainty has subsided somewhat from historical highs as the conclusion of new bilateral trade agreements has helped clarify future tariff trajectories. Anticipation of rising U.S. tariffs, driven by earlier policy announcements, led to a sizable frontloading of imports ahead of tariff increases, particularly from countries facing higher tariffs compared with their competitors in the U.S. market (refer to figure 1.3.B). Subsequently, U.S. imports slowed markedly, with imports from countries subject to higher tariffs contracting in the second half of last year, and imports from other countries generally rising. The full impact from higher tariffs is expected to unfold gradually, partly because at imposition they did not apply to goods already in transit to the United States—a process that can take up to two months (CBO 2025b). This lag is reflected in the large gap observed in mid-2025 between implied tariffs, as measured by customs duty revenues, and the higher average effective tariff rate—a gap that has narrowed rapidly in recent months (Azzimonti 2025).

Economies with relatively diversified export destinations have generally seen improvements in their manufacturing PMI readings for new export orders, whereas those with more concentrated export markets have tended to experience declines (refer to figure 1.3.C). Meanwhile, services trade growth has slowed markedly, reflecting a pronounced deceleration in travel services following the post-pandemic recovery in global tourist arrivals. Transport services, which are closely tied to both travel and goods trade, have also decelerated notably.

Growth in global goods and services trade is expected to slow further this year, from 3.4 percent in 2025 to 2.2 percent in 2026, as the front-loading that supported trade in 2025 fades. Global trade growth in 2025 is 1.6 percentage points higher than June expectations, reflecting stronger stockpiling than anticipated. In turn, the unwinding of this temporary boost, along with delayed tariff effects, has resulted in a 0.2 percentage point downgrade to the trade growth projection in 2026. In 2027, trade growth is expected to firm to 2.7 percent, broadly in line with global output growth, as the impact of tariff hikes diminishes and policy uncertainty recedes. Countries with more diversified export destinations are expected to experience stronger trade growth over the forecast horizon (refer to figure 1.3.D). Tariff rates in effect as of late 2025 are assumed to prevail throughout the forecast period.

The trade outlook remains subject to substantial downside risks. While progress in trade negotiations and limited retaliation have helped ease tensions since mid-2025, uncertainty persists, particularly over the implementation of recent agreements and the trajectory of trade relations among major economies. There is a significant risk that trade tensions could re-escalate, especially as higher tariffs could redirect exports to third countries, leading domestic producers in those countries to seek protection from increased import competition. In addition, a rise in geopolitical tensions and broader use of secondary sanctions could further dampen global trade (Mulabdic and Yotov 2025).

INDIAN ECONOMIC

INTRODUCTION

Union Minister for Finance, Ms. Nirmala Sitharaman, presented the Economic Survey 2025–26 in Parliament ahead of the Union Budget. The key highlights are as follows:

State of the Economy: Pushing the Growth Frontier

- India's reform momentum over the past decade has enhanced its resilience to global economic direction, with a strategic focus on building strategic indispensability in global value chains.
- Global Economic Growth:
 - The announcement of reciprocal tariffs by the United States in April 2025 initially raised concerns over global growth and inflation, but near-term activity remained resilient.
 - Global growth is projected at 3.3% in 2026, fully recovering from the April 2025 tariff-related downgrade and returning to its January 2025 level. Advanced economies (AEs) are expected to grow at 1.8%, driven largely by continued US resilience, while emerging market and developing economies (EMDEs) are projected to expand by 4.2%, slightly below initial expectations, reflecting lingering effects of tight financial conditions and trade uncertainty. Overall, growth stabilises but remains uneven and regionally divergent.
- Global inflation is projected to rise modestly to 3.8% in 2026, indicating that disinflation remains incomplete. Advanced-economy inflation is expected to stay elevated at 2.2%, reflecting persistent services and wage

pressures, while EMDE inflation is projected at 4.8%, driven by domestic demand and food-price risks. Inflation dynamics suggest restrictive global monetary conditions are likely to persist.

- Global foreign direct investment (FDI) flows declined by 11% YoY in 2024, reflecting heightened policy and geopolitical uncertainty.
- Economic statecraft has intensified globally, with tariffs, export controls, subsidies and sanctions increasingly used as strategic tools.
- Strategic competition has increased in sectors such as semiconductors, artificial intelligence, critical minerals, electric vehicles and renewable energy.
- United States: Growth remained strong, driven by artificial intelligence–related investment, despite inflation remaining above the 2% target a rising unemployment rate.
- Euro Area: Growth remained mixed, with Germany, France, and Italy remaining moderate, while Spain is anticipated to outperform.
- China: Continued to face deflationary pressures due to weak domestic demand and a prolonged real estate sector slowdown.
- Japan: Recorded moderate growth, with inflation remaining above the Bank of Japan’s target of 2%.

- **India’s Economic Performance:**

- India: Estimated real GDP growth of 7.4% in FY26, with GVA growth of 7.3%, reaffirming India as the fastest-growing major economy.
- Growth was primarily driven by strong domestic demand, supported by private consumption and investment.
- Private Consumption: Private Final Consumption Expenditure (PFCE) grew by 7.5% in H1 FY26 and accounted for 61.4% of GDP, the highest since FY12.
- Consumption growth was supported by low inflation, steady employment conditions, and improved real purchasing power.
- Rural demand benefited from favourable monsoon conditions and stable growth in allied agricultural activities.
- Urban consumption improved due to rationalisation of direct and indirect taxes.
- Investment: Gross Fixed Capital Formation (GFCF) accounted for 30.0% of GDP in FY26, indicating a sustained investment cycle.
- GFCF grew by 7.6% in H1 FY26, supported by strong public capital expenditure and a revival in private investment announcements.
- Capacity utilisation remained above long-term averages, supporting fresh investment activity.
- Industry: Industrial GVA grew by 6.2% in FY26, led by manufacturing growth of 7.0%.
- Manufacturing activity strengthened, supported by resilient demand and improved utilisation of existing capacities.
- Construction: Continued to grow at a robust pace, supported by sustained infrastructure spending.
- Agriculture: Grew by 3.1% in FY26, supported by favourable monsoon conditions and stable growth in livestock and fisheries.
- Services: Expanded by 9.1% in FY26, accelerating from FY25 and remaining the largest contributor to GDP.
- Financial services, real estate and professional services were the key drivers of services sector growth.
- External Sector: Exports of goods and services grew by 5.9% in H1 FY26, with services exports offsetting volatility in merchandise trade.
- Inflation: Headline CPI inflation averaged 1.7% during April–December FY26, driven primarily by food price disinflation.
- Core inflation remained subdued after excluding precious metals, indicating limited demand-side pressures.
- Fiscal Policy: Strong tax buoyancy and restrained revenue expenditure enabled a continued capital expenditure push.
- Capital expenditure reached nearly 60% of the budgeted level by November 2025.
- Fiscal deficit remained on track to achieve the FY26 target of 4.4% of GDP.
- Monetary Policy: Cumulative repo rate cuts of 125 basis points since February 2025, along with liquidity measures, improved monetary transmission.
- Banking sector balance sheets strengthened further, with non-performing assets at multi-decade lows.
- Growth Prospects: India’s medium-term growth potential is assessed at around 7%, supported by macroeconomic stability and structural reforms.

EXECUTIVE SUMMARY

- The Indian paper industry's estimated domestic market size in 2024-25 is 23.84 million metric tonnes, with an expected annual growth rate of 5.97%.
- As of 2024, Packaging is the fifth largest sector of Indian economy.
- Packaging is among the high growth industries in India and developing at the rate of 22-25% per annum and becoming a preferred hub for packaging industry.
- The packaging industry has played a significant role in recent years in advancing innovation and technology in the nation and enhancing value across a range of manufacturing sectors, including the FMCG and agricultural industries.
- As of 2024, India has 22,000 packaging units, of which 85% are small and medium enterprises (SMEs).
- In 2024-25, India's installed capacity of paper and paperboard stood at 5.20 million tonnes per annum, with production reaching 4.94 million tonnes. Domestic sales accounted for 4.41 million tonnes, while exports were 0.49 million tonnes. The industry operated at a capacity utilisation rate of 95.03%.
- As of 2024, India is home to around 850 paper mills, which collectively produce about 25 million tonnes of paper each year. This production volume is expected to rise to approximately 35 million tonnes by the FY30.
- The expansion of the middle class, enhancements made to the supply chain, and the emergence of e-commerce in recent times are the primary factors responsible for the growth of the packaging industry in India.
- The nation's increasing focus on food safety and quality is projected to fuel the food processing sector, which will increase demand for packaging.
- FDI permitted is 100% through the automatic route.
- Cumulative FDI inflows stood at Rs. 10,208.95 crore (US\$ 1,750.11 million) in the Paper and Pulp (including paper) sector between April 2000-June 2025.

ADVANTAGES IN INDIA

1. Robust Demand

- India continues to lead the global paper market, with domestic consumption of packaging paper and paperboard growing at 8.2% in 2023-24.
- Paper packaging market reached Rs. 1,67,110 crores (US\$ 19.07 billion) as of August 2025, growing at 19.48% CAGR to reach Rs. 4,06,866 crores (US\$ 46.43 billion) by 2030.
- India packaging industry valued at Rs. 7,36,092 crores (US\$ 84 billion) in 2024, projected to reach Rs. 12,53,109 crores (US\$ 143 billion) by 2029 at CAGR 11.00% during 2024-2029.

2. Innovation towards sustainability

- Sustainability leaders: ITC, TNPL, JK Paper, West Coast Paper, Huhtamaki PPL, Emami Paper, and BILT are advancing circular economy practices, renewable energy use, responsible sourcing, and community engagement, driving a greener packaging industry.
- CSIR mission: CSIR, led by CSIR-NIIST, has launched the National Mission on Sustainable Packaging Solutions to develop eco-friendly materials, recycling methods, and testing facilities, aiming for a net-zero packaging sector.

3. Policy Support

- Initiatives like "Make in India" and GST reforms are bolstering the demand for advanced packaging infrastructure, creating a more conducive environment for both domestic and international players.
- As the packaging industry stands as the fifth largest industry in India, the government plans to adopt several initiatives that focus on the sustainability manufacturing methods, minimizing of plastic packaging and adoption of sustainable material for the packaging industry.

4. Increasing Investment

- SIG, a Swiss based packaging company, laid the foundation of first aseptic carton packs in Ahmedabad in 2023 and plan to invest a sum of Rs. 880 crore (US\$ 106.02 million) over the period of 2023-2025, with additional US\$ 50 million committed for Phase 2 by 2027.
- Cumulative FDI inflows stood at Rs. 10,208.95 crore (US\$ 1,750.11 million) in the Paper and Pulp (including paper) sector between April 2000-June 2025.

MARKET OVERVIEW AND TRENDS

EVOLUTION OF PAPER AND PACKAGING IN INDIA

Pre-1990s	1990-2005	2005-2010	2010 onwards
			
Experienced significant growth as economic reforms, rising demand, technological advancement and entry of multinational companies took place	- Companies like ITC Limited, JK Paper, and West Coast Paper Mills expanded their manufacturing capacities to meet the rising demand. - Ballarpur Industries Limited (BILT), one of India's largest paper manufacturers, upgraded its production facilities with state-of-the-art technology to improve efficiency and product quality.	- Substantial investment commitment from large Indian corporates - Focus on sustainable packaging - Export growth - Increased government support to large players.	- Cumulative FDI inflows stood at Rs. 10,208.95 crore (US\$ 1,750.11 million) in the Paper and Pulp (including paper) sector between April 2000-June 2025. - FDI permitted is 100% through the automatic route.

EXPORT IN PULP AND PAPER INDUSTRY DRIVING GROWTH

Source: IPMAI

- Imports rose to 2,778.40 thousand tonnes in 2024-25, up from 2,593.60 thousand tonnes in 2023-24, an increase of 184.80 thousand tonnes.
- In 2024-25, exports of paper, paperboard and newsprint stood at 1,529.50 thousand tonnes, down from 1,560.20 thousand tonnes in 2023-24, a decrease of 30.70 thousand tonnes.

- In 2024-25, India's paper industry derived an estimated 74-76% of its production from recovered paper and recycled fiber, 18-20% from wood and bamboo, and 6-8% from agro residue such as bagasse and wheat straw.
- In 2024-25, India's installed capacity of paper and paperboard stood at 5.20 million tonnes per annum, with production reaching 4.94 million tonnes. Domestic sales accounted for 4.41 million tonnes, while exports were 0.49 million tonnes. The industry operated at a capacity utilisation rate of 95.03%.
- In 2024-25, India's domestic paper market is estimated at 23.84 million tonnes, growing at 5.97% annually. Packaging paper and paperboard dominate at 15.54 million tonnes (7.68% growth), led by kraft paper (9.22 million tonnes, 8.27% growth) and paperboard (6.32 million tonnes, 6.83% growth). Writing and printing paper stands at 5.47 million tonnes (3.05% growth), tissue at 0.37 million tonnes (fastest at 12.88%), while newsprint is 1.13 million tonnes, declining -2.33%.

PACKAGING SECTOR TO LEAD THE GROWTH TRAJECTORY

The packaging industry can be categorized into two segments: flexible and rigid :-

- Flexible packaging held 54.32% of India's packaging market in 2024, growing at an 11.51% CAGR as converters switched from rigid tubs to lightweight pouches, cutting freight costs by up to 70%. Rising use in ready-to-eat grains, nutraceutical sachets, and single-dose agrochemicals reflects demand for hermetic seals and easy tear-open features. Sustainability is driving adoption of mono-material PE-PE and PP-PP laminates, while EVOH barriers extend shelf life for retorted foods without aluminium foils. Digital watermarks are also being introduced to improve sortation in recovery facilities and enhance recyclability.
- Rigid packaging remains strong in carbonated beverages, detergents, and premium skincare, where strength, drop resistance, and shelf presence are critical. Growth potential exists in thin-wall injection-molded PP tubs with talc fillers that deliver 20% weight savings. In aseptic cartons, SIG's US\$ 90 million investment in Ahmedabad, with capacity for four billion packs annually, underlines confidence in the shift from open pouches to shelf-stable milk systems. Converters are also rebalancing machinery portfolios, combining flexographic presses for high-mix SKUs with injection lines compatible with recycled resins, highlighting the industry's dual push for efficiency and sustainability.

FOOD INDUSTRY EXPECTED TO HOLD MARKET SHARE IN PACKAGING

- India's food & beverage packaging market is projected to rise from Rs. 3,31,595 crores (US\$ 38.30 billion) in 2025 to Rs. 4,53,625 crores (US\$ 52.50 billion) in 2030, implying a CAGR of ~6.5% (Mordor Intelligence).
- Growth is driven by surging demand for processed and packaged foods, with domestic packaged-food sales expected to reach Rs. 11,02,610 crores (US\$ 1.27 trillion) by 2027.
- Packaging technologies like multilayer films, retort pouches, and sterilizable trays are gaining traction for shelf-life extension and safety.
- Key Statistics:
 - Material mix (2024): Plastic (~56%), Paper & Paperboard (~39%),

- Metal/Glass – smaller but fast-growing (Mordor Intelligence).
- Format mix (2024): Flexible packaging dominates (53.3%), while rigid formats (bottles, jars, cans) are rising with premiumization.
- High-growth segments: Metal packaging (~7.3% CAGR, 2025-30); Beverage packaging (~7.8% CAGR, 2025-30).
- Major food delivery players across India, such as Swiggy and Zomato, expanded their base to tier two and tier three cities. Containers, such as bowls, trays, and containers, increased prominently.
- India's food processing sector is adopting smart and innovative packaging, boosting food safety and positioning the country as a global hub for packaging materials.

UPCOMING PROMINENT TRENDS

1. Focus on hygiene and healthcare driving Paper Industry Growth

With heightened importance of hygiene and healthcare products, paper-based materials, such as tissue paper and medical packaging, have seen increased demand, driving industry growth.

2. Increasing Demand for Sustainable packaging

India's green packaging market is set to grow at a 7.24% CAGR (2023-2028). In the food and beverage sector, sustainable packaging is now a necessity, not just an option.

3. Extensive usage of Plastic Sacks

Packaging sacks are increasingly being used for packaging products such as chemical, food, and fertilizers. Smart packaging and personalization are key trends driving innovation in the packaging industry.

STRATEGIES

1. Sustainable Practices

- Adoption of sustainable forestry practices to ensure a continuous supply of raw materials without depleting natural resources.
- Implementation of eco-friendly production processes to reduce energy consumption and waste generation.
- ITC Limited's Paperboards and Specialty Papers Division has implemented sustainable forestry practices and introduced eco-friendly packaging solutions to reduce its environmental footprint.

2. Product Diversification

- Expanding product portfolios to offer a wide range of paper and packaging solutions catering to different industries and consumer needs.
- Investing in research and development to develop innovative packaging materials.
- UFlex Limited offers a diverse range of flexible packaging solutions including laminates, tubes, and labels, catering to industries such as
- food, pharmaceuticals, and personal care.

3. Cost Optimization

- Optimizing production processes to reduce manufacturing costs and improve efficiency.
- Investing in modern machinery and technology for higher productivity and cost-effectiveness.
- West Coast Paper Mills Limited has invested in modernizing its manufacturing facilities to enhance efficiency and reduce production costs.

4. Market Expansion

- Exploring new markets domestically and internationally to expand market reach and increase sales.
- Forming strategic partnerships and alliances with distributors and retailers to enhance distribution networks.
- JK Paper Limited has expanded its market presence both domestically and internationally by exporting its products to over 40 countries.

5. Customer-Centric Approach

- Understanding customer requirements and providing customized packaging solutions to meet their specific needs.
- Offering value-added services such as design assistance and technical support.
- International Paper APPM Limited provides tailor-made packaging solutions to its customers across various industries including FMCG, pharmaceuticals, and retail.

6. Digital Transformation

- Embracing digital technologies for process automation, inventory management, and customer relationship management.
- Implementing digital solutions for online ordering and tracking to enhance customer convenience.
- TCPL Packaging Limited has adopted digital solutions for order management and inventory tracking, streamlining its operations and improving customer service.

7. Quality Assurance and Compliance

- Ensuring product quality and compliance with regulatory standards and certifications.
- Implementing quality control measures throughout the production process to maintain consistency and reliability.
- Ballarpur Industries Limited (BILT) adheres to stringent quality standards and holds certifications such as ISO 9001 and FSC (Forest Stewardship Council) for its paper products.

GROWTH DRIVERS FOR PAPER AND PACKAGING IN INDIA

1. E-Commerce Growth

- In 2024, e-commerce packaging grew at 15.1% CAGR with returns-ready, paper-based designs. Pharma exports drove demand for certified vials and HDPE bottles, while bulk packs relied on UV-stabilized films. Diversification reinforced the need for modular, quick-switch production lines

2. Government Initiatives for Sustainability

- Union MoS for Health & Family Welfare, Mr. Prataprao Ganpatrao Jadhav, inaugurated FSSAI's National Stakeholder Consultation on Sustainable Packaging (April 2025), highlighting the shift towards recyclable, biodegradable, and eco-friendly alternatives.
- In April 2025, FSSAI announced guidelines for use of rPET in food packaging and introduced a consumer logo, with over 1,500 stakeholders from industry, regulators, and consumer groups participating.

3. Increasing Awareness of Sustainability

- Growing environmental concerns and consumer awareness about sustainability have led to a shift towards eco-friendly packaging solutions. This trend has significantly boosted the demand for paper-based packaging products, as they are biodegradable, and recyclable compared to plastic alternatives.

4. Growth in FMCG and Retail Sectors

- The FMCG sector and retail industry are major consumers of packaging materials. As these sectors continue to grow due to factors such as urbanization, changing consumer lifestyles, and rising consumer spending, the demand for packaging materials, including paper-based solutions, is expected to rise substantially.
- The latest report, "Flexible Packaging Market in India 2024-28," highlights a substantial expansion, anticipating the market to surge by US\$ 15.6 billion over the next five years at a CAGR of 12.7%,

propelled by heightened demand in the FMCG sector.

5. Technological Advancement

- Technological advancements in the paper and packaging industry have enhanced efficiency and product quality, driving growth in the sector. Advanced printing technologies, automation in packaging lines, and the development of new grades of paper are enabling manufacturers to meet the evolving demands of customers and industries, thereby fuelling growth in the market.

E-COMMERCE BOOM – FOOD INDUSTRY AS A MAJOR CONTRIBUTOR

- India's food processing sector's market size is estimated to more than double from Rs. 26,41,121 crores (US\$ 307 billion) in 2023 to Rs. 60,22,100 crores (US\$ 700 billion) in 2030 driven by growing demand for processed products, according to PHD Chamber of Commerce and Industry (PHDCCI).
- Additionally, the Indian e-commerce industry, expected to reach US\$ 350 billion by 2030, is driving the growth of food packaging in the country. It has led to major players, like Amazon and Flipkart, entering the e-commerce space in food. Amazon has invested US\$ 35 million to enter this space. Flipkart has planned to invest US\$ 258 million to enter the retail food space.
- India's food services sector is projected to grow at a CAGR of 8.1% during CY24-CY28, driven by rapid urbanization, robust GDP growth, a young population, and rising consumer exposure, according to the India Food Services Report 2024 by the National Restaurants Association of India (NRAI). The sector contributed 1.9% to India's GDP in CY24, with a market size of Rs. 5,69,000 crores (US\$ 65.76 billion). It is forecast to reach Rs. 7,76,000 crores (US\$ 89.65 billion) by CY28, underscoring its expanding role in domestic consumption and employment.
- Food producers, especially prominent FMCG brands, have set ambitious targets to reduce the use of plastics in food packaging and adopt new eco-friendly materials. Therefore, paper-based packaging materials are becoming increasingly popular in India

PRODUCER OF PACKAGING PLAYS THE MAJOR ROLE

- The packaging industry value chain in India spans from feedstock suppliers to end consumers. It starts with raw material providers supplying wood pulp, recycled paper, plastic resins, metals, and glass, which are processed by manufacturers into usable forms; pulp mills for paper, resin producers for plastics, and metal refiners for sheets. Packaging producers convert these into paperboards, plastic containers, cans, and bottles, while converters and contract packagers customize solutions for brand owners and private labels. Consumers then use, store, or transport packaged products and contribute to recycling. Across the chain, stakeholders focus on market demand, regulations, and sustainability.
- Notable players include West Coast Paper Mills (wood pulp) and ITC (recycled paper); SRF and Reliance (plastic resins); Hindalco (metal refining); Tetra Pak India and Huhtamaki PPL (paper/plastic packaging); Hindustan Tin Works (metal) and Vidrala India (glass); and converters like Uflex and Essel Propack, serving FMCG leaders such as HUL and ITC.

SUSTAINABLE PACKAGING MAKING AN IMPACT

1. Material Selection

- There's a growing emphasis on selecting sustainable materials for packaging products. This includes sourcing materials from responsibly managed forests or using alternative fibers such as agricultural residue or recycled paper. By prioritizing materials with lower environmental footprints, the industry can reduce its impact on deforestation and contribute to conservation efforts.

2. Recycling Infrastructure

- Implementing robust recycling infrastructure is crucial for promoting sustainable packaging practices in India. The industry is increasingly investing in recycling facilities and promoting awareness about the importance of recycling among consumers. By encouraging the collection and recycling of used packaging materials, the industry can reduce waste sent to landfills and minimize the need for virgin materials, thereby conserving resources and reducing energy consumption.

3. Innovative Packaging Designs

- Indian paper and packaging companies are innovating to develop packaging designs that optimize material usage and minimize environmental impact. This includes lightweighting packaging materials to reduce material consumption, designing packaging for efficient transportation and storage, and exploring biodegradable or compostable packaging options.
- In July 2024, the Council of Scientific and Industrial Research (CSIR) has launched the National Mission on Sustainable Packaging Solutions, aiming for a net-zero future through innovation. Led by CSIR-NIIST, the initiative focuses on developing sustainable materials, recycling methods, and advanced testing facilities to enhance India's packaging sector and address environmental challenges.

4. Regulatory Compliance and Certification

- Compliance with environmental regulations and obtaining certifications such as FSC (Forest Stewardship Council) or PEFC (Programme for the Endorsement of Forest Certification) is becoming increasingly important for players in the Indian paper and packaging industry. Application of tax at all points of supply chain is likely to require adjustments to profit margins, especially for distributors and retailers.

- The government has launched the National Packaging initiative which focuses on the following measures to promote the sector:
 - Set up guidelines and certain requirements for design and material of packaging used
 - Promote the process of moving in bulk quantities
 - Focus on promotion of centralized industrial activity by encouraging application of necessary and sophisticated infrastructure such as
 - specialized logistic parks with appropriate facilities as well as packaging labs to work on designs and carry out tests
 - Encourage processes to reduce packaging waste by establishing material recovery facilities (MRFs)
 - Support domestic business to manufacture sophisticated packaging materials
 - Develop training facilities and certified programs of the highest order to maintain availability of skilled labour

Below are some of the recent developments that have taken place in the paper and packaging industry in India:

- February 2025 – Tetra Pak: Introduced packaging with 5% ISCC PLUS certified recycled polymers, aligning with April 2025 plastic-waste compliance rules.
- January 2025 – Huhtamaki India: Hosted 2nd Think Circle forum with CII to accelerate design-for-recycling standards for flexible packaging.
- January 2025 – Canpac Trends: Acquired Saptagiri Packagings, adding blister-backer cards and a Silvassa plant to strengthen western-India operations.
- December 2024 – JK Paper: Merged Horizon Packs, Securipax Packaging, and JKPL Utility Packaging; acquired Radhesham Wellpack to expand corrugated packaging capacity.
- In May 2024, Andhra Paper Ltd. signed a Rs. 125 crore (US\$ 14.4 million) deal with Sweden's Valmet AB for a tissue paper production line,
- following its Rs. 270 crore (US\$ 31.1 million) investment approval for a 100-ton daily capacity machine at its Andhra Pradesh facility.

OPPORTUNITIES

GROWTH VALUE PROPOSITION

GROWTH OPPORTUNITIES IN INDIAN PAPER AND PACKAGING INDUSTRY

1. E-Commerce Packaging Solutions

- India's booming e-commerce sector presents a significant growth opportunity for the paper and packaging industry. As more consumers opt for online shopping, there is a rising demand for innovative and sustainable packaging solutions tailored to the needs of e-commerce companies.

2. Bio-Based and Sustainable Packaging

- With increasing environmental concerns and regulations, there's a growing demand for bio-based and sustainable packaging materials in India. This presents an opportunity for the paper and packaging industry to develop eco-friendly alternatives to conventional packaging materials.

3. Premium Packaging for Luxury Goods

- India's rising middle class and increasing disposable income have led to a growing market for luxury goods. This creates a demand for premium packaging solutions that reflect the brand's identity and enhance the perceived value of the product.

4. Expansion of Packaging Infrastructure

- India's expanding retail sector, coupled with government initiatives such as "Make in India" and GST reforms, is driving the need for modern packaging infrastructure across the country. This presents an opportunity for the paper and packaging industry to invest in the expansion and modernization of production facilities and distribution networks.

Conclusion

The industry information presented above is intended to provide a general background of the paper and packaging sector; based on publicly available sources including the IBEF Report. This overview is not exhaustive and should not be construed as indicative of our Company's future performance. Against this backdrop, the following chapter sets out details of our business operations, strategies, and financial performance.

Unless stated otherwise, the financial data in this section is as per our Restated financial statements prepared in accordance with Accounting Standard set forth in the Draft Red Herring Prospectus.

OVERVIEW

Our Company has been engaged in the business of manufacturing of packaging products since 1998, initially operating as a partnership firm under the name *M/s. Bipin Offset*. Over the years, we believe that we have established ourselves as a trusted provider of customized packaging solutions catering to diverse industries such as pharmaceuticals, food and beverages, garments, cosmetics, electronics, and automobiles. Our product portfolio includes printed mono-cartons, roll foams, labels, stickers, calendars, brochures, and other printed materials, designed to meet specific client requirements.

In line with our strategy to diversify and strengthen our presence across the packaging and printing value chain, we have recently expanded into the trading of printing machinery. Pursuant to a Sales Agency Agreement with *M/s. Hebei Wanjie Machinery Technology Co., Ltd.*, a manufacturer based in China, we commenced import and sale of printing machines in India, Thailand, Sri Lanka and Bangladesh. This vertical complement our packaging operations and positions us as an integrated solutions provider.

With a vintage of more than twenty-eight years, our Company has evolved from a partnership firm into a corporate entity. The partnership firm was converted into a private limited company under the provisions of the Companies Act, 2013, and subsequently into a public limited company under the name “*Bipin Offset Limited*” on July 01, 2025. Our Corporate Identification Number is U21093GJ2021PLC127061.

We operate from a long term leased manufacturing facility located in the Sanand Industrial Area, Ahmedabad, allotted by Gujarat Industrial Development Corporation (GIDC) with a lease tenure of 99 years. The facility spans a land area of 2,149.51 square meters with a built-up area of approximately 1,878.87 square meters across two floors. It is designed for offset printing of packaging material and is equipped with significant infrastructure. The facility holds ISO 9001:2015 certification for Quality Management Systems and ISO 22000:2018 certification for Food Safety Management Systems.

Our financial performance has demonstrated consistent growth over the last three financial years. Revenue from Operations increased from ₹1,291.71 lakhs in FY 2022-23 to ₹1,693.33 lakhs in FY 2023-24, and further to ₹2,395.92 lakhs in FY 2024-25. EBITDA improved from ₹125.73 lakhs in FY 2022-23 to ₹256.53 lakhs in FY 2023-24, and ₹432.81 lakh in FY 2024-25. Profit after Tax rose from ₹24.17 lakhs in FY 2022-23 to ₹71.45 lakhs in FY 2023-24, and ₹170.57 lakhs in FY 2024-25. For the period ended January 31, 2026, Revenue from Operations, EBITDA, and Profit after Tax stood at ₹2785.53 lakhs, ₹724.58 lakhs, and ₹381.32 lakhs respectively.

Our business currently operates through two verticals: **Offset Printing & Packaging** and **Trading of Printing Machines**. Geographically, a significant portion of our revenue is derived from the state of Gujarat.

The Company is managed by three directors: Mr. Rakesh Bhogilal Patel, Mrs. Zinnal Rakeshkumar Patel and Mr. Vijay Kanjibhai Patel. Our Promoter, Mr. Rakesh Bhogilal Patel, founded the business in 1998 at the age of 23 and

brings over 28 years of extensive experience in the printing and packaging industry. As of January 31, 2026, we employ 56 full-time staff across administration, design, finance, production, quality assurance, sales, dispatch, and marketing functions, supplemented by daily wage labour engaged as required by production demands.

We follow a structured, process-driven business model encompassing order feasibility assessment, order execution, and integrated printing and packaging operations. Our production activities are supported by defined workflows, job tracking systems, and multi-stage quality control mechanisms to ensure adherence to customer specifications. In addition, our trading vertical imports and supplies printing machinery based on customer requirements. A formal non-conformance and corrective action framework supports continuous improvement, with finished products and traded machinery delivered in accordance with established quality and compliance standards.

Our strategic focus is to strengthen our presence in the packaging and printing industry through capacity enhancement, operational efficiency, and expansion of our machinery trading vertical. We aim to achieve this by maintaining quality standards, diversifying our customer base, strengthening supplier relationships, and ensuring disciplined working capital management.

Our Company benefits from experienced Promoters and a Senior Management Team with relevant expertise in the offset printing and packaging industry, providing strategic direction and operational oversight. Our diversified product portfolio, ISO-certified facility, structured quality control systems, and long-standing relationships with clients, suppliers, and overseas machinery partners collectively support operational continuity, procurement efficiency, and scalability of operations.

OUR REVENUE MODEL

Presently, our Company operates its business through two primary sales verticals:

- Printing & Packaging:** Revenue generated under this vertical is mainly by providing offset printing and packaging solutions which include comprehensive printing, packaging, and labeling solutions.
- Selling of Printing Machines:** Our company has started this vertical since September, 2025 wherein we are the Sole Selling Agent for India, Thailand, Sri Lanka, and Bangladesh of M/s Hebei Wanjie Machinery Technology Co., Ltd., of China which is a manufacturer of various Printing machines.

OUR PRODUCTS AND OFFERINGS

As mentioned in the *Our Revenue Model* above we are engaged in providing offset printing and packaging solutions as well as selling of printing machines.

a) Products under Printing & Packaging vertical:

With over two decades of experience, which include comprehensive printing, packaging, and labeling solutions, our company provides packaging services to clients across various industries as per the customised requirement of our customers. Our product portfolio under this vertical includes Printed Mono-cartons, Roll Foams, Labels and Stickers and others (which include Brochures, Inserts and Calendars, etc) for diverse industries including pharmaceuticals, FMCG, food & beverages, cosmetics, and luxury goods.

These all the products are manufactured at our manufacturing facility located at Sanand, in Ahmedabad District of Gujarat.

Product Categories:

1. Printed Mono-carton Packaging:

Mono-carton packaging is one of the most versatile and widely adopted forms of packaging across multiple industries like pharmaceutical, FMCG, food & beverages, cosmetics, etc. It combines durability, cost-efficiency, and design flexibility. Our company's Mono-carton packing solutions are aimed to provide optimum safety to the product in an environment friendly manner, making it attractive for the customers.

• ***Pharmaceutical Packaging***

• ***FMCG Packaging***

- **Food & Beverages Packaging**

- **Cosmetic Packaging**

2. Roll Foams, Labels & Stickers:

a) Roll Foams:

Roll adhesive sticker labels are one of the most effective tools for product branding and identification, resistant to moisture, abrasion, and handling, ensuring labels remain intact throughout the product lifecycle. They are supplied in continuous rolls, making them easy to apply manually or through automated labeling machines. Available in various shapes, sizes, finishes (gloss, matte, UV coating), and adhesive strengths. High-resolution printing enhances visibility and communicates vital product information.

b) Packaging Labels & Stickers:

Packaging labels and stickers are critical components of modern product branding and compliance. They serve as both an information carrier and a marketing tool, ensuring that products stand out on shelves. Our Company specializes in designing and manufacturing high-quality labels and stickers for its nationwide clientele from diverse sectors. These labels are also resistant to moisture, abrasion, and handling, maintaining integrity throughout the product lifecycle and can be tailored to suit the diverse industries with options for size, shape, colour and finish, providing spaces for barcodes, QR codes, nutritional facts, safety instructions, and branding elements.

In this, In-Mold Labelling (IML) is the most common type of labels we produce. It is an advanced packaging technology where pre-printed labels are placed inside the mold during the manufacturing of plastic containers. The molten plastic fuses with the label, creating a fully integrated product with a “no-label look”. This process eliminates the need for secondary labeling and delivers high-quality, durable graphics directly on the container like vibrant colours, photographic images, and complex designs, making the label resistant to water, scratches, and wear, making them ideal for long shelf-life products.

3. Others

a) Rigid Boxes:

Rigid boxes are premium packaging solutions made from high-thickness paperboard (typically 2–3 mm chipboard) wrapped with decorative specialty paper. Rigid Boxes usually include a paper exterior companies can print as per product design. Unlike folding cartons, rigid boxes do not collapse as these are thicker than the average paperboard box and are known for their durability, sturdiness, and luxurious appeal. They are often referred to as set-up boxes, gift boxes, or premium packaging boxes and are widely used to elevate brand perception. Custom rigid boxes add allure to any product through association with high end merchandise.

b) Calendar:

Calendars remain one of the most traditional yet effective marketing tools, combining utility with brand visibility. Our Company specializes in designing and printing customized calendars that reflect brand identity while offering practical use with high quality graphics and charming colour combination.

c) Brochure:

Brochures are one of the most impactful marketing and communication tools, designed to present products, services, or corporate information in a visually appealing and structured format. They serve as a compact yet comprehensive medium for businesses to showcase their offerings, highlight brand identity, and engage potential customers. Our Company specializes in producing high-quality brochures and catalogues that combine creativity with precision printing. Our customer can customize their brochure from various options like A3 Brochure (Bifold), A4 Brochure (Tri-fold) and variety ranging from 4 pages, 8 pages, 12 pages and 16 pages with plenty of lamination options for a well-designed appearance.

d) Leaflet & Inserts:

Leaflets and inserts are cost-effective, versatile, and widely used marketing and informational tools. They serve as compact carriers of product details, promotional offers, or corporate messages, making them ideal for mass distribution, providing essential product or service information in a concise format. Our Company specializes in designing and printing high-quality leaflets and inserts that combine clarity, creativity, and compliance.

Our Company has built a diversified product portfolio that spans across printed mono-carton packaging, roll foams, labels, packaging stickers, in-mold labelling, rigid boxes, calendars, brochures, and leaflets & inserts, with each category designed to meet the unique needs of industries such as pharmaceuticals, FMCG, food & beverages, cosmetics, and lifestyle, ensuring both functionality and brand differentiation.

b) Products under the vertical of Trading and Sale of Printing Machines:

As part of its strategic diversification within the printing and packaging industry, the Company has expanded into the trading and sale of printing machinery. In this regard, the Company has entered into a Sales Agency Agreement dated November 30, 2023 with M/s Hebei Wanjie Machinery Technology Co., Ltd., a manufacturer based in the People's Republic of China engaged in the design, development and manufacture of printing equipment. The agreement is valid until December 01, 2032. The agreement is terminated automatically when the signed period is expired. Both Parties should reach an agreement in written form one month before whether the agreement is resigned or terminated.

Pursuant to this arrangement, the Company has been appointed as the sole and exclusive sales agent for the territory of India, Thailand, Sri Lanka, and Bangladesh for marketing and sale of printing machines manufactured by Hebei Wanjie Machinery Technology Co., Ltd. The pricing of the machinery is determined by Hebei Wanjie Machinery Technology Co., Ltd., and the Company procures the machines at pre-determined prices for onward sale to customers. The Company, in turn, determines the final sale price to customers. Under the terms of the agreement, no other entity is authorized to sell Hebei Wanjie Machinery Technology Co., Ltd machinery in these countries during the tenure of the arrangement.

As per D & B Analytics Finance Analytics Report, Hebei Wanjie Machinery Technology Co., Ltd has been engaged for over nineteen years in the manufacturing of label printing machines, intermittent offset presses, rotary flexographic machines, die-cutting machines, slitting and finishing equipment, and other pre- and post-press systems used in the label and flexible packaging industry. The Company entered into this arrangement after evaluating, inter alia, Hebei Wanjie's product portfolio, in-house research and development capabilities, integrated manufacturing operations, certifications and patent holdings, financial profile and international market presence.

Our Company is authorized to sell all the products manufactured by M/s. Hebei Wanjie Machinery Technology Co., Ltd. including series of following

S No	Name of Machine
1	WJPS-350D/660 Shaftless Offset (Alcohol Dampening) Intermittent Rotary Label Printing Machine
2	WJLZ-280/350 Intermittent Letterpress

7	WJMQ-350 Automatic Label Doe-cutting Machine
8	WJFT-350A/350C High-speed Label Slitting Machine
9	Optional Accessories and Equipment (for selective use)

Under this vertical, the Company undertakes marketing and promotional activities in India, customer coordination, facilitation of import logistics, assistance in installation and commissioning, and coordination of after-sales support in consultation with the manufacturer.

This machinery trading vertical enables the Company to diversify its revenue streams beyond manufacturing operations and to offer integrated printing and machinery solutions to customers. The arrangement is intended to strengthen the Company's positioning within the printing and packaging industry and support its expansion in domestic markets. Vertical-wise manufacturing continues to be the dominant contributor to our revenues, the introduction of the trading vertical has begun to diversify our sales mix. Going forward, we aim to scale the trading of printing machinery while maintaining steady growth in packaging manufacturing, thereby strengthening our position as an integrated solutions provider. The vertical wise sales for the period ended January 31, 2026 and for the Fiscal 2025, Fiscal 2024 and Fiscal 2023 are as follows:

Commitment to Quality Standards

Quality assurance forms a core component of our operational strategy. Our manufacturing facility operates under internationally recognized ISO-certified quality management systems, reflecting our commitment to standardized processes, continuous monitoring and regulatory compliance.

We have implemented comprehensive quality control mechanisms across all stages of production, including pre-press validation, plate development, printing, lamination, die-cutting, finishing and final dispatch. Each production batch undergoes structured inspection protocols to ensure adherence to customer specifications relating to print clarity, colour consistency, dimensional accuracy, structural integrity and packaging performance.

In respect of our trading vertical for imported printing machinery, we undertake technical evaluation, coordination with the overseas manufacturer, and oversight of installation and commissioning support to ensure that the equipment supplied aligns with agreed customer specifications. Through this combined approach across manufacturing and machinery trading operations, the Company seeks to maintain consistent quality standards and service reliability.

Relationships with Clients and Suppliers

Our Company has established relationships with clients and suppliers which are integral to the conduct of our business. The Promoters, who are also involved in sales and marketing functions, oversee the maintenance of these relationships through business transactions and operational engagements.

These relationships support procurement of raw materials, distribution of finished goods, and continuity of business operations. Our Company considers such relationships to be relevant for the stability of operations and for supporting future business activities

Business Process and Management Framework

Our Company has established operational processes and a management framework that cover supply chain, service delivery, and compliance with applicable business practices. These processes are designed to ensure continuity of operations, efficiency in execution, and scalability of business activities.

The governance framework adopted by our Company provides oversight of operational matters and supports the conduct of business to serve us to various sectors like pharmaceuticals, food & beverages, cosmetics etc.

OUR BUSINESS STRATEGY

Our strategic objective is to strengthen our position in the packaging and printing industry by expanding manufacturing capabilities, enhancing operational efficiencies and growing our machinery trading vertical, while maintaining a disciplined risk management framework.

Expansion of Manufacturing Capacity and Product Capabilities

We intend to gradually enhance our production capacity and upgrade our technology to cater to the increasing demand from existing and new customers across pharmaceuticals, FMCG, food and beverages, cosmetics and other sectors. We aim to improve automation levels, reduce turnaround times and enhance product customization capabilities in order to meet evolving market requirements.

Strengthening the Machinery Trading Vertical

The Company intends to expand its trading operations in South Asia and Southeast Asia by selling printing machinery through its association with Hebei Wanjie Machinery Technology Co., Ltd. We seek to broaden our customer base for printing equipment by offering installation coordination, technical support facilitation and after-sales service coordination. This vertical complement our manufacturing expertise and enables us to provide integrated printing and packaging solutions.

Diversification of Customer Base and Industry Segments

We aim to reduce concentration risk by expanding into additional industry segments and increasing engagement with mid-sized and large enterprises. Our diversified product portfolio allows us to cater to varied packaging requirements across regulated (like pharmaceuticals, food, healthcare, etc) and non-regulated industries (FMCG, general commercial, etc)

Focus on Quality, Compliance and Process Optimization

We intend to continue strengthening our quality assurance framework and regulatory compliance systems, particularly for customers operating in regulated sectors such as pharmaceuticals and food packaging. Continuous monitoring, process improvements and adoption of standardized operating procedures remain central to our operational strategy.

Enhancing Supplier Relationships and Procurement Efficiency

We aim to maintain long-term relationships with domestic raw material suppliers and overseas machinery partner to ensure consistent supply, competitive pricing and timely execution of orders. Vendor diversification and structured procurement processes are expected to support operational stability.

Working Capital and Financial Discipline

Given the nature of manufacturing and machinery trading operations, efficient working capital management is a key focus area. We intend to optimize inventory cycles, monitor receivables and maintain prudent leverage levels to support sustainable growth.

Strengthening the Market Presence

We seek to enhance our market visibility through relationship-driven marketing, participation in industry exhibitions and direct engagement with printing and packaging businesses. Our strategy focuses on long-term customer relationships rather than transactional sales.

OUR BUSINESS PROCESS

Our company has a well-defined process to carry out the business which has been is described below:

A. Customer Inquiry and Order Feasibility Assessment:

When a customer approaches with a design or specification request, the marketing team conducts a feasibility assessment. This involves reviewing the technical and operational aspects to determine if the company can meet the requirements. The feasibility check ensures that the design is compatible with available printing and packaging capabilities.

B. Quotation and Negotiation

Based on the feasibility study, a detailed quotation is prepared and shared with the customer. The customer reviews the quotation and may negotiate terms such as pricing, delivery timelines, and specifications. If the quotation is accepted, the customer issues a purchase order (PO) to proceed.

C. Job Initiation and Design Preparation

Upon receiving the PO, the job details are forwarded to the Computer-to-Plate (CTP) department. Afterwards, the design is reviewed and the master printing plate is prepared. This step is critical to ensure accuracy and quality in the printing process.

D. Job Tracking and Documentation

The production team records the job details in a job monitoring sheet and issues a job card. These documents help track the progress and maintain accountability throughout the production cycle.

E. Printing and Cutting Operations

The printing process begins as per the scheduled program. Printed sheets are inspected during the process to detect any defects early. After printing, the sheets undergo cutting to the required dimensions, preparing them for further processing.

F. Roll Foam Handling

For jobs involving roll foams, the printed rolls are forwarded to the punching and slitting department. This step prepares the material for assembly and finishing.

G. Punching and Slitting

The punching and slitting operations are carried out according to the job card and production program. Visual inspections and log maintenance ensure that quality standards are met and any deviations are recorded.

H. Assembly and Gluing

The cut and processed materials are assembled, folded, and glued as per the checklist. This step finalizes the packaging structure, readying it for quality checks.

I. Final Quality Control and Certificate of Analysis (COA)

A comprehensive final inspection is conducted following the Quality Assurance Plan (QAP) and job card instructions. Upon successful inspection, on request of the customer a Certificate of Analysis is prepared, certifying that the product meets all quality standards.

J. Handling Non-Conformance

If any defects or non-conformances are detected, Root Cause Analysis (RCA) is performed to identify underlying issues, followed by Corrective and Preventive Actions to resolve and prevent recurrence.

K. Packing, Labelling and Dispatch Preparation

The finished products are packed and labelled according to work instructions after obtaining quality clearance and then dispatched to the respective customer.

To summaries the above process below is the business flow chart :-

OUR MANUFACTURING PROCESS

Our Company manufactures a diverse range of products including boxes/mono cartons, roll form foams, labels (primarily including in-mold labels), stickers, and other printed materials such as brochures, inserts, and calendars. The manufacturing operations for these products are broadly categorized into two main processes: box manufacturing and roll form label manufacturing.

The manufacturing process begins with the procurement of raw materials from approved suppliers. Upon receipt, all raw materials undergo a quality inspection to ensure they meet the required standards and specifications. Only after successfully passing the quality checks are the raw materials transferred to the production area for further processing. The detailed manufacturing process and corresponding process flow are described below.

MANUFACTURING PROCESS FLOW OF PRINTED MONO-CARTONS

Steps	Description
Design	Structural and graphic design using CAD (Computer Aided Design) and DTP (Desktop Publishing) Tools through Coral Draw Software
Material Selection	Choosing paper-sheet type and thickness
Printing	Offset printing of artwork on the surface
Coating (Optional)	Adds protection and enhances visual appeal through embossing, etc, if required by customer
Die Cutting	Shapes the box and creates folds lines using dies and waste is removed.
Folding & Gluing	Forms the box structure and seals flaps
Quality Control	Ensures dimensional and visual accuracy
Packing & Shipping	Boxes are bundled flat and shipped for distribution

Roll Foam Label and Others Manufacturing Process:

Steps	Description
Design & Artwork	Create label layout with die lines, brand elements, and bleed using design software.
Material Selection	Choose label face stock (e.g., paper, vinyl, PET), adhesive (permanent/removable), and backing liner.
Pre-Press & Plate Making	Review files, colour separation, and prepare printing plates (CMYK or spot colours) using CTP technology.
Offset Printing	Apply ink from plates to rubber blanket, then into label material; delivers high-resolution prints.
Drying	Inks are dried using air or heat to prevent smudging and ensure adhesion.
Coating (Optional)	Apply gloss/matte varnish or UV coating to protect and enhance the label surface.
Die Cutting	Cut labels into custom shapes using rotary or flatbed dies; waste is removed (matrix stripping).
Quality Control	Inspect for print clarity, colour accuracy, alignment, and proper cutting.
Rewinding	Labels are rewound into rolls or sheets, based on customer needs or applicator setup.

Packing	Rolls/sheets are counted, labelled, boxed, and prepared for shipment or delivery.

COLLABORATIONS/TIE-UPS/JOINT VENTURES

As on the date of this Draft Red Herring Prospectus, except for the agreement with Hebei Wanjie Machinery Technology Co., Ltd as described under this chapter under the heading - ***Our Product Offerings - Products under the vertical of Trading and Sale of Printing Machines***, on page no., the Company operates as an independent entity and has not entered into any formal collaborations, strategic tie-ups, or joint venture arrangements with other organizations. The Company's operations and growth initiatives are entirely self-driven, with a primary focus on strengthening internal capabilities, expanding its product portfolio, and enhancing operational efficiencies.

OUR PROCUREMENT PROCESS

Our Company follows a structured and documented procurement framework for sourcing key raw materials including paper and paperboard, inks, adhesives, films and other consumables required for its printing and packaging operations. Procurement planning is aligned with production schedules and inventory requirements to ensure continuity of manufacturing activities and efficient working capital management.

Raw materials are sourced from approved vendors based on predefined evaluation criteria such as quality standards, pricing, delivery reliability, capacity and past performance. In certain instances, particularly where customer specifications or contractual arrangements so require, materials are procured from vendors pre-approved by the respective customers. All incoming materials are subject to inspection and quality verification prior to acceptance to ensure compliance with applicable technical specifications.

In addition to manufacturing activities, the Company is engaged in the trading of printing machinery, which is primarily imported from a manufacturer based in the People's Republic of China. The procurement of such machinery is

undertaken based on customer requirements, technical evaluation and commercial terms agreed with the overseas supplier. The Company coordinates import logistics, customs clearance and delivery to customers in accordance with applicable regulatory requirements.

To mitigate supply-related risks, the Company maintains relationships with multiple suppliers for critical raw and packing materials and is not dependent on any single domestic vendor for its manufacturing inputs. The procurement strategy is designed to ensure supply resilience, consistent quality and operational flexibility. However, for trading vertical, company is solely dependent on Wanjie for providing timely delivery of products as mentioned in *Risk Factor- under Risk Chapter on Page 28 of Draft Red Herring Prospectus*. As on the date of this Draft Red Herring Prospectus, there are no conflicts of interest between the Company and its suppliers of raw materials, overseas machinery suppliers or critical service providers. Further, there are no conflicts of interest between such suppliers or service providers and the Promoter, Promoter Group, Directors, Key Managerial Personnel, Subsidiaries, Group Companies or their respective directors except as mentioned in *Related Party Note of Restated Financial Information Chapter on Page 242. Of Draft Red Herring Prospectus*.

SWOT ANALYSIS

SWOT ANALYSIS

STRENGTH ☐ The Promoters have been involved in the business since over 28 years. ☐ Ability to produce high-quality specialized products with consistent standards. ☐ Offering a wide variety of specialized products in different materials, sizes, and designs to cater to various customer preferences. ☐ Manufacturing Unit is located at Ahmedabad, Gujarat and thus enjoys excellent connectivity.	WEAKNESS ☐ Over-reliance on a specific geographical market, limiting growth opportunities. ☐ Intensive Working capital cycle ☐ Intensive Capex requirement
OPPORTUNITIES ☐ Rising income levels and changing consumption patterns due to human are getting health conscious. ☐ ☐ Opening of global markets	THREATS ☐ Fluctuations in raw material prices ☐ ☐ Change of behavior of consumer demand ☐ Too many players entering and exit the market ☐ Change in Global Trade Relations of countries may affect trading availability and pricing of machinery which can impact operations

UTILITIES AND INFRASTRUCTURE FACILITIES

Power

We have made necessary arrangements for regular uninterrupted power supply at our manufacturing unit. We have availed a power connection from Uttar Gujrat VIJ Company Limited (UGVCL) for our manufacturing unit premises having sanctioned load of 150 HP (112 K.W) under a contract demand.

Water

Adequate water arrangements with respect to water requirements for drinking purpose are made at Registered Office and Manufacturing Facility of the company. The water consumption at our manufacturing unit is normal which gets fulfil from water supply by Gujarat Industrial Development Corporation.

MARKETING, SALES AND DISTRIBUTION NETWORK

Relationship-Driven Approach: Our Company adopts a relationship-focused marketing and sales strategy across both manufacturing and machinery trading operations. Business generation is primarily driven through direct customer engagement, repeat orders from established clients, referrals, and industry networks.

Marketing and Sales – Manufacturing Operations: In the packaging manufacturing segment, sales are managed by our dedicated in-house marketing and sales team. We serve diverse industries including pharmaceuticals, FMCG, food and beverages, cosmetics, and other consumer sectors. Orders are typically secured based on product specifications, competitive pricing, delivery commitments, and adherence to quality standards.

We emphasize building long-term customer relationships by consistently delivering quality, offering customized solutions, and ensuring timely execution. A substantial share of revenue is derived from repeat business, reflecting customer satisfaction and market stability.

Marketing and Sales – Machinery Trading: In our machinery trading vertical, we market imported printing and converting equipment to packaging and printing businesses. Sales are executed through direct customer interactions, technical consultations, equipment demonstrations (where applicable), and structured commercial negotiations.

Machinery orders are generally project-specific, influenced by customer capital expenditure plans, technical requirements, pricing considerations, and the assurance of after-sales service.

Distribution and Logistics: For manufacturing operations, finished goods are dispatched directly from our production facility to customers via third-party logistics partners. Delivery schedules are aligned with production timelines and client requirements.

In machinery trading, equipment is imported from overseas manufacturers and supplied directly to customers. We oversee logistics coordination, customs clearance through appointed agents, and delivery planning to ensure seamless order execution.

Geographic Presence: Our sales footprint is currently concentrated in Gujarat and Maharashtra. We continue to evaluate opportunities to expand into new geographies, guided by market demand and operational feasibility. Further, as part of our ongoing marketing efforts, we engage external marketing agencies and service providers to support various promotional and business development activities. These agencies assist us in areas such as digital marketing, lead generation, customer outreach, and advertisement in media. We make regular payments to such marketing agencies based on the scope of services availed, which may include campaign-based or retainer-based arrangements.

HEALTH, SAFETY, SECURITY AND ENVIRONMENT

Our Company is committed in maintaining appropriate standards of health, safety, security and environmental practices across our operations. We implement necessary safety measures at our facilities, including maintenance of machinery, use of personal protective equipment, fire safety systems and adherence to standard operating procedures to minimize workplace risks, along with periodic training and awareness programs for employees. We endeavor to comply with applicable environmental laws and adopt responsible practices for waste management and efficient use of resources such as paper, water and energy. Further, we maintain adequate security measures at our premises, including controlled access and monitoring systems to safeguard our assets and personnel. However, any failure to comply with applicable regulations or any unforeseen incidents may adversely affect our business, financial condition and results of operations.

INFORMATION TECHNOLOGY

Our Company utilizes information technology systems to support our business operations, including order processing, inventory management, accounting, and overall administrative functions. Our IT infrastructure comprises standard hardware and software solutions, and we undertake periodic maintenance, data backup, and access control measures to ensure the integrity, confidentiality and availability of our data. We also implement basic cybersecurity practices to safeguard our systems from unauthorized access and potential threats. While our operations are not heavily dependent on advanced or proprietary technology systems, any disruption, failure, cyber-attack or data loss affecting our IT systems may impact our operational efficiency and could have an adverse effect on our business, financial condition and results of operations.

LOGISTICS

For the purpose of logistics and storage of finished goods and raw materials, our Company operates a warehouse facility at WP-17, Opp. Coca Cola Company, Bol GIDC, Sanand-2, Taluka Sanand, District Ahmedabad, which is occupied on a lease and license basis. This warehouse supports the Company's distribution and operational requirements by enabling efficient storage, handling and movement of goods.

INVENTORY MANAGEMENT

Our Company maintains appropriate inventory management systems to ensure efficient handling and control of raw materials, work-in-progress and finished goods. Inventory levels are monitored on a regular basis to optimize stock availability and minimize wastage, particularly in respect of paper, inks and other consumables used in the printing process. Our Company follows systematic procedures for procurement, storage and issuance of materials, supported by periodic physical verification to ensure accuracy and accountability. Further, our Company undertakes measures to manage storage conditions and reduce the risk of damage or obsolescence. Effective inventory management enables our Company to meet customer requirements in a timely manner while maintaining operational efficiency; however, any failure in inventory planning or control may adversely affect its business operations and financial performance.

EXPORTS OBLIGATIONS

As on the Date of this Draft Red Herring Prospectus, our Company does not have any Export Obligations.

COMPETITION

The offset printing and packaging industry in India are highly competitive and fragmented, with the presence of numerous small, medium and large-scale players operating across various product segments. We face competition from organized players as well as regional and local manufacturers. Certain competitors may have longer operating histories, larger production capacities, broader geographic reach, stronger financial resources and other competitive advantages, which may enable them to offer competitive pricing, wider product portfolios or enhanced service capabilities.

We compete with other printing and packaging manufacturers in securing orders directly from customers across industries such as pharmaceuticals, FMCG, food and beverages, cosmetics and other sectors. The principal factors affecting competition in our manufacturing business include product quality, pricing, range of offerings, timely delivery, client relationships, reputation, customization capabilities and after-sales service.

In addition to manufacturing, we are engaged in the trading of imported printing machinery. In this segment, we face competition from domestic machinery manufacturers, authorized distributors of international brands, independent importers and unorganized market participants. Certain competitors in the machinery segment may have exclusive distribution arrangements, established service networks, technical support infrastructure or stronger financial resources, which may enable them to offer bundled services, extended credit terms or competitive pricing.

Competition in the machinery trading business is primarily influenced by factors such as pricing, brand positioning of the equipment, technical specifications, availability of installation and commissioning support, after-sales service coordination, financing options and customer relationships.

We believe that our operational experience in the printing and packaging industry focus on quality assurance, diversified product portfolio and established customer relationships position us to compete effectively across both manufacturing and trading verticals. However, there can be no assurance that we will be able to compete successfully against existing or new competitors in the future.

HUMAN RESOURCES

Human resources are the backbone of any industry. We believe that our employees are the key to the success of our business. We focus on attracting and retaining the best possible talent. Our Company looks for specific skill sets, interests, and backgrounds that would be an asset to our business.

As on January 31, 2026 we have 56 employees on payroll and we also engage labour on daily wages as per operational requirements.

We seek to maintain a culture of innovation by empowering our employees at all levels of our organization. Our success depends upon our ability to attract, develop, motivate, and retain highly skilled and multi-dimensional team members.

The department-wise bifurcation of employees is tabulated as under:

Sr. No.	Department	No. of Employees (As on January 31, 2026)
1	Director	3
2	Administration	3
3	Data Management Department	1
4	Design Department	7
5	Finance & Accounts Department	3
6	Production	30
7	QA-QC Department	1
8	Sales & Dispatch Department	6
9	Marketing Department	1
10	Installation, Commissioning & Other After Sales Services for Trading Business	1
	TOTAL	56

Further, we have not experienced any strikes, work stoppages, labour disputes or actions by or with our employees, and we have cordial relations with our employees.

QUALITY CONTROL AND ASSURANCE

1. Quality Assurance (QA) – Systems & Compliance

The Quality Assurance function at **Bipin Offset Limited** ensures that structured systems, documented procedures, and compliance mechanisms are in place to maintain consistent product quality across all printing and packaging operations. Key elements include:

- **Regulatory & Customer Compliance:** Adherence to packaging, labelling, barcode, and industry-specific requirements as per customer specifications and statutory norms.
- **Quality Management System (QMS):** Implementation of documented job cards, work instructions, deviation handling, and corrective/preventive actions.
- **Documentation & Traceability:** Maintenance of production records, job sheets, inspection reports, batch-wise traceability, and dispatch documentation to ensure accountability and audit readiness.
- **Training & Skill Development:** Regular training of machine operators and quality personnel on printing standards, color calibration, safety norms, and process discipline.
- **Internal Reviews & Process Audits:** Routine internal checks to identify process gaps, reduce wastage, and improve efficiency. A third-party consultant, *Revamp Excellence*, supports process optimization and operational excellence initiatives.

- **Process Control & Validation:** Use of spectrophotometer (TractoPhotometer) for automated color matching and calibration, barcode verification for each print batch, and preventive maintenance schedules to ensure uninterrupted operations and consistent output quality.

2. Quality Control (QC) – Testing & Verification

The Quality Control department ensures conformity of raw materials, in-process production, and finished goods with customer-approved specifications. Activities include:

- **Raw Material Inspection:** Verification of paper/board GSM, shade consistency, ink quality, coating parameters, and other consumables, supported by Certificates of Analysis (COA) from suppliers.
- **In-Process Quality Checks:** Monitoring of print alignment, color density, registration accuracy, finishing precision (die-cutting, lamination, folding, gluing), and dimensional accuracy during production.
- **Barcode & Artwork Verification:** Testing of barcode/QR code scannability, label accuracy, and artwork compliance prior to final approval.
- **Final Inspection:** Random sampling and visual inspection of finished goods to detect defects, color variation, smudging, and finishing inconsistencies before dispatch.

3. Release & Dispatch Control

Products are released for dispatch only after confirmation of compliance with approved artwork, technical specifications, and customer requirements. A Certificate of Analysis (COA) is generated prior to dispatch, ensuring quality consistency and timely delivery.

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our business. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by the regulatory bodies that are available in the public domain. The regulations and policies set out below may not be exhaustive and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional legal advice. The Company may be required to obtain licenses and approvals depending upon the prevailing laws and regulations as applicable.

*For details of Government and Other Approvals obtained by the Company in compliance with the applicable regulations, see “**Government and Other Approvals**” on page 279 of this Draft Red Herring Prospectus. The following is an overview of some of the important laws, policies and regulations which are pertinent to our business.*

THE COMPANIES ACT

The consolidation and amendment in the law relating to the Companies Act, 1956 made way to the enactment of the Companies Act, 2013 and rules made thereunder.

The Companies Act primarily regulates the formation, financing, functioning and restructuring of Companies as separate legal entities. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law laid down transparency, corporate governance and protection of shareholders & creditors. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

SEBI REGULATIONS

Securities and Exchange Board of India is the regulatory body for securities market transactions including regulation of listing and delisting of securities. It forms various rules and regulations for the regulation of listed entities, transactions of securities, exchange platforms, securities market and intermediaries thereto. ENVIRONMENT LAWS

National Environmental Policy, 2006:

The Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of National Environmental Policy :-

- Conservation of Critical Environmental Resources
- Intra-generational Equity: Livelihood Security for the Poor
- Inter-generational Equity
- Integration of Environmental Concerns in Economic and Social Development

- Efficiency in Environmental Resource Use
- Environmental Governance
- Enhancement of resources for Environmental Conservation

Environment Protection Act, 1986 (“Environment Act”):

The Environment Act is an umbrella legislation designed to provide a framework for the Central Government to coordinate activities of various state and central authorities established under previous environmental laws. The Environment Act specifies that no person carrying on any industry, operation or process shall discharge or emit or permit to be discharged or emitted any environment pollutants in excess of such standards as may be prescribed. The Environment Act empowers the Central Government to make rules for various purposes viz., to prescribe: (i) the standards of quality of air, water or soil for various areas; (ii) the maximum allowable limits of concentration of various environmental pollutants for different areas; (iii) the procedures and safeguards for the prevention of accidents which may cause environmental pollution and remedial measures for such accidents.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (“Hazardous Wastes Rules”):

The Hazardous Wastes Rules have been enacted to ensure resource recovery and disposal of hazardous wastes, as defined under the Hazardous Wastes Rules in an environmentally sound manner. The Hazardous Wastes Rules apply to all persons who handle, generate, collect, store, pack, transport, use, treat, process, recycle, recover, pre-process, co-process, utilise, offer for sale, transfer, or dispose hazardous and other wastes. In accordance with the provisions of the Hazardous Wastes Rules, every person undertaking any of the aforementioned activities with hazardous, and other wastes, is required to obtain an authorisation for undertaking such activities. Further, an occupier is inter alia, under an obligation to ensure the safe and environmentally sound management of hazardous and other wastes. It may be noted that wastes defined under the Hazardous Wastes Rules are to be disposed only in a facility, duly authorised under the provisions of the Hazardous Wastes Rules.

Air (Prevention and Control of Pollution) Act, 1981 (the “Air Act”)

The Air Act aims to prevent, control and abate air pollution, and stipulates that no person shall, without prior consent of the relevant state pollution control board, establish or operate any industrial plant which emits air pollutants in an air pollution control area. They also cannot discharge or cause or permit to be discharged the emission of any air pollutant in excess of the standards laid down by the state boards. The Central Pollution Control Board and the state pollution control boards constituted under the Water Act perform similar functions under the Air Act as well. Pursuant to the provisions of the Air Act, any person establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant state pollution control board prior to establishing or operating such industrial plant.

The Water (Prevention and Control of Pollution) Act, 1974 (“Water Act”)

The Water Act mandates that previous consent of the SPCB be taken before establishing any industry, operation or process, or any treatment and disposal system or an extension or addition thereto, which is likely to discharge waste or trade effluents into a stream, well, sewer or onto land, bring into use any new or altered outlet for the discharge of sewage, or begin to make any new discharge of sewage.

The Manufacture, Storage and import of Hazardous Chemical Rules, 1989 (“Rules”)

The Rules are formulated under the Environment (Protection) Act, 1986. The Rules are applicable to an industrial activity in which a hazardous chemical which satisfies certain criteria as listed in the schedule thereto, and to an industrial activity in which there is involved a threshold quantity of hazardous chemicals as specified in the schedule thereto. The occupier of a facility where such industrial activity is undertaken has to provide evidence to the prescribed authorities that he has identified the major accident hazards and that he has taken steps to prevent the occurrence of such accident and to provide to the persons working on the site with the information, training and equipment including antidotes necessary to ensure their safety. Where a major accident occurs on a site or in a pipeline, the occupier shall forthwith notify the concerned authority and submit reports of the accident to the said authority. Furthermore, an occupier shall not undertake any industrial activity unless he has submitted a written report to the concerned authority containing the particulars specified in the schedule to the Rules at least 3 months before commencing that activity or before such shorter time as the concerned authority may agree.

Solid Waste Management Rules, 2016

Solid Waste Management Rules (SWM), 2016, was announced by the Union Ministry of Environment, Forests, and Climate Change. These will replace the Municipal Solid Wastes (Management and Handling) Rules, 2000, which have been in effect for the previous 16 years. Waste management refers to the tasks and procedures necessary to control waste from its inception through its disposal. This covers garbage collection, transport, treatment, and disposal in addition to monitoring and regulation.

The Act also aims to control smuggling activities and other issues in relation to these activities. COFEPOSA confers power on the Central and the State Governments to issue orders for detaining a person if it is satisfied that the person has acted detrimental to the protection and intensification of foreign exchange. The Government shall also issue order of detention on the ground that the person has engaged in the activity of smuggling goods, assists any person in smuggling goods, transports or conceals such goods, harbouring any person employed in the smuggling activities or does any other activity related with smuggling. Such an order shall be issued by the Joint Secretary to the Central Government or Secretary to the State Government or any senior officer authorized by the Government.

LAWS RELATING TO INTELLECTUAL PROPERTY

Trademarks Act, 1999:

Under the Trademarks Act, a trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. Section 18 of the Trademarks Act requires that any person claiming to be the proprietor of a trademark used or proposed to be used by him, must apply for registration in writing to the registrar of trademarks. The right to use the mark can be exercised either by the registered proprietor or a registered user. The present term of registration of a trademark is 10 (ten) years, which may be renewed for similar periods on payment of a prescribed renewal.

Patent Act, 1970:

The Patents Act governs the patent regime in India. A patent under the Patents Act is an intellectual property right relating to inventions and grant of exclusive right, for limited period, provided by the Government to the patentee, in exchange of full disclosure of his invention, for excluding others from making, using, selling and importing the

patented product or process or produce that product. Being a signatory to the Agreement on Trade Related Aspects of Intellectual Property Rights, India is required to recognize product patents as well as process patents. In addition to the broad requirement that an invention must satisfy the requirements of novelty, utility and non-obviousness in order for it to avail patent protection, the Patents Act further provides that patent protection may not be granted to certain specified types of inventions and materials even if they satisfy the above criteria.

Copyright Act, 1957

The Copyright Act, 1957, along with the Copyright Rules, 2013 (“Copyright Laws”) governs copyright protection in India. Even while copyright registration is not a prerequisite for acquiring or enforcing a copyright in an otherwise copyrightable work, registration under the Copyright Laws acts as prima-facie evidence of the particulars entered therein and helps expedite infringement proceedings and reduce delay caused due to evidentiary considerations. The Copyright Laws prescribe a fine, imprisonment or both for violations, with enhanced penalty on second or subsequent convictions.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH Act)

The POSH Act was enacted to provide protection against sexual harassment of women at workplace and for the prevention and redressal of complaints of sexual harassment and for matters connected therewith or incidental thereto. The POSH Act mandates every employer to provide a safe working environment at the workplace which shall include safety from the persons coming into contact at the workplace. The POSH Act provides that employers must formulate a policy against sexual harassment at workplace and that policy needs to be disseminated. The POSH Act defines sexual harassment to include any unwelcome acts or a sexually determined behaviour (whether directly or by implication). Workplace under the POSH Act has been defined very broadly to include government bodies, private and public sector organisations, non-governmental organisations, organisations carrying on commercial, vocational, educational, entertainment, industrial, financial activities, hospitals and nursing homes, educational institutes, sports institutions and any place visited by the employee arising out of or during the course of employment.

National Apprenticeship Promotion Scheme (“NAPS”)

NAPS was launched in August 2016 by Government of India to promote apprenticeship in the country by providing financial incentives, technology and advocacy support. The Regional Directorates of Skill Development and Entrepreneurship under Directorate General of Training are the implementing agencies in their regions in respect of all “Designated Trades” under the Act for all establishments falling under the Central Government jurisdiction. National Skill Development Corporation (NSDC) and CEOs of the Sector Skill Councils are the implementing agencies in their sectors in respect of “Optional Trades” for the establishment under the Central Government jurisdiction. The respective State Governments are the appropriate authorities in respect of any establishments other than those falling under the Central Govt. jurisdiction. State Apprenticeship Advisers (SAA) are implementing agencies in their regions in respect of all “designated trades” as well as “optional trades” for State Public Sector Units and private establishment falling under their jurisdiction as per the Apprentices Act 1961.

Payment of Gratuity Act, 1972, as amended (the “Gratuity Act”):

The Gratuity Act establishes a scheme for the payment of gratuity to employees engaged in every factory, mine, oil field, plantation, port and railway company, every shop or establishment in which ten or more persons are employed or were employed on any day of the preceding twelve months and in such other establishments in which ten or more employees are employed or were employed on any day of the preceding twelve months, as notified by the Central Government from time to time. Penalties are prescribed for non-compliance with statutory provisions.

Under the Gratuity Act, an employee who has been in continuous service for a period of five years will be eligible for gratuity upon his retirement, resignation, superannuation, death or disablement due to accident or disease. However, the entitlement to gratuity in the event of death or disablement will not be contingent upon an employee having completed five years of continuous service. The maximum amount of gratuity payable may not exceed 1 million.

State Laws:

We operate in various states. Accordingly, legislations passed by the state governments are applicable to us in those states. These include legislations relating to, among others, Shops and Establishment Act, classification of fire prevention and safety measures and other local licensing. Further, we require several approvals from local authorities such as municipal bodies. The approvals required may vary depending on the state and the local area.

Municipality Laws:

Pursuant to the Constitution (Seventy-Fourth Amendment) Act, 1992, the respective state legislatures in India have power to endow the municipalities with power to implement schemes and perform functions in relation to matters listed in the Twelfth Schedule to the Constitution of India. The respective states of India have enacted laws empowering the municipalities to issue trade license for operating eating outlets and implementation of regulations relating to such license along with prescribing penalties for non-compliance.

Approvals from Local Authorities:

Setting up of a factory or manufacturing / housing unit entails the requisite planning approvals to be obtained from the relevant Local Panchayat(s) outside the city limits and appropriate Metropolitan Development Authority within the city limits. Consents are also required from the state pollution control board(s), the relevant state electricity board(s), the state excise authorities, sales tax, among others, are required to be obtained before commencing the building of a factory or the start of manufacturing operations.

The Information Technology Act, 2000 (the "IT Act"):

The IT Act creates liability on a body corporate which is negligent in implementing and maintaining reasonable security practices and procedures, and thereby causing wrongful loss or wrongful gain to any person, while possessing, dealing or handling any sensitive personal data or information in a computer resource owned, controlled or operated by it but affords protection to intermediaries with respect to third party information liability. The IT Act also provides for civil and criminal liability including compensation, fines and imprisonment for various computer related offences. These include offences relating to unauthorized access to computer systems, damaging such systems or modifying their contents without authorization, unauthorized disclosure of confidential information and committing fraudulent acts through computers.

In April 2011, the Department of Information Technology under the then Ministry of Communications and Information Technology notified the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 (the "IT Personal Data Protection Rules") under Section 43A of the IT Act and notified the Information Technology (Intermediaries Guidelines) Rules, 2011 and Information Technology (Reasonable security practice and procedure and sensitive personal data or information) Rules, 2021 (the "IT Intermediaries Rules") under Section 79(2) of the IT Act. The IT Personal Data Protection Rules prescribe directions for the collection, disclosure, transfer and protection of sensitive personal data. The IT Intermediaries Rules require persons receiving, storing, transmitting or providing any service with respect to electronic messages to not knowingly host, publish, transmit, select or modify any information prohibited under the Intermediaries Rules and to disable such information after obtaining knowledge of it.

The Digital Personal Data Protection Act, 2023 ("Data Protection Act") :

The Data Protection Act received the assent of the President of India on August 11, 2023 and the provisions of the Data Protection Act shall come into effect on such date as the Central Government may notify in the official gazette. The Data Protection Act provides for collection and processing of digital personal data by persons, including companies. Further, companies collecting and dealing in high volumes of personal data are defined as significant data fiduciaries. These significant data fiduciaries will be required to fulfil certain additional obligations under the Data Protection Act including appointment of a data protection officer who will be the point of contact between such fiduciaries and individuals for grievance redressal. Further such significant data fiduciaries will also be required to appoint an independent data auditor who will evaluate their compliance with the Data Protection Act. The Central Government will also establish the Data Protection Board of India (the "DPB"), whose key functions include: (i)

monitoring compliance and imposing penalties, (ii) directing data fiduciaries to take necessary measures in the event of a data breach, and (iii) hearing grievances made by data principals.

The Guidelines for Prevention of Misleading Advertisements and Endorsements for Misleading Advertisements, 2022 (the “Advertisement Guidelines”)

The Advertisement Guidelines provide for the prevention of false or misleading advertisements and making endorsements relating thereto. The Advertisement Guidelines inter alia applies to a manufacturer and to all advertisements regardless of form, format or medium. ANNEXURE IV: CORPORATE INFORMATION, SIGNIFICANT ACCOUNTING POLICIES, RECONCILIATION OF NET PROFIT/(LOSS) AND RECONCILIATION OF NETWORTH**1. CORPORATE INFORMATION**

BIPIN OFFSET LIMITED (Formerly known as BIPIN OFFSET PRIVATE LIMITED) is a public limited company, which was originally incorporated on November 03, 2021 and then changed its name from Private Limited to Public Limited with a fresh certificate of incorporation dated June 28, 2025 under the provision of Companies Act, 2013.

The registered office of the company is located at 1205, Swati Crimson and Clover, Nr Shilaj Circle, Shilaj, Daskroi, Ahmedabad, Gujarat-380059.

The Company is principally engaged in the business of manufacturing of offset printing and packaging products, and is committed to catering to a diverse range of commercial and industrial requirements by providing high-quality printed and packaging solutions.

In addition to its core manufacturing activities, the Company is also engaged in the business of import and trading of printing machinery. The manufacturing unit of the company is setup at Sanad-II GIDC.

2. SIGNIFICANT ACCOUNTING POLICIES**2.01 BASIS OF ACCOUNTING AND PREPARATION OF RESTATED FINANCIAL STATEMENTS**

The restated summary statement of assets and liabilities of the Company as at January 31, 2026, March 31, 2025, March 31, 2024 and March 31, 2023 and the related restated summary statement of profits and loss and cash flows for the period/year ended January 31, 2026, March 31, 2025, March 31, 2024 and March 31, 2023 (herein collectively referred to as ("Restated Summary Statements") have been compiled by the management from the audited Financial Statements of the Company for the period/year ended January 31, 2026, March 31, 2025, March 31, 2024 and March 31, 2023 approved by the Board of Directors of the Company. Restated Summary Statements have been prepared to comply in all material respects with the provisions of Part I of Chapter III of the Companies Act, 2013 (the "Act") read with Companies (Prospectus and Allotment of Securities) Rules, 2014, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 ("ICDR Regulations") issued by SEBI and Guidance note on Reports in Companies Prospectuses (Revised 2019) ("Guidance Note"). Restated Summary Statements have been prepared specifically for inclusion in the offer document to be filed by the Company with the BSE in connection with its proposed SME IPO. The Company's management has recast the Financial Statements in the form required by Schedule III of the Companies Act, 2013 for the purpose of restated Summary Statements.

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act"), as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

Accounting policies not specifically referred to otherwise are consistent and in consonance with generally accepted accounting principles in India.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of current – non-current classification of assets and liabilities.

2.02 USE OF ESTIMATES

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods affected. Significant judgements and estimates relating to the carrying amounts of assets and liabilities include useful lives of tangible and intangible assets, impairment of tangible assets, intangible assets, and employee benefits and other provisions and recoverability of deferred tax assets. Long term investments are tested for decline in value which is other than temporary when there are any indicators of impairment. Any change in the underlying assumptions used such as discount rate or growth rate may have an impact on the carrying value of such long term investments.

2.03 PROPERTY, PLANT & EQUIPMENT

PPE are stated at cost of acquisition or construction less accumulated depreciation and impairment losses, if any. Cost includes purchase price, taxes (net of credits), freight, installation cost and other directly attributable expenses. Borrowing costs directly attributable to acquisition or construction of qualifying assets are capitalized.

2.04 DEPRECIATION / AMORTISATION

Depreciation has been provided on the Fixed Asset on the WDV method and in accordance with the useful life of the Asset as prescribed under Schedule II of the Companies Act, 2013.

The useful life of the Assets has been taken as below:

Type of Assets	Useful Life
Building	30
Furniture and Fixture	10
Office Equipments	5
Mobile	5
Vehicles	8
Plant and Machinery	15
Computers	3
Intangible Assets	3

2.05 INVENTORIES

Raw materials are carried at the lower of cost and net realisable value. Cost is determined on a weighted average basis. Purchased goods-in-transit are carried at cost. Work-in-progress is carried at the lower of cost and net realisable value. Stores and spare parts are carried at lower of cost and net realisable value. Finished goods produced or purchased by the Company are carried at lower of cost and net realisable value. Cost includes direct material and labour cost and a proportion of manufacturing overheads.

Stock-in-Trade:

Stock-in-trade (including imported machinery held for trading) is valued at the lower of cost and net realisable value. Cost includes purchase price, import duties, non-refundable taxes, freight, clearing and forwarding charges, and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value represents the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

Exchange differences arising on settlement/restatement of foreign currency liabilities relating to inventory are recognised in the Statement of Profit and Loss. Provision is made for slow-moving, obsolete, or damaged inventories, wherever necessary.

2.06 IMPAIRMENT OF ASSETS

At each balance sheet date, the management reviews the carrying amounts of its assets included in each cash generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset. Reversal of impairment loss is recognised as income in the statement of profit and loss.

2.07 INVESTMENTS:

Long-term investments and current maturities of long-term investments are stated at cost, less provision for other than temporary diminution in value. Current investments, except for current maturities of long-term investments, comprising investments in mutual funds, government securities and bonds are stated at the lower of cost and fair value.

2.08 FOREIGN CURRENCY TRANSLATIONS

Income and expense in foreign currencies are converted at exchange rates prevailing on the date of the transaction. Foreign currency monetary assets and liabilities other than net investments in non-integral foreign operations are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses are recognised in the statement of profit and loss. Exchange difference arising on a monetary item that, in substance, forms part of an enterprise's net investments in a non-integral foreign operation are accumulated in a foreign currency translation reserve.

2.09 BORROWING COSTS

Borrowing costs include interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings, and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, or production of a qualifying asset are capitalized as part of the cost of that asset. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale. Capitalization of borrowing costs is suspended during extended periods in which active development of a qualifying asset is interrupted. Capitalization ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.

All other borrowing costs are recognized as an expense in the Statement of Profit and Loss in the period in which they are incurred.

2.10 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS (AS-29)

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of amount cannot be made. Contingent Liabilities and Contingent Assets are not recognized in the financial statements.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

2.11 REVENUE RECOGNITION

Revenue from contract with customer is recognised upon transfer of control of promised products or services to customers on complete satisfaction of performance obligations for an amount that reflects the consideration which the Company expects to receive in exchange for those products or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as per contracts with the customers. Revenue also excludes taxes or amounts collected from customers in its capacity as agent. The specific recognition criteria from various stream of revenue is described below:

Sale of goods: Revenue from the sale of products is recognized at the point in time when control is transferred to the customer. Revenue is measured based on the transaction price, which is the consideration, net of customer incentives, discounts, variable considerations, payments made to customers, other similar charges, as specified in the contract with the customer. Additionally, revenue excludes taxes collected from customers, which are subsequently remitted to governmental authorities.

Interest Income: Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition

2.12 TAXATION

Tax Expenses comprise of Current and Minimum Alternate Tax. Current Tax is determined as the amount of tax payable on the taxable income for the year, using tax rates as per the relevant tax regulations and any adjustment to tax payable in respect of previous year.

Income-tax expense comprises current tax and deferred tax charge or credit. The deferred tax asset and deferred tax liability is calculated by applying tax rate and tax laws that have been enacted or substantially enacted by the Balance Sheet date. Deferred tax assets arising mainly on unabsorbed depreciation under tax laws, are recognised, only if there is a virtual certainty of its realisation, supported by convincing evidence.

Deferred tax assets on account of other timing differences are recognised only to the extent there is a reasonable certainty of its realisation. At each Balance Sheet date, the carrying amount of deferred tax assets are reviewed to reassess realisation.

Current income tax expense comprises taxes on income from operations in India. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with it will fructify.

2.13 CASH AND BANK BALANCES

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term balances (with an original maturity of three months or less from the date of acquisition) and highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand, book overdraft and are considered part of the Company's cash management system.

2.14 EARNINGS PER SHARE

- (a) Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue; bonus element in a rights issue, share split, and reverse share split (consolidation of shares).
- (b) For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.15 EMPLOYEE BENEFITS

Contributions to defined contribution retirement benefit schemes are recognised as expense when employees have rendered services entitling them to such benefits. For defined benefit schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in full in the statement of profit and loss for the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested, or amortised on a straight-line basis over the average period until the benefits become vested.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave, overseas social security contributions and performance incentives.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

Short term benefits such as salary, bonus, ex-gratia and other benefits as may be applicable on the Company are accounted for on accrual basis. The Company at present does not have any Defined Contribution Plan or Defined Benefit Plan as contemplated under AS- 15 on 'Employee Benefits'

2.16 SEGMENT REPORTING

The company is engaged in Designing, Printing & Packaging of Printed Mono-Carbons, Labels, Roll Foun, Stickers etc. and Trading of Machineries which constitutes use single business segment during the period. Considering the nature of company's business and operations, there are no reportable segments (business and/or geographical) in accordance with the requirements of AS-17.

2.17 LEASE

Assets taken on lease by the Company in its capacity as lessee, where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Such a lease is capitalised at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognised for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognised as operating leases. Lease rentals under operating leases are recognised in the statement of profit and loss on a straight-line basis.

2.18 Government Grants:

Government grants available to the enterprise are considered for inclusion in accounts when there is reasonable assurance that the enterprise will comply with the conditions attached to them and where such benefits have been earned by the enterprise and it is reasonably certain that the ultimate collection will be made. Mere receipt of a grant is not necessarily a conclusive evidence that conditions attaching to the grant have been or will be fulfilled.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

You should read the following discussion of our financial position and results of operations together with our Restated Financial Information which have been included in this Draft Red Herring Prospectus. The following discussion and analysis of our financial position and results of operations is based on our Restated Financial Information for the period ended January 31, 2026 and for the financial years ended March 31, 2025, 2024 and 2023 including the related notes and reports, included in this Draft Red Herring Prospectus prepared in accordance with requirements of the Companies Act and restated in accordance with the SEBI Regulations, which differ in certain material respects from IFRS, U.S. GAAP and GAAP in other countries. Our Financial Statements, as restated have been derived from our audited financial statements for the respective period and years. Accordingly, the degree to which our Restated Financial Information will provide meaningful information to a prospective investor in countries other than India is entirely dependent on the reader's level of familiarity with Indian GAAP, Companies Act, SEBI Regulations and other relevant accounting practices in India.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those described under "Risk Factors" and "Forward Looking Statements" beginning on page 28 and 26, respectively, and elsewhere in this Draft Red Herring Prospectus. Our Financial Year ends on March 31 of each year. Accordingly, all references to a particular Financial Year are to the 12 months ended March 31 of that year.

OUR BUSINESS

Our Company was originally established as a partnership firm in 1998 under the name *M/s. Bipin Offset*, has over twenty-eight years of experience in the printing and packaging industry. In 2021, the firm was converted into a private limited company, and subsequently into a public limited company under the name *Bipin Offset Limited* in July 2025.

We are primarily engaged in the manufacturing of packaging products such as printed mono-cartons, roll foams, labels, stickers, calendars, brochures, and other printed materials. Our products cater to diverse industries including pharmaceuticals, food and beverages, garments, cosmetics, electronics, and automobiles.

We strategically diversified into the trading of printing machinery in India, Thailand, Sri Lanka and Bangladesh through a Sales Agency Agreement with *M/s. Hebei Wanjie Machinery Technology Co., Ltd.*, a manufacturer based in China. This vertical complement our packaging operations and strengthens our position as an integrated solutions provider.

Our manufacturing facility, located in the Sanand Industrial Area, Ahmedabad, is leased from GIDC for 99 years and is equipped with modern infrastructure. The facility holds ISO 9001:2015 and ISO 22000:2018 certifications, ensuring adherence to quality and food safety standards.

Our financial performance has shown consistent growth, with Revenue from Operations stood at ₹2785.53 lakh with Profit After Tax at ₹381.32 lakh for the period ending January 31, 2026. We employed 56 full-time staff supported by experienced promoters and management, enabling us to deliver integrated packaging and printing solutions while pursuing sustainable growth across both verticals.

For further details, see "Our Business" beginning on page 160 of this Draft Red Herring Prospectus.

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

a.	BASIS OF ACCOUNTING AND PREPARATION OF RESTATED FINANCIAL STATEMENTS

	The restated summary statement of assets and liabilities of the Company as at January 31, 2026, March 31, 2025, March 31, 2024 and March 31, 2023 and the related restated summary statement of profits and loss and cash flows for the period/year ended January 31, 2026, March 31, 2025, March 31, 2024 and March 31, 2023 (herein collectively referred to as ("Restated Summary Statements")) have been compiled by the management from the audited Financial Statements of the Company for the period/year ended January 31, 2026, March 31, 2025, March 31, 2024 and March 31, 2023 approved by the Board of Directors of the Company. Restated Summary Statements have been prepared to comply in all material respects with the provisions of Part I of Chapter III of the Companies Act, 2013 (the "Act") read with Companies (Prospectus and Allotment of Securities) Rules, 2014, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 ("ICDR Regulations") issued by SEBI and Guidance note on Reports in Companies Prospectuses (Revised 2019) ("Guidance Note"). Restated Summary Statements have been prepared specifically for inclusion in the offer document to be filed by the Company with the BSE in connection with its proposed SME IPO. The Company's management has recast the Financial Statements in the form required by Schedule III of the Companies Act, 2013 for the purpose of restated Summary Statements.
	The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act"), as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.
	Accounting policies not specifically referred to otherwise are consistent and in consonance with generally accepted accounting principles in India.
	All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of current – non-current classification of assets and liabilities.
b.	USE OF ESTIMATES
	In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.
	The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods affected. Significant judgements and estimates relating to the carrying amounts of assets and liabilities include useful lives of tangible and intangible assets, impairment of tangible assets, intangible assets, and employee benefits and other provisions and recoverability of deferred tax assets. Long term investments are tested for decline in value which is other than temporary when there are any indicators of impairment. Any change in the underlying assumptions used such as discount rate or growth rate may have an impact on the carrying value of such long-term investments.
c.	PROPERTY, PLANT & EQUIPMENT

	PPE are stated at cost of acquisition or construction less accumulated depreciation and impairment losses, if any. Cost includes purchase price, taxes (net of credits), freight, installation cost and other directly attributable expenses. Borrowing costs directly attributable to acquisition or construction of qualifying assets are capitalized.																		
d.	DEPRECIATION / AMORTISATION																		
	Depreciation has been provided on the Fixed Asset on the WDV method and in accordance with the useful life of the Asset as prescribed under Schedule II of the Companies Act, 2013.																		
	The useful life of the Assets has been taken as below:																		
	<table border="1"> <thead> <tr> <th>Type of Assets</th><th>Useful Life</th></tr> </thead> <tbody> <tr> <td>Building</td><td>30</td></tr> <tr> <td>Furniture & Fixture</td><td>10</td></tr> <tr> <td>Office Equipments</td><td>5</td></tr> <tr> <td>Mobiles</td><td>5</td></tr> <tr> <td>Vehicles</td><td>8</td></tr> <tr> <td>Plant & Machinery</td><td>15</td></tr> <tr> <td>Computers</td><td>3</td></tr> <tr> <td>Intangible Assets</td><td>3</td></tr> </tbody> </table>	Type of Assets	Useful Life	Building	30	Furniture & Fixture	10	Office Equipments	5	Mobiles	5	Vehicles	8	Plant & Machinery	15	Computers	3	Intangible Assets	3

Building	30																		
Furniture & Fixture	10																		
Office Equipments	5																		
Mobiles	5																		
Vehicles	8																		
Plant & Machinery	15																		
Computers	3																		
Intangible Assets	3																		
e.	INVENTORIES																		
	Raw materials: Raw materials are carried at the lower of cost and net realisable value. Cost is determined on a weighted average basis. Purchased goods-in-transit are carried at cost. Work-in-progress is carried at the lower of cost and net realisable value. Stores and spare parts are carried at lower of cost and net realisable value. Finished goods produced or purchased by the Company are carried at lower of cost and net realisable value. Cost includes direct material and labour cost and a proportion of manufacturing overheads.																		
	Stock-in-Trade: Stock-in-trade (including imported machinery held for trading) is valued at the lower of cost and net realisable value. Cost includes purchase price, import duties, non-refundable taxes, freight, clearing and forwarding charges, and other costs incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale. Exchange differences arising on settlement/restatement of foreign currency liabilities relating to inventory are recognised in the Statement of Profit and Loss. Provision is made for slow-moving, obsolete, or damaged inventories, wherever necessary.																		
f.	IMPAIRMENT OF ASSETS																		
	At each balance sheet date, the management reviews the carrying amounts of its assets included in each cash generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of																		

	impairment. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset. Reversal of impairment loss is recognised as income in the statement of profit and loss.
g.	INVESTMENTS:
	Long-term investments and current maturities of long-term investments are stated at cost, less provision for other than temporary diminution in value. Current investments, except for current maturities of long-term investments, comprising investments in mutual funds, government securities and bonds are stated at the lower of cost and fair value.
h.	FOREIGN CURRENCY TRANSLATIONS
	Income and expense in foreign currencies are converted at exchange rates prevailing on the date of the transaction. Foreign currency monetary assets and liabilities other than net investments in non-integral foreign operations are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses are recognised in the statement of profit and loss. Exchange difference arising on a monetary item that, in substance, forms part of an enterprise's net investments in a non-integral foreign operation are accumulated in a foreign currency translation reserve.
i.	BORROWING COSTS
	Borrowing costs include interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings, and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.
	Borrowing costs that are directly attributable to the acquisition, construction, or production of a qualifying asset are capitalized as part of the cost of that asset. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale. Capitalization of borrowing costs is suspended during extended periods in which active development of a qualifying asset is interrupted. Capitalization ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.
	All other borrowing costs are recognized as an expense in the Statement of Profit and Loss in the period in which they are incurred.
j.	PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS (AS-29)
	A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

	Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of amount cannot be made. Contingent Liabilities and Contingent Assets are not recognized in the financial statements.
	Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.
k.	REVENUE RECOGNITION
	Revenue from contract with customer is recognised upon transfer of control of promised products or services to customers on complete satisfaction of performance obligations for an amount that reflects the consideration which the Company expects to receive in exchange for those products or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as per contracts with the customers. Revenue also excludes taxes or amounts collected from customers in its capacity as agent. The specific recognition criteria from various stream of revenue is described below:
	Sale of goods: Revenue from the sale of products is recognized at the point in time when control is transferred to the customer. Revenue is measured based on the transaction price, which is the consideration, net of customer incentives, discounts, variable considerations, payments made to customers, other similar charges, as specified in the contract with the customer. Additionally, revenue excludes taxes collected from customers, which are subsequently remitted to governmental authorities.
	Interest Income: Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition
l.	TAXATION
	Tax Expenses comprise of Current and Minimum Alternate Tax. Current Tax is determined as the amount of tax payable on the taxable income for the year, using tax rates as per the relevant tax regulations and any adjustment to tax payable in respect of previous year.
	Income-tax expense comprises current tax and deferred tax charge or credit. The deferred tax asset and deferred tax liability is calculated by applying tax rate and tax laws that have been enacted or substantially enacted by the Balance Sheet date. Deferred tax assets arising mainly on unabsorbed depreciation under tax laws, are recognised, only if there is a virtual certainty of its realisation, supported by convincing evidence.
	Deferred tax assets on account of other timing differences are recognised only to the extent there is a reasonable certainty of its realisation. At each Balance Sheet date, the carrying amount of deferred tax assets are reviewed to reassure realisation.

	Current income tax expense comprises taxes on income from operations in India. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with it will fructify.
m.	CASH AND BANK BALANCES
	Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term balances (with an original maturity of three months or less from the date of acquisition) and highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand, book overdraft and are considered part of the Company's cash management system.
n.	EARNINGS PER SHARE
	(a) Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue; bonus element in a rights issue, share split, and reverse share split (consolidation of shares). (b) For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.
o.	EMPLOYEE BENEFITS
	Contributions to defined contribution retirement benefit schemes are recognised as expense when employees have rendered services entitling them to such benefits. For defined benefit schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in full in the statement of profit and loss for the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested, or amortised on a straight-line basis over the average period until the benefits become vested.
	The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.
	The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave, overseas social security contributions and performance incentives.

	Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.
	Short term benefits such as salary, bonus, ex-gratia and other benefits as may be applicable on the Company are accounted for on accrual basis. The Company at present does not have any Defined Contribution Plan or Defined Benefit Plan as contemplated under AS- 15 on 'Employee Benefits'
p.	SEGMENT REPORTING
	The company is engaged in Designing, Printing & Packaging of Printed Mono-Cartons, Labels, Roll Foam, Stickers etc. and Trading of Machineries which constitutes use single business segment during the period. Considering the nature of company's business and operations, there are no reportable segments (business and/or geographical) in accordance with the requirements of AS-17.
q.	LEASE
	Assets taken on lease by the Company in its capacity as lessee, where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Such a lease is capitalised at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognised for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.
	Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognised as operating leases. Lease rentals under operating leases are recognised in the statement of profit and loss on a straight-line basis.
r.	GOVERNMENT GRANTS
	Government grants available to the enterprise are considered for inclusion in accounts when there is reasonable assurance that the enterprise will comply with the conditions attached to them and where such benefits have been earned by the enterprise and it is reasonably certain that the ultimate collection will be made. Mere receipt of a grant is not necessarily a conclusive evidence that conditions attaching to the grant have been or will be fulfilled.

FACTORS AFFECTING OUR RESULTS OF OPERATIONS

Our business is subjected to various risks and uncertainties, including those discussed in the section titled “**Risk Factors**” beginning on page 28 of this Draft Red Herring Prospectus. Set forth below is a discussion of certain factors that we believe may be expected to have a significant effect on our financial condition and results of operations:

1. *Competition*

Our Company operates in a highly competitive environment characterized by the presence of both large-scale domestic and multinational players engaged in the manufacturing of printed mono-cartons, rolls, labels, stickers, and related packaging products, as well as in the trading of imported printing machines and accessories. Many of these competitors possess superior technological capabilities, greater financial resources, and long-standing relationships with key customers.

In the packaging segment, competitors are increasingly investing in automation, digital printing, recyclable substrates, enabling faster turnaround times, enhanced print quality, and cost efficiency. In the trading of imported printing machines and accessories, global players often benefit from direct tie-ups with leading OEMs, bulk procurement advantages, and established distribution networks, which allow them to offer competitive pricing and bundled solutions.

Consequently, heightened competition from technologically advanced and resource-rich domestic and international players may materially and adversely affect our business, financial condition, and results of operations.

2. *International trade, foreign exchange fluctuations and cross-border operations*

Our trading operations involve import of machinery from overseas and sales across multiple jurisdictions including India, Thailand, Sri Lanka and Bangladesh. Accordingly, we are exposed to risks such as changes in import/export regulations, customs duties, foreign exchange fluctuations, geopolitical developments, and political or economic instability in these regions. Any adverse developments may increase our costs, disrupt operations and adversely affect our financial condition and results of operations

3. *Retaining our existing customers and augmenting our customer base*

Our ability to grow our business requires us to (i) retain our customers;(ii) deepen our relationship with our existing customers; and (iii) expand our customer base. Our Company has long-standing relationships with most of our customers over the past several years; however, we have not entered into any long-term contractual arrangements with them. The table below sets forth the revenue contribution from our top 5 and top 10 customers as a percentage of our revenue from operations for the period indicated below:

Particulars	Period Ended January 31, 2026		FY 2024-25		FY 2023-24		(Rs. In lakhs) FY 2022-23	
	Amount in Lakhs	% of Total Sales	Amount in Lakhs	% of Total Sales	Amount in Lakhs	% of Total Sales	Amount in Lakhs	% of Total Sales
Top-1	510.36	18.32%	321.72	13.43%	189.37	11.18%	117.38	9.09%
Top-3	1041.33	37.38%	666.07	27.80%	435.85	25.74%	285.09	22.08%

Top-5	1275.17	45.77%	871.94	36.39%	629.17	37.15%	399.21	30.92%
Top-10	1,524.17	54.72%	1,104.60	46.10%	803.43	47.45%	590.41	45.71%

We depend and expect to continue depending on our top 10 customers for a substantial portion of our revenue from operations. The loss of any of these customers could materially and adversely affect our business, results of operations, and financial condition.

4. *Cost of availability of raw materials and dependant on limited number of suppliers*

Any increase in raw material prices of prices of finished products may affect our procurement of raw materials and will result in corresponding increases in our product costs, while the increase in the selling price of the finished products may not be in proportionate to the increase in raw material price. Such change in pricing may adversely affect our sales, cash flow and our overall profitability.

Our Company's cost of raw material consumed and purchase of finished goods is 54.36%, 52.27%, 60.54% and 59.77% of our revenues from operation for the period ended January 31, 2026 and in Fiscal 2025, Fiscal 2024 and Fiscal 2023, respectively. If we are unable to manage these costs or increase the prices of our products to offset these increased costs, our margins, cash flows and our profitability may be adversely affected.

The table below sets forth details of our purchases from our largest suppliers in the corresponding period/years:

(Rs. in Lakhs)

Particulars	Period Ended January 31, 2026		FY 2024-25		FY 2023-24		FY 2022-23	
	Amount in Lakhs	% of Total Purchase	Amount in Lakhs	% of Total Purchase	Amount in Lakhs	% of Total Purchase	Amount in Lakhs	% of Total Purchase
Top-1	401.16	22.37%	280.34	17.43%	157.49	15.29%	229.95	31.86%
Top-3	875.07	48.79%	708.62	44.06%	365.68	35.51%	434.09	60.14%
Top-5	1048.97	58.48%	923.41	57.42%	553.23	53.72%	520.42	72.10%
Top-10	1,335.44	74.46%	1,305.69	81.19%	842.55	81.82%	611.20	84.68%

Our reliance on key suppliers presents several risks, including potential shortages of raw materials, increased costs, and reduced control over delivery schedules. Additionally, some suppliers may not have the capacity to handle sudden increases in orders for raw materials or may prioritise other customers over us.

items for fiscal 2025 and fiscal 2024 was ₹ 2392.03 lakhs and ₹ 1692.32 lakhs respectively and from other operating income for fiscal 2025 and fiscal 2024 was ₹ 3.89 lakhs and ₹ 1.01 lakhs respectively. The increase was due to –

- a) Expansion of Geographical Base into new states such as Karnataka, Chandigarh, Uttarakhand and further expansion in existing states such as Madhya Pradesh, Rajasthan.
- b) Increase in customer base by more than 115. This leads to increase in business and hence increment in revenue.
- c) Investment in Plant and Machinery resulting in increased production capacity and improved operational efficiencies, which facilitated higher output levels and supported increased revenue.

The Company's revenue has demonstrated a consistent growth over the past three fiscal years.

Revenue increased from ₹1,291.71 lakhs in FY 2022-23 to ₹1,693.33 lakhs in FY 2023-24 and stood at ₹2,395.92 lakhs in FY 2024-25. Over this period, the Company achieved a healthy CAGR of approximately 36.20%.

Particulars	24-25	23-24	22-23	Approx. CAGR
CAGR of Revenue	2395.92	1693.33	1291.71	36.20%

Other Income:

During the fiscal 2025, other income was ₹ 9.67 lakhs. For fiscal 2024, it was ₹ 4.90 lakhs representing an increase of 97.35%. This comprises of Interest Income of ₹ 5.80 lakhs in fiscal 2025 and ₹ 2.76 lakhs in fiscal 2024, while remaining balance ₹ 3.87 lakhs and ₹ 2.14 lakhs for fiscal 2025 and fiscal 2024 respectively, comprises of Discount Received/Round off and Rent Income. The increase is because of the following reasons:

- a) Higher Interest Income from FD from SIDBI which nearly doubled compared to previous year (Fixed Deposit Receipt in SIDBI represent Promoter Margin Contribution for availing Term Loan)
- b) Fresh Amount Received as Rental Income.

Total Expenses:

The total expenses for the fiscal 2025 stood at ₹ 2168.70 lakhs. The total expenses represented an increase of 35.87 % as compared to fiscal 2024, which is ₹ 1596.18 lakhs due to the factors described below: -

Cost of Material consumed:

Our cost of material consumed is ₹ 1252.25 lakhs for the fiscal 2025 as compared to ₹ 1025.13 lakhs for the fiscal 2024 representing an increase of 22.16% due to increase in our scale of operations.

The increase was because of higher production volumes arising from expanded operations and increased demand.

Changes in Inventories

Our changes in inventories is ₹ (10.82) lakhs fiscal 2025 which was ₹ (108.75) lakhs in the fiscal 2024.

Employee benefits expense:

Our company has incurred ₹ 185.59 lakhs as employee benefits expense for the fiscal 2025. It stood at ₹ 126.91 lakhs during the fiscal 2024, representing an increase of 46.24%. The increases were primarily on account of (i) Increase in Salaries and wages from ₹ 109.03 lakhs in fiscal 2024 to ₹ 160.84 lakhs in fiscal 2025, (ii) Marginal Increase in Director's Remuneration from ₹ 14.31 lakhs in fiscal 2024 to ₹ 15.78 lakhs in fiscal 2025 and (iii) Increase in Contribution to PF, ESIC and Pension Fund expenses, Staff welfare and Gratuity expenses from ₹ 3.57 lakhs in fiscal 2024 to ₹ 8.97 lakhs in fiscal 2025.

All those increase in expense is due to increment in staff base from 33 in Fiscal 2024 to 48 in Fiscal 2025. (See Ref Our Business – Employee on page 160)

Finance costs:

Finance costs for the fiscal 2025 was ₹ 95.12 lakhs and for fiscal 2024, it was ₹ 86.46 lakhs, representing an increase of 10.02%. This increase was primarily on account of Increase in Interest expenses on Loans from banks and financial institutions from ₹ 46.94 lakhs in fiscal 2024 to ₹ 66.63 lakhs in fiscal 2025. Increment in Interest expense on Loans from Banks and Financial Institutions was primarily due to additional 3 new and fresh term loans taken from ICICI Bank. (See Financial Indebtness chapter on page 269)

However, Interest on unsecured loans decreased from ₹ 27.52 lakhs in fiscal 2024 to ₹ 21.99 lakhs in fiscal 2025.

Bank charges and Interest on delayed payment to MSME suppliers also decreased from ₹ 12.00 lakhs in fiscal 2024 to ₹ 6.50 lakhs in fiscal 2025.

SECTION VIII: LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated in this section, there are no outstanding: (i) criminal proceedings; (ii) actions by statutory or regulatory authorities; (iii) claims relating to direct and indirect taxes; (iv) disciplinary actions including penalties imposed by SEBI or stock exchanges against the Promoter in the last five financial years, including outstanding action; (v) Other Pending Litigation based on Material Litigations (as disclosed herein below); involving our Company, its Directors and Promoters; or (vi) litigation involving our Group Companies, which has a material impact on our Company.

Except as stated in this section, there are no: (i) criminal proceedings and (ii) actions by statutory or regulatory authorities, involving our Key Managerial Personnel's ("KMP's") and Senior Management Personnel ("SMP's").

For the purpose of (v) & (vi) above, our Board, in its meeting held on 24th December, 2025 adopted the policy on materiality for identification of Material Outstanding Litigation involving the Company, its Directors, Promoters and Group Companies ("Materiality Policy") based on lower of the threshold criteria mentioned below:

- (i) As per the policy of materiality defined by the board of directors of the issuer where the aggregate amount involved in such individual litigation exceeds 5% of profit after tax of the Company, as per the last audited financial statements of the Company or such litigations outcome could have a material impact on the business, operations, prospects or reputations of the Company. Or
- (ii) Litigation where the value or expected impact in terms of value, exceeds the lower of the following:
 - a) two percent of turnover, as per the latest annual restated consolidated financial statements of the issuer being 55.71 Lakhs; or
 - b) two percent of net worth, as per the latest annual restated consolidated financial statements of the issuer, except in case the arithmetic value of the net worth is negative being 23.68 Lakhs; or
 - c) five percent of the average of absolute value of profit or loss after tax, as per the last three annual restated consolidated financial statements of the issuer being 19.07 Lakhs.

It is clarified that for the above purposes, pre-litigation notices received by Relevant Parties, unless otherwise decided by our Board, are not evaluated for materiality until such time that the Relevant Parties are impleaded as defendants in litigation proceedings before any judicial forum.

The Company has adopted the policy in the meeting of Board of Directors held on 24th December, 2025 for identification of Material Outstanding Dues to Creditors in terms of the SEBI (ICDR) Regulations, 2018 as amended for creditors where outstanding due to any one of them exceeds 5% of the Company's trade payables as per the last restated financial statements shall be considered material dues for the company for the purpose of disclosure in this Draft Red Herring Prospectus. ("Material Dues").

For outstanding dues to any micro, small or medium enterprise, the disclosure shall be based on information available with our Company regarding the status of the creditor as defined under the Micro, Small and Medium Enterprises Development Act, 2006 as amended, read with the rules and notification thereunder, as amended, as has been relied upon by the Statutory Auditors.

Unless stated to the contrary, the information provided below is as of the date of this Draft Red Herring Prospectus.

All terms defined in a particular litigation disclosure pertains to that litigation only.

OUTSTANDING DUES TO SMALL SCALE UNDERTAKINGS OR ANY OTHER CREDITORS

In accordance with the Materiality Policy, the Board of Directors of our Company considers dues exceeding 5% of our Company's trade payables (exceeding MSME Creditors) as per the Audited/Restated Financial Information, to small scale undertakings and other creditors, as material dues for our Company.

As per Restated Financial Statements, the trade payables of our Company as on January 31, 2026 were 1037.55 Lakhs. Accordingly, a creditor has been considered 'material' if the amount due to such creditor exceeds 51.86 Lakhs (other than MSME) as on January 31, 2026. This materiality threshold has been approved by our Board of Directors pursuant to the resolution passed on December 24, 2025. As on January 31, 2026, there are 99 creditors to each of whom our Company owes amounts exceeding 5.00% of our Company's total trade payables.

Based on this criterion, details of outstanding dues (trade payables) owed to micro, small and medium enterprises (as defined under Section 2 of the Micro, Small and Medium Enterprises Development Act, 2006), material creditors and other creditors, as at January 31, 2026 by our Company, are set out below:

Type of creditors	No. of Creditors	Total Amount Outstanding (₹ in Lakhs)
Dues to Material Creditors	4	659.39
Dues to Micro, Small and Medium Enterprises	2	0.46
Dues to Other Creditors	99	377.70
Total	105	1,037.55

Details of outstanding dues to creditors (including micro and small enterprises as defined under the Micro, Small and Medium Enterprises Development Act, 2006) as required under the SEBI (ICDR) Regulations have been disclosed on our website at <https://bipinoffset.com/>. It is clarified that such details available on our website do not form a part of this Draft Red Herring Prospectus.

Material Developments

Other than as stated in the section entitled *"Management's Discussion and Analysis of Financial Condition and Results of Operations"* on beginning on page 246 there have not arisen, since the date of the last financial information disclosed in this Draft Red Herring Prospectus, any circumstances which materially and adversely affect, or are likely to affect, our operations, our profitability taken as a whole or the value of our consolidated assets or our ability to pay our liabilities within the next 12 months.

MECHANISM FOR REDRESSAL OF INVESTOR GRIEVANCES:

The Registrar Agreement provides for the retention of records with the Registrar to the Issue for a minimum period of three years from the date of listing and commencement of trading of the Equity Shares on the Stock Exchanges, subject to agreement with our Company for storage of such records for longer period, to enable the investors to approach the Registrar to the Issue for redressal of their grievances. The Registrar Agreement provides for the retention of records with the Registrar to the Issue for a minimum period of three years from the date of listing and commencement of trading of the Equity Shares on the Stock Exchanges, subject to agreement with our Company for storage of such records for longer period, to enable the investors to approach the Registrar to the Issue for redressal of their grievances.

In terms of SEBI Master Circular, SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2021 and SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022 subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs at the rate higher of ₹100 per day or 15% per annum of the application amount in the events of delayed or withdrawal of applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for nonallotted/partially allotted applications for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the Book Running Lead Manager shall compensate the investors at the rate higher of ₹100 per day or 15% per annum of the application amount. S

SEBI pursuant to its circular bearing reference number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the time taken for listing of specified securities after the closure of public issue to 3 working days (T+3 days) as against the present requirement of 6 working days (T+6 days). ‘T’ being issue closing date. In partial modification to circulars dated March 16, 2021 and April 20, 2022, the compensation to investors for delay in unblocking of ASBA application monies (if any) shall be computed from T+3 day. The provisions of this circular shall be applicable, on voluntary basis for public issues opening on or after September 1, 2023 and on mandatory basis for public issues opening on or after December 1, 2023. Our Company shall follow the timeline prescribed under the SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023. The timelines prescribed for public issues as mentioned in SEBI circulars dated November 1, 2018, June 28, 2019, November 8, 2019, March 30, 2020, March 16, 2021, June 2, 2021, and April 20, 2022 shall stand modified to the extent stated in this Circular.

All grievances relating to the Issue may be addressed to the Registrar to the Issue, giving full details such as name, address of the applicant, Bid application number, number of Equity Shares Bid for, amount paid on Bid application and the bank branch or collection center where the application was submitted.

All grievances relating to the ASBA process may be addressed to the Registrar to the Issue with a copy to the relevant SCSB or the member of the Syndicate (in Specified Cities) or the Sponsor Bank, as the case may be, where the Application Form was submitted by the ASBA Bidder or through UPI Mechanism, giving full details such as name, address of the Bidder, Bid application number, UPI Id, number of Equity Shares applied for, amount blocked on application and designated branch or the collection center of the SCSBs or the member of the Syndicate (in Specified Cities), as the case may be, where the Application Form was submitted by the ASBA Bidder or Sponsor Bank.

Our Company has obtained authentication on the SCORES in terms of SEBI circular no. CIR/OIAE/1/2013 dated April 17, 2013 and complied with the SEBI circular (CIR/OIAE/1/2014/CIR/OIAE/1/2013) dated December 18, 2014 in relation to redressal of investor grievances through SCORES. Our Company has not received any complaints as on the date of this Draft Red Herring Prospectus.

INVESTOR GRIEVANCES AND REDRESSAL SYSTEM

The Company has appointed Maashitla Securities Private Limited as the Registrar to the Issue, to handle the investor grievances in co-ordination with the Compliance Officer of the Company. All grievances relating to the present Issue may be addressed to the Registrar to the Issue with a copy to the Compliance Officer, giving full details such as name, address of the Applicants, UPI ID (if applicable), number of Equity Shares applied for, amount paid on Application and name of bank and branch. The Company would monitor the work of the Registrar to the Issue to ensure that the investor grievances are settled expeditiously and satisfactorily.

The Registrar to the Issue, namely, Maashitla Securities Private Limited, will handle investor's grievances pertaining to the Issue. A fortnightly status report of the complaints received and redressed by it, would be forwarded to the Company. ALLOTMENT ONLY IN DEMATERIALIZED FORM

Pursuant to Section 29 of the Companies Act, 2013 the Equity Shares shall be allotted only in dematerialized form. As per the SEBI ICDR Regulations as amended from time to time, the trading of the Equity Shares shall only be done in dematerialized form. In this context, two agreements have been signed amongst our Company, the respective Depositories and the Registrar to the Issue:

1. Tripartite Agreement dated May 27, 2025, amongst NSDL, our Company, and the Registrar to the Issue; and
2. Tripartite Agreement dated July 21, 2025, amongst CDSL, our Company, and the Registrar to the Issue.
3. Our company shares bear an ISIN: INE20HZ01019.

MINIMUM APPLICATION VALUE, MARKET LOT AND TRADING LOT

In accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum Bid size shall not be less than two lots with Minimum Application Size shall be above ₹2,00,000. The trading of the Equity Shares is in dematerialized form; the tradable lot is [●] Equity Shares of the face value of ₹10/- each. Allotment in this Issue will be only in electronic form in multiples of [●] Equity Shares of the face value of ₹10/- each subject to a minimum Allotment of [●] Equity Shares to the successful Bidders in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012 and the same may be modified by BSE from time to time by giving prior notice to investors at large.

MINIMUM NUMBER OF ALLOTTEES

In accordance with the Regulation 268(1) of SEBI ICDR Regulations, the minimum number of Allottees in this Issue shall be 200 Shareholders. In case the minimum number of prospective Allottees is less than 200, no Allotment will be made pursuant to this Issue and the monies blocked by the SCSBs shall be unblocked within 2 (Two) Working Days from the Bid/Issue Closing Date or within such other period as may be prescribed by SEBI.

JURISDICTION

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/ authorities in India.

The Equity Shares have not been, and will not be, registered under the U.S. Securities Act 1933, as amended (the “Securities Act”) or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, “U.S. persons” (as defined in Regulation S under the U.S. Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold (i) in the United States only to “qualified institutional buyers”, as defined in Rule 144A of the U.S. Securities Act, and (ii) outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

JOINT HOLDERS

Where two or more persons are registered as the holders of any Equity Shares, they shall be deemed to hold the same as joint tenants with benefits of survivorship.

NOMINATION FACILITY TO BIDDERS

In accordance with Section 72 of the Companies Act, 2013 the Sole Bidder, or the First Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of Sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale / transfer / alienation of Equity Share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only in the prescribed form available on request at our Registered Office or with the Registrar and Share Transfer Agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

1. To register himself or herself as the holder of the Equity Shares; or
2. To make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with Depository Participants of the Bidders would prevail. If the Bidder wants to change the nomination, they are requested to inform their respective Depository Participant.

PRE-ISSUE AND PRICE BAND ADVERTISEMENT

Subject to Section 30 of the Companies Act, 2013 the Company shall, after filing the Red Herring Prospectus with the RoC, publish a Pre-Offer and Price Band Advertisement, in the form prescribed by the SEBI ICDR Regulations, in all editions of [●] (a widely circulated English national daily newspaper), all editions of [●] (a widely circulated Gujarati national daily newspaper) and Ahmedabad editions of the regional daily newspaper [●], where the registered office of the company is situated each with wide circulation at least two Working Days prior to the Offer Opening Date and shall be available to the Stock Exchange for the purpose of uploading on the website.

WITHDRAWAL OF THE ISSUE

In accordance with SEBI ICDR Regulations, the Company in consultation with the Book Running Lead Manager, reserves the right not to proceed with the Issue at any time before the Bid/Issue Opening Date, without assigning any reason thereof.

In such an event, our Company would issue a public notice in the same newspapers in which the pre- Issue advertisements were published, within two days of the Bid/ Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. Further, the Stock Exchanges shall be informed promptly in this regard by our Company and the BRLM. Also, BRLM through the Registrar to the Issue, shall notify the SCSBs and the Sponsor Banks to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification. In the event of withdrawal of the Issue and subsequently, plans of a fresh Issue by our Company, a fresh draft red herring prospectus will be submitted again to the Stock Exchange.

Notwithstanding the foregoing, the Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for only after Allotment, and (ii) filing of the Red Herring Prospectus/Prospectus with ROC. If our Company in consultation with the Book Running Lead Manager withdraws the Issue after the Bid/ Issue Closing Date and thereafter determines that it will proceed with a public issue of the Equity Shares, our Company shall file a fresh red herring prospectus with the Stock Exchange.

If Allotment is not made within the prescribed time period under applicable law, the entire subscription amount received will be refunded/unblocked within the time prescribed under applicable law

The above timetable is Indicative and does not constitute any obligation or liability on our Company and the BRLM. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within Three (3) Working Days of the Issue Closing Date, the timetable may change due to various factors, such as extension

of the Issue by our Company or any delays in receiving the final listing and trading approval from the Stock Exchange. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

SEBI vide circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the post issue timeline for IPOs. The revised timeline of T+3 days has been made applicable in two phases, i.e., voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Accordingly, the Issue has been made under UPI Phase III, subject to the timing of the Offer and any circulars, clarification or notification issued by the SEBI from time to time, including with respect to SEBI circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023.

Any circulars or notifications from the SEBI after the date of the Draft Red Herring Prospectus may result in changes to the above-mentioned timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

The BRLM will be required to submit reports of compliance with listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will submit report of compliance with T+3 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

**QIBs, Non-Institutional Bidders and Individual Bidders can neither revise their Bids downwards nor cancel/withdraw their Bids.*

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

1. In case of Bids by QIBs and/or Non-Institutional Bidders, the Bids and the revisions in Bids shall be accepted only between 10.00 a.m. and 3.00 p.m. (IST) and uploaded by 4.00 p.m. IST; and

2. In case of Bids by Individual Bidders, the Bids and the revisions in Bids shall be accepted only between 10.00 a.m. and 3.00 p.m. (IST) and uploaded until 4.00 p.m. IST or such extended time as permitted by the Stock Exchanges, after taking into account the total number of Bids received up to the closure of timings and reported by BRLM to the Stock Exchange within half an hour of such closure.

On Bid/Issue Closing Date, extension of time may be granted by Stock Exchanges only for uploading Bids received by Individual Bidders, after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchanges.

The Registrar to the Issue shall submit the details of cancelled/withdrawn/deleted Bids to the SCSBs on daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/Issue Closing Date by obtaining the same from the Stock Exchange. The SCSBs shall unblock such Bids by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis, as per the format prescribed in SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids

It is clarified that Bids not uploaded the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, Bidders are advised to submit their Bid one day prior to the Bid/Issue Closing Date and, in any case, not later than 3.00 p.m. on the Bid/Issue Closing Date. Any time mentioned in this Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Issue Closing Date, as is typically experienced in public issues, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for Allocation under this Issue. Bids will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holiday).

Investors may please note that as per letter no. List/SMD/SM/2006 dated July 3, 2006, and letter no. NSE/IPO/25101-6 dated July 6, 2006, issued by BSE and NSE respectively, Bids and any revision in Bids shall not be accepted on Saturdays and public holidays as declared by the Stock Exchanges. Bids by ASBA Bidders shall be uploaded by the relevant Designated Intermediary in the electronic system to be provided by the Stock Exchange.

Our Company in consultation with the Book Running Lead Manager, reserves the right to revise the Price Band during the Bid/Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares as mentioned in Schedule XIII Para 7 of SEBI ICDR Regulations. The revision in the Price Band shall not exceed 20% on either side, i.e., the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly, but the Floor Price shall not be less than the face value of the Equity Shares. In all circumstances, the Cap Price shall be less than or equal to 120% of the Floor Price, provided that the Cap Price shall be at least 105% of the Floor Price.

In case of any revision to the Price Band, the Bid/Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Issue Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar unforeseen circumstances, our Company in consultation with BRLM, for reasons to be recorded in writing, extend the Bid/Issue Period for a minimum of one Working Days, subject to the Bid/Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Issue Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and at the terminals of the Syndicate Members and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable.

In accordance with Schedule XIII Para 12 of SEBI ICDR Regulations, Individual Bidder, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their Bid (in terms of the quantity of the Equity Shares or the Bid amount) at any stage.

In case of any discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid cum Application Form, for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

Separately, the following compensation mechanism shall be applicable for investor grievances in relation to Bids made through the UPI Mechanism, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensated on period
Delayed unblock for cancelled / withdrawn/ deleted applications	₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchanges till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	Instantly revoke the blocked funds other than the original application amount and ₹ 100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	From the date on which multiple amounts were blocked till the date of actual unblock
Blocking more amount than the Bid Amount	Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount and ₹ 100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non-Allotted/ partially Allotted applications	₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalization of the Basis of Allotment till the date of actual Unblock

MINIMUM SUBSCRIPTION AND UNDERWRITING

Minimum subscription in the Issue is 90% and the Issue is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the “Stated Minimum Amount” has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If the Issuer does not receive the subscription of 100% of the Issue through this issue document including devolvement of underwriters if any, in accordance with applicable laws, or if the subscription level falls below the thresholds mentioned above after the Bid/Issue Closing Date, on account of withdrawal of applications or after technical rejections, or if the listing or trading permission are not obtained from the Stock Exchanges for the Equity Shares being offered in the Issue, our Company shall forthwith refund the entire subscription amount received in accordance with applicable law including the SEBI circular bearing no. SEBI/HO/CFD/PoD2/P/CIR/2023/00094 dated June 21, 2023. If there is a delay beyond four days, our Company and every Director of our Company who is an officer in default, to the extent applicable, shall pay interest at the rate of 15% per annum.

In terms of Regulation 272(2) of SEBI ICDR Regulations, in case the issuer fails to obtain listing or trading permission from the Stock Exchange where the specified securities were to be listed, it shall refund through verifiable means the entire monies received within four (4) days of receipt of intimation from Stock Exchange rejecting the application for listing of specified securities, and if any such money is not repaid within four (4) days after the issuer becomes liable to repay it the issuer and every director of the company who is an officer in default shall, on and from the expiry of the second day, be jointly and severally liable to repay that money with interest at the rate of fifteen per cent per annum.

In accordance with Regulation 260(1) of the SEBI ICDR Regulations, our Issue shall be one hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the Issue through the Draft Red Herring Prospectus and shall not be restricted to the minimum subscription level. For details of underwriting arrangement, kindly refer the chapter titled “**General Information – Underwriter**” on page 77 of this Draft Red Herring Prospectus.

Further, in accordance with Regulation 267(2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum Bid size in terms of the number of specified securities shall not be less than two lots with Minimum Application Size shall be above ₹2,00,000.

Further, in accordance with Regulation 268 of the SEBI ICDR Regulations, our Company shall ensure that the number of prospective Allottees to whom the Equity Shares will be Allotted, will not be less than 200 (Two Hundred).

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

MIGRATION TO THE MAIN BOARD

As per the provisions of the Chapter IX of the SEBI (ICDR) Regulation, 2018 read with SEBI ICDR (Amendment) Regulations, 2025 to the extent applicable, our Company may migrate to the main board of BSE from the SME Exchange on a later date subject to the following:

As per Regulation 277 and Regulation 280 (2) of the SEBI ICDR Regulations, 2018 read with SEBI ICDR (Amendment) Regulations, 2025, Where the post-issue paid up capital of the Company listed on the BSE SME is likely to increase beyond twenty-five crore rupees by virtue of any further issue of capital by the Company by way of rights issue, preferential issue, bonus issue etc. the Company shall migrate its equity shares listed on a SME Platform to the Main Board and seek listing of the equity shares proposed to be issued on the Main Board subject to the fulfilment of the eligibility criteria for listing of equity shares laid down by the Main Board:

Provided that no further issue of capital shall be made unless –

- the shareholders have approved the migration by passing a special resolution through postal ballot wherein the votes cast by shareholders other than promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal;
- the Company has obtained an in-principal approval from the Main Board for listing of its entire specified securities on it.

Provided further that where the post-issue paid-up capital pursuant to further issue of capital including by way of rights issue, preferential issue, bonus issue, is likely to increase beyond ₹25 crores, the Company may undertake further issuance of capital without migration from SME exchange to the main board, subject to the undertaking to comply with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as applicable to companies listed on the main board of the stock exchange(s).

If the Paid-up Capital of the company is more than ₹10 crores but below ₹25 crores, the company may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

As per BSE Circular dated November 24, 2023, our Company may migrate its securities from SME Platform of BSE Limited to main board platform of the BSE Limited:

SEBI vide Circular Nos. CIR/MRD/DSA/17/2010 dated May 18, 2010, had initially laid down the framework for the SME platform, including provisions related to migration to the main board.

Further, BSE Limited, vide its notice no. 20250820-11 dated August 20, 2025, in continuation of its earlier notice dated November 24, 2023 and media release dated August 11, 2025, has revised the eligibility criteria for migration of SME listed companies to the Main Board. The revised criteria are applicable with effect from August 11, 2025 as follows:

Sr No.	Details	Eligibility Criteria
1.	Paid up capital	At least Rs. 10 crores
2. PHASED IMPLEMENTATION OF UPI FOR BIDS BY INDIVIDUAL BIDDERS AS PER THE UPI CIRCULAR

SEBI has issued the a circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 and circular number SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 circular number SEBI/HO/CFD/DIL2/CIR/P/2019/76 June 28, 2019, circular number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 and circular number SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019 (collectively the “UPI Circulars”) Circulars in relation to streamlining the process of public issue of, among others, equity shares and convertibles. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for Bids by UPI Bidders through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure a complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

1. **Phase I:** This phase was applicable from January 1, 2019, until March 31, 2019, or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an Individual Bidder had the option to submit the ASBA Form with any of the Designated Intermediaries and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continue to be 6 (six) Working Days.
2. **Phase II:** This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. Subsequently, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. Under this phase, submission of the ASBA Form by UPI Bidders through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds has been

discontinued and replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be (6) six Working Days during this phase.

3. **Phase III:** As per SEBI circular number SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, this phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023, and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 (“**T+3 Notification**”). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarifications or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

Pursuant to the UPI Circulars, SEBI has set out specific requirements for redressal of investor grievances for Bids that have been made through the UPI Mechanism. The requirements of the UPI Circulars include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted Bids, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked not later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors’ complaints in this regard, the relevant SCSB as well as the post – Issue BRLM will be required to compensate the concerned investor.

The Issue will be made under UPI Phase III of the UPI Circulars (on a mandatory basis).

All SCSBs offering the facility of making Bids in public issues shall also provide the facility to make Bids using UPI Mechanism. Our Company will be required to appoint one or more of the SCSBs as a Sponsor Bank(s) to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the UPI Bidders using the UPI Mechanism.

Pursuant to the UPI Circulars, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circulars include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalized under the relevant securities law. Additionally, if there is any delay in the redressal of investors’ complaints, the relevant SCSB as well as the Book Running Lead Manager will be required to compensate the concerned investor.

For further details, refer to the General Information Document available on the website of the Stock Exchange and the Book Running Lead Manager.

SEBI through its circular SEBI/HO/CFD/DIL2/CIR/P/2022/45 dated April 05, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 01, 2022, where the application amount is up to ₹5,00,000, shall use UPI. Individual investors bidding under the Non-Institutional Portion bidding for more than ₹2,00,000 and up to ₹5,00,000, using the UPI Mechanism, shall provide their UPI ID in the Bid cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

The processing fees for Bids made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks make a Bid Cum Application is made by the SCSBs to the BRLM with a copy to the Registrar, and such Bid cum Application shall be made only after (i) unblocking of application amounts for each Bid cum Application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB. Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 02, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

2. For Other than Individual Bidders (Non-Institutional Investors and QIBs):

The Bid must be for more than two lots per Bid provided that the minimum Bid shall be above Rs. 2,00,000/- and in multiples of the lot size. A Bid cannot be submitted for more than the Net Issue size. However, the maximum Bid by a QIB Bidders should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI ICDR Regulations, a QIB Bidder cannot withdraw its Bid after the Issue Closing Date and is required to pay 100% QIB margin upon submission of Bid.

In case of revision in Bid, the Non-Institutional Bidders, who are individuals, have to ensure that the Bid Amount is greater than Rs. 2,00,000/- for being considered for allocation in the Non-Institutional Portion.

The above information is given for the benefit of the Bidders. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to ensure that any single Bid from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus.

METHOD OF BIDDING PROCESS

Our Company in consultation with the BRLM will decide the Price Band and the minimum Bid Lot size for the Issue and the same shall be advertised in all editions of the English national daily newspaper and all editions of [●], a Hindi national daily newspaper, Gujarati editions of [●] (a widely circulated Gujarati daily newspaper, Gujarati being the regional language of Gujarat, where our registered office is located), at least (2) two Working Days prior to the Bid/ Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Issue Period.

1. The Issue Period shall be for a minimum of three Working Days and shall not exceed 10 (ten) Working Days. The Issue Period may be extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 (ten) Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be published in all editions of the English national daily newspaper and all editions of [●], a Hindi national daily newspaper (a widely circulated Hindi national daily), Gujarati editions of [●] (a widely circulated Gujarati daily newspaper, (Gujarati being the regional language of Gujarat, where our registered office is located), and also by indicating the change on the websites of the Book Running Lead Manager.
2. During the Issue Period, Individual Bidders, should approach the BRLM or their authorized agents to register their Bids. The BRLM shall accept Bids from Anchor Investors and ASBA Bidders in specified cities and it shall have the right to vet the Bids during the Issue Period in accordance with the terms of the Draft Red Herring Prospectus. ASBA Bidders should approach the Designated Branches or the BRLM (for the Bids to be submitted in the specified cities) to register their Bids.
3. Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at different price levels and revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.

4. The Bidder cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bids and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph ***“Bids at different price levels and Revision of Bids”***.
5. Except in relation to the Bids received from the Anchor Investors, the BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form.
6. The BRLM shall accept the Bids from the Anchor Investors during the Anchor Investor Bidding Date i.e. one working day prior to the Bid/ Issue Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion shall not be considered as multiple Bids.
7. Along with the Bid cum Application Form, Anchor Investors will make payment in the manner described in ***“Payment into Escrow Account for Anchor Investors”***.
8. Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form prior to uploading such Bids with the Stock Exchange.
9. If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
10. If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
11. The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalisation of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

6. Allocation to Anchor Investors will be completed on the Anchor Investor Bid/ Issue Period. The number of Equity Shares allocated to Anchor Investors and the price at which the allocation is made will be made available in the public domain by the BRLM before the Bid/Issue Opening Date, through intimation to the Stock Exchange.
7. Anchor Investors cannot withdraw or lower the size of their Bids at any stage after submission of the Bid.
8. If the Issue Price is greater than the Anchor Investor Allocation Price, the additional amount being the difference between the Issue Price and the Anchor Investor Allocation Price will be payable by the Anchor Investors within 2 (two) Working Days from the Bid/ Issue Closing Date. If the Issue Price is lower than the Anchor Investor Allocation Price, Allotment to successful Anchor Investors will be at the higher price, i.e., the Anchor Investor Issue Price.
9. At the end of each day of the bidding period, the demand including Allocation made to Anchor Investors, shall be shown graphically on the bidding terminals of Syndicate Members and website of Stock Exchange offering electronically linked transparent bidding facility, for information of public.
10. 50% of the Equity Shares Allotted to Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 90 days from the date of Allotment, while the remaining 50% of the Equity Shares Allotted to Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 30 days from the date of Allotment.
11. The BRLM, our Promoters, Promoter Group, or any person related to them (except for Mutual Funds sponsored by entities related to the BRLM) will not participate in the Anchor Investor Portion. The parameters for selection of Anchor Investors will be clearly identified by the BRLM and made available as part of the records of the BRLM for inspection by SEBI.

12. Bids made by QIBs under both the Anchor Investor Portion and the QIB Portion will not be considered multiple bids.
13. Anchor Investors are not permitted to Bid in the Issue through the ASBA process.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which such Bid has been made.

No Mutual Fund scheme shall invest more than 10% of its NAV in Equity Shares or equity-related instruments of any single company, provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NRIS

Eligible NRIs may obtain copies of Application form from the Designated Intermediaries. Only Applications accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for allotment. Eligible NRI Applicant applying on a repatriation basis by using the Non-Resident Forms should authorise their SCSB or should confirm/ accept the UPI Mandate Request (in case of UPI Applications using the UPI Mechanism) to block their Non-Residential External ("NRE") accounts or Foreign Currency Non-Resident ("FCNR") ASBA Accounts, and eligible NRI Applicant applying on non-repatriation basis by using Resident Forms should authorise their SCSB or should confirm/ accept the UPI Mandate Request (in case of UPI Bidders applying using the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Application Amount, at the time of the submission of the Application Form. However, NRIs applying in the Issue through the UPI Mechanism are advised to enquire with the relevant bank where their account in UPI linked prior to submitting their application.

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents (White in colour).

Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents (Blue in colour).

Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries.

Eligible NRI Bidders Bidding on a repatriation basis by using the Non-Resident forms should authorise their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders Bidding through the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and Eligible NRI Bidders Bidding on a non-repatriation basis by using Resident Forms should authorise their respective SCSBs (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders Bidding through the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form.

As per Schedule III of the FEMA Rules, a NRI or OCI may purchase or sell shares of a listed Indian company on repatriation basis, on a recognised stock exchange in India, subject to the conditions that NRIs or OCIs may purchase and sell shares through a branch designated by an authorised dealer for the purpose; and the total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity

capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants. The aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the company.

Eligible NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circulars). Further, subject to applicable law, Eligible NRIs may use Channel IV (as specified in the UPI Circulars) to apply in the Issue, provided the UPI facility is enabled for their NRE/NRO accounts.

Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

For details of restrictions on investment by NRIs, see *“Restrictions on Foreign Ownership of Indian Securities”* beginning on page 362 of this Draft Red Herring Prospectus.

BIDS BY HUFs

Bids by HUFs should be made in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form as follows: “Name of Sole Bidder or First Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta”. Bids by HUFs will be considered at par with Bids from individuals.

BIDS BY FPIs

In terms of the SEBI FPI Regulations, the investment in Equity Shares by a single FPI or an investor group (which means multiple entities registered as FPIs and directly or indirectly having common ownership of more than 50% or common control) must be below 10% of the post- Issue Equity Share capital. Further, in terms of the FEMA Rules, the total holding by each FPI or an investor group shall be below 10% of the total paid-up Equity Share capital of our Company. With effect from April 01, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as laid out in sub-paragraph (b) of paragraph 3 of Schedule I of the FEMA Rules, with respect to its paid-up equity capital on a fully diluted basis or such same sectoral cap percentage of paid-up value of each series of debentures or preference shares or share warrants. The aggregate limit as provided above may be decreased by the Indian company concerned to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its Board of Directors and its general body through a resolution and a special resolution, respectively before March 31, 2020. The Indian company which has decreased its aggregate limit to 24% or 49% or 74%, may increase such aggregate limit to 49% or 74% or the sectoral cap or statutory ceiling respectively as deemed fit, with the approval of its Board of Directors and its general body through a resolution and a special resolution, respectively; however, once the aggregate limit has been increased to a higher threshold, the Indian company cannot reduce the same to a lower threshold.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason.

FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents (Blue in colour).

A FPI may purchase or sell Equity Shares of an Indian company which is listed or to be listed on a recognised stock exchange in India, and/or may purchase or sell securities other than equity instruments.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

To ensure compliance with the applicable limits, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalisation of the Basis of Allotment, the Registrar to the Issue shall:

1. use the PAN issued by the Income Tax Department of India for checking compliance for a single FPI, and
2. obtain validation from Depositories for the FPIs who have invested in the Issue to ensure there is no breach of the investment limit, within the timelines for issue procedure, as prescribed by SEBI from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued

overseas by an FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs, (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs, (iii) such offshore derivative instruments are issued after compliance with “know your client” norms, and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instrument is made by, or on behalf of it subject to, among others, the following conditions:

1. each offshore derivative instrument is transferred to persons subject to fulfilment of SEBI FPI Regulations; and
2. prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Further, Bids by following FPIs, submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs may not be regarded as multiple Bids:

1. FPIs that utilise the multi-investment manager structure;
2. Offshore derivative instruments (“ODI”) which have obtained separate FPI registration for ODI and proprietary derivative investments;
3. Sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration;
4. FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager;
5. Multiple branches in different jurisdictions of foreign bank registered as FPIs;
6. Government and Government related investors registered as Category I FPIs; and
7. Entities registered as collective investment scheme having multiple share classes.

The Bids belonging to the aforesaid seven structures and having same PAN may be collated and identified as a single Bid in the Bidding process. The Equity Shares allotted in the Bid may be proportionately distributed to the Bidder FPIs (with same PAN). In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilise any of the above-mentioned structures and indicate the name of their respective investment managers in such confirmation.

In the absence of such confirmation from the relevant FPIs, such multiple Bids shall be rejected.

BIDS BY SEBI REGISTERED AIFS, VCFs, AND FVCIS

The SEBI AIF Regulations prescribe, among others, the investment restrictions on AIFs. Post the repeal of the SEBI VCF Regulations, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. The SEBI FVCI Regulations prescribe the investment restrictions on FVCIs. Category I AIFs and Category II AIFs cannot invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A Category III AIF cannot invest more than 10% of the investible funds in one investee company directly or through investment in the units of other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public offering of a venture capital undertaking.

The holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds in various prescribed instruments, including in initial public offerings.

Further, the shareholding of VCFs, Category I AIFs or Category II AIFs and FVCIs in a company prior to an initial public offering being undertaken by such company, shall be exempt from lock-in requirements, provided that such Equity Shares shall be locked in for a period of at least six months from the date of purchase by the VCF or AIF or FVCI. However, if such VCFs, Category I AIFs or Category II AIFs and FVCIs hold individually or with persons

acting in concert, more than 20% of the pre-issue shareholding of such company, this exemption from lock-in requirements will not be applicable.

There is no reservation for Eligible NRIs, AIFs, FPIs and FVCIs. All such Bidders will be treated on the same basis with other categories for the purpose of Allocation. Participation of VCFs, AIFs or FVCIs in the Issue shall be subject to the FEMA Rules.

All non-resident investors should note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

Our Company or the Book Running Lead Manager will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason thereof. Limited liability partnership can participate in the Issue only through the ASBA process.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form, failing which our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended, ("**Banking Regulation Act**"), and the Master Directions - Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the banking company's paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act, (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company, (iii) hold along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank, and Mutual Funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid-up share capital engaged in non-financial services. However, this cap does not apply to the cases mentioned in (i) and (ii) above.

Further, the aggregate investment by a banking company in all its subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments, cannot exceed 20% of the banking company's paid-up share capital and reserves.

The banking company is required to submit a time-bound action plan for disposal of such shares within a specified period to RBI. A banking company would require a prior approval of RBI to make (i) investment in a subsidiary or a financial services company that is not a subsidiary (with certain exceptions prescribed), and (ii) investment in a non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in para 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended.

BIDS BY SCSBS

SCSBS participating in the Issue are required to comply with the terms of the circulars dated September 13, 2012, and January 2, 2013, issued by SEBI. Such SCSBS are required to ensure that for making Bids on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBS. Further, such account shall be used solely for the purpose of making Bid cum Application Form in public issues and clear demarcated funds should be available in such account for such Bids.

In accordance with existing regulations issued by the RBI, OCBs cannot participate in the Issue.

The Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act of 1933, as amended, or any state securities laws in the United States, and unless so registered may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, such Equity Shares are being offered and sold outside of the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The above information is given for the benefit of the Bidders. Our Company, the Promoter and the BRLMs are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that any single Bid from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus, or as will be specified in the Red Herring Prospectus/Prospectus

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason thereof. The exposure norms for insurers are prescribed under Regulation 9 of the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016 (“**IRDAI Investment Regulations**”), and are based on investments in the Equity Shares of a company, the entire group of the investee company and the industry sector in which the investee company operates. Bidders are advised to refer to the IRDAI Investment Regulations, as amended, which are broadly set forth below:

1. equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of a life insurer or 10% of investment assets in case of a general insurer or reinsurer;
2. the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
3. the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (1), (2), and (3) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of Rs. 2,50,00,000 Lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of Rs. 50,00,000 Lakhs or more but less than Rs. 2,50,00,000 Lakhs.*

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines, and circulars issued by IRDAI, from time to time, including the IRDAI Investment Regulations for specific investment limits applicable to them.

BIDS BY SYSTEMICALLY IMPORTANT NON-BANKING FINANCIAL COMPANIES

In case of Bids made by NBFC-SI, a certified copy of the certificate of registration issued by RBI, a certified copy of its last audited financial statements on a standalone basis and a net worth certificate from its statutory auditor(s), must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid, without assigning any reason thereof. NBFC-SI participating in the Issue shall comply with all applicable regulations, guidelines and circulars issued by RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

In accordance with existing regulations issued by RBI, OCBs cannot participate in this Issue.

Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to accept or reject any Bid in whole or in part, in either case, without assigning any reason thereof.

Our Company, in consultation with the Book Running Lead Manager, in their absolute discretion, reserve the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form, subject to such terms and conditions that our Company, in consultation with the Book Running Lead Manager, may deem fit.

The above information is given for the benefit of the Bidders. Our Company, the BRLM and the Syndicate Members are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Red Herring Prospectus. Bidders are advised to make their independent investigations and Bidders are advised to ensure that any single Bid from them does not exceed the applicable investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in the Red Herring Prospectus.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of Rs. 2,500 Lakhs, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid, without assigning any reason therefore.

The above information is given for the benefit of the Bidders. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that any single Bid from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable laws or regulation and as specified in the Draft Red Herring Prospectus. Information for Bidders.

The relevant Designated Intermediary will enter a maximum of three Bids at different price levels opted in the Bid cum Application Form and such options are not considered as multiple Bids. It is the Bidder's responsibility to obtain the acknowledgment slip from the relevant Designated Intermediary. The registration of the Bid by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated/Allotted. Such acknowledgement slip will be non-negotiable and by itself will not create any obligation of any kind. When a Bidder revises his or her Bid, he /she shall surrender the earlier acknowledgement slip and may request for a revised acknowledgment slip from the relevant Designated Intermediary as proof of his or her having revised the previous Bid.

In relation to electronic registration of Bids, the permission given by the Stock Exchanges to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company and/or the Book Running Lead Manager are cleared or approved by the Stock Exchanges, nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company, nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Draft Red Herring Prospectus, nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

22. Bidders (except UPI Bidders bidding using the UPI Mechanism) should instruct their respective banks to release the funds blocked in the ASBA Account under the ASBA process. UPI Bidders bidding using the UPI Mechanism should ensure that they approve the UPI Mandate Request generated by the Sponsor Bank to authorise the blocking of funds equivalent to the Bid Amount and subsequent debit of funds in case of Allotment, in a timely manner;
23. Note that in case the DP ID, Client ID and the PAN mentioned in their Bid cum Application Form and entered into the online IPO system of the Stock Exchanges by the relevant Designated Intermediary, as the case may be, do not match with the DP ID, Client ID and PAN available in the Depository database, then such Bids are liable to be rejected;
24. Ensure that while Bidding through a Designated Intermediary, the Bid cum Application Form (other than for Anchor Investors and Individual Investors who applies for minimum Bid size) is submitted to a Designated Intermediary in a Bidding Centre and that the SCSB where the ASBA Account, as specified in the ASBA Form, is maintained has named at least one branch at that location for the Designated Intermediary to deposit ASBA Forms (a list of such branches is available on the website of SEBI at www.sebi.gov.in);
25. Ensure that you have correctly signed the authorisation/undertaking box in the Bid cum Application Form, or have otherwise provided authorisation to the SCSB via the electronic mode, for blocking funds in the ASBA Account equivalent to the Bid Amount mentioned in the Bid cum Application Form at the time of submission of the Bid;
26. UPI Bidders bidding using the UPI Mechanism shall ensure that details of the Bid are reviewed and verified by opening the attachment in the UPI Mandate Request and then proceed to authorise the UPI Mandate Request using their UPI PIN. Upon the authorisation of the mandate using their UPI PIN, the UPI Bidder may be deemed to have verified the attachment containing the Bid details of the UPI Bidder bidding using the UPI Mechanism in the UPI Mandate Request and have agreed to block the entire Bid Amount and authorised the Sponsor Bank to issue a request to block the Bid Amount mentioned in the Bid cum Application Form in their ASBA Account;
27. UPI Bidders bidding using the UPI Mechanism should mention the valid UPI ID of only the Bidder (in case of a single account) and of the First Bidder (in case of a joint account) in the Bid cum Application Form;
28. UPI Bidders Bidding using the UPI Mechanism, who have revised their Bids subsequent to making the initial Bid, should also approve the revised UPI Mandate Request generated by the Sponsor Bank to authorise blocking of funds equivalent to the revised Bid Amount in their account and subsequent debit of funds in case of Allotment in a timely manner;

29. Bids by Eligible NRIs, HUFs and FPIs other than individuals, corporate bodies, and family offices, for a Bid Amount of up to 2 lots subject to the minimum Bid size shall be above Rs. 200,000 would be considered under the Individual Investor Category for the purposes of allocation. Bids for more than two lots would be considered under the Non- Institutional Category for allocation in the Issue;
30. Ensure that Anchor Investors submit their Bid cum Application Forms only to the Book Running Lead Manager;
31. IBs Bidding shall ensure that they use only their own ASBA Account or only their own bank account linked UPI ID (only for UPI Bidders using the UPI Mechanism) to make an application in the Issue and not ASBA Account or bank account linked UPI ID of any third party;
32. Ensure that you have accepted the UPI Mandate Request received from the Sponsor Bank prior to 12:00 pm of the Working Day immediately after the Bid/ Issue Closing Date; and
33. FPIs making MIM Bids using the same PAN, and different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

The Bid cum Application Form is liable to be rejected if the above instructions, as applicable, are not complied with. Application made using incorrect UPI handle or using a bank account of an SCSB.

NAMES OF ENTITIES RESPONSIBLE FOR FINALISING THE BASIS OF ALLOTMENT IN A FAIR AND PROPER MANNER

The authorised employees of the Stock Exchange, along with the Book Running Lead Manager and the Registrar to the Issue, shall ensure that the Basis of Allotment is finalised in a fair and proper manner in accordance with the procedure specified in the SEBI ICDR Regulations.

METHOD OF ALLOTMENT AS MAY BE PRESCRIBED BY SEBI FROM TIME TO TIME

Our Company will not make any Allotment in excess of the Equity Shares issued through the Issue except in case of oversubscription for the purpose of rounding off to make Allotment, in consultation with the Designated Stock Exchange. Further, upon oversubscription, an Allotment of not more than 10% of the Net Issue may be made for the purpose of making Allotment in minimum Bid Lots.

The Allotment of Equity Shares to Bidders other than to the Individual Investors who apply for minimum Bid size, Non-Institutional Investors and Anchor Investors shall be on a proportionate basis within the respective investor categories and the number of securities allotted shall be rounded off to the nearest integer, subject to minimum Allotment being equal to the minimum Bid size as, determined and disclosed.

The Allotment of Equity Shares to each Individual Investor and Non-Institutional Investor shall not be less than the minimum Bid Lot, subject to the availability of Equity Shares in the Individual Investor category and the Non-Institutional category, respectively, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis.

PAYMENT INTO ESCROW ACCOUNT FOR ANCHOR INVESTORS

Our Company, in consultation with the Book Running Lead Manager in its absolute discretion, will decide the list of Anchor Investors to whom the CAN will be sent, pursuant to which the details of the Equity Shares allocated to them in their respective names will be notified to such Anchor Investors. Anchor Investors are not permitted to Bid in the Issue through the ASBA process. Instead, Anchor Investors should transfer the Bid Amount (through direct credit, RTGS or NEFT). The payment instruments for payment into the Escrow Account should be drawn in favour of:

1. In case of resident Anchor Investors: “[●]”
2. In case of non-resident Anchor Investors: “[●]”

Anchor Investors should note that the escrow mechanism is not prescribed by SEBI and has been established as an arrangement between our Company, the Syndicate, the Banker to the Issue and the Registrar to the Issue to facilitate collections from Anchor Investors.

CONFIRMATION OF ALLOCATION NOTE AND ALLOTMENT IN THE ISSUE

1. Upon approval of the Basis of Allotment by the Designated Stock Exchange. The BRLM or Registrar to the Issue shall send to the SCSBs or Sponsor Bank a list of their Bidders who have been allocated Equity Shares in the Issue.
2. On the basis of approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Issue.
3. The Registrar to the Issue will dispatch an Allotment Advice to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract for the Allotment to such Bidder.
4. Issuer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 2 working days of the Issue Closing date. The Issuer also ensures the credit of shares to the successful Bidders Depository Account is completed within one working Day from the date of allotment, after the funds are transferred from ASBA Public Issue Account to Public Issue account of the Issuer.

PAYMENT MECHANISM

The Bidders shall specify the bank account number in their Bid cum Application Form and the SCSBs shall block an amount equivalent to the Bid Amount in the bank account specified in the Bid cum Application Form. The SCSB shall keep the Bid Amount in the relevant bank account blocked until withdrawal/ rejection of the Bid or receipt of instructions from the Registrar to unblock the Bid Amount. However, Non- Individual Bidders shall neither withdraw nor lower the size of their Bid at any stage. In the event of withdrawal or rejection of the Bid cum Application Form or for unsuccessful Bid cum Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the Bid Amount in the relevant bank account within one day of receipt of such instruction. The Bid Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent

transfer of the Bid Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Bid by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI ICDR Regulations, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for Bid providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Individual Investors who applies for minimum Bid size in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making Bid.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>. For details on designated branches of SCSB collecting the Bid Cum Application Form, please refer the above-mentioned SEBI link.

TERMS OF PAYMENT

The entire Issue price of Rs. [●] per share is payable on Bid cum Application. In case of an Allotment of a lesser number of Equity Shares than the number applied, the Registrar to the Issue shall instruct the SCSBs or Sponsor Bank to unblock the excess amount blocked.

SCSBs or Sponsor Bank will transfer the amount as per the instruction received by the Registrar to the Issue, post finalization of the Basis of Allotment. The balance amount after transfer to the Public Issue Account shall be unblocked by the SCSBs or Sponsor Bank.

The Bidders should note that the arrangement with Banker to the Issue or the Registrar or Sponsor Bank is not prescribed by SEBI and has been established as an arrangement between our Company, Sponsor Bank, and Banker to the Issue, the BRLM and the Registrar to the Issue to facilitate collections from the Bidders.

PRICE DISCOVERY AND ALLOCATION

1. Based on the demand generated at various price levels, our Company in consultation with the BRLM shall finalize the Issue Price.
2. The SEBI ICDR Regulations, specify the Allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for Allocation to each category are disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to Allocation, the Bidder may refer to the Draft Red Herring Prospectus.
3. Under-subscription in any category (except QIB category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. The unsubscribed portion in the QIB category is not available for subscription to other categories.
4. In case of under-subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the reserved portion to the Issue. For Allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the Draft Red Herring Prospectus.
5. In case if the Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.
6. Allocation to Anchor Investors, if applicable shall be at the discretion of our Company and in consultation with the BRLM, subject to compliance with the SEBI ICDR Regulations.

ILLUSTRATION OF THE BOOK AND PRICE DISCOVERY PROCESS

Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue.

Bidders can Bid at any price within the Price Band. For instance, assume a Price Band of Rs. 20/- to Rs. 24/- per share, Issue size of 3,000 Equity Shares and receipt of five Bid from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Applied Quantity	Bid Amount (Rs.)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

Price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., Rs. 22.00 in the above example. The Issuer in consultation with the BRLM, may finalize the Issue Price at or below such Cut-Off Price, i.e., at or below Rs. 22.00. All Bids at or above this Issue Price are valid Bids and are considered for Allocation in the respective categories.

BASIS OF ALLOCATION

1. The SEBI ICDR Regulations specify the Allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the DRHP. For details in relation to Allocation, the Bidder may refer to the RHP.

2. Under-subscription in any category (except QIB category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations, Unsubscribed portion in QIB category is not available for subscription to other categories.
3. In case of under subscription in the issue, spill-over to the extent of such under- subscription may be permitted from the reserved portion to the Issue. For Allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the Prospectus.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Individual Investors who applies for minimum Bid size and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to RHP. No Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Individual Investor category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue.

Flow of Events from the closure of bidding period (T DAY) Till Allotment:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details;
- RTA identifies cases with mismatch of account number as per bid file/Final Certificate and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection;
- Third party confirmation of applications to be completed by SCSBs on T+1 day;
- RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/Company for their review/comments;
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE);
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software;
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:
- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket/batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category;
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times;
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications;
- On the basis of the above, the RTA will work out the allottees, partial allottees and non-allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

BASIS FOR ALLOTMENT

1. For Individual Bidders

Bids received from the Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional Bidders and QIB Bidders shall be available for Allotment to Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to the Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter.

2. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and Individual Investors who applies for minimum Bid size shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter.

3. For QIBs

For the Basis of Allotment to Anchor Investors, Bidders may refer to the SEBI ICDR Regulations or RHP / Prospectus. Bids received from QIBs bidding in the QIB category (net of Anchor Investor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for 5% of the QIB Portion shall be determined as follows:
 - i. In the event that Bids by Mutual Fund exceeds 5% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for 5% of the QIB Portion.
 - ii. In the event that the aggregate demand from Mutual Funds is less than 5% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - iii. Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below.
- b) In the second instance Allotment to all QIBs shall be determined as follows:
 - i. In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for 95% of the QIB Portion.
 - ii. Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidders.
 - iii. Under-subscription below 5% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than 17,08,000 Equity Shares.

4. Allotment to Anchor Investor

- a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Issuer, in consultation with the BRLM, subject to compliance with the following requirements:
 - not more than 60% of the QIB Portion will be allocated to Anchor Investors of which Forty percent of the Anchor Investor Portion, within the limits specified for allocation to domestic Mutual Funds shall be reserved as under:
 - i. 33.33 percent for domestic mutual funds; and
 - ii. 6.67 percent for life insurance companies and pension funds:

Any under-subscription in the reserved category specified in clause (ii) above may be allocated to domestic mutual funds;

- Allocation to Anchor Investors shall be on a discretionary basis and subject to:
 - A. a maximum number of two Anchor Investors for allocation up to Rs. 2 crores;

- B. a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than Rs. 2 crores and up to Rs. 25 crores subject to minimal allotment of Rs. 1 crore per such Anchor Investor; and
 - C. in case of allocation above Rs. 25 crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to Rs. 25 crore rupees and an additional 10 such investors for every additional Rs. 25 crore rupees or part thereof, shall be permitted, subject to a minimum allotment of Rs. 1 crore rupees per such investor.
- b) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer, in consultation with the BRLM, selected Anchor Investors will be sent a CAN and if required, a revised CAN.
- c) **In the event that the Issue Price is higher than the Anchor Investor Allocation Price:**
Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Issue Price and the Anchor Investor Allocation Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors.
- d) **In the event the Issue Price is lower than the Anchor Investor Allocation Price:**
Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

5. Basis of Allotment in case of oversubscribed issue.

In the event of the Issue being over-subscribed, the Issuer may finalize the Basis of Allotment in consultation with the Designated Stock Exchange. The Allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Equity Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Equity Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Equity Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Equity Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than [●] Equity Shares the allotment will be made as follows:
 - i. Each successful Bidder shall be allotted [●] Equity Shares, and
 - ii. The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] Equity Shares, the Bidder would be allotted Equity Shares by rounding off to the nearest multiple of [●] Equity Shares subject to a minimum allotment of [●] Equity Shares.
- e) If the Equity Shares allotted on a proportionate basis to any category is more than the Equity Shares allotted to the Bidders in that category, the balance available Equity Shares or Allocation shall be first adjusted against any category, where the allotted Equity Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Equity Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of

Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares issued, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the “Capital Structure” mentioned in this RHP.

Individual Investor' means an investor who applies for shares of value more than Rs. 2,00,000/- and not more than two lots. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with the Designated Stock Exchange.

Mode of Refunds

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy 1991, the FDI Policy, FEMA and rules and regulations made thereunder. While the Industrial Policy, 1991 prescribes the limits and conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy 1991, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The Government bodies responsible for granting foreign investment approvals are the RBI and Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (“**DPIIT**”).

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT has issued a consolidated FDI Policy, which with effect from October 15, 2020 consolidates and supersedes all previous press notes, press releases, and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020. The Government has also enacted Foreign Exchange Management (Non-debt Instruments) Rules, 2019 (“**FEMA Rules**”) and Foreign Exchange Management (Debt Instruments) Regulations, 2019 in supersession of Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017 and the Foreign Exchange Management (Acquisition and Transfer of Immovable Property in India) Regulations, 2018. Consequent to the FEMA Rules, the Reserve Bank of India has issued Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instrument) Regulations, 2019 which governs the mode of payment and reporting requirements for investment in India by a person resident outside India. The FDI Policy will be valid until the DPIIT issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

As per the FDI Policy, FDI up to 100% of the paid-up share capital of the Company is permitted in companies engaged in the manufacturing sector under the automatic route. As per the existing policy of the Government of India, OCBs cannot participate in this Issue. For further details, see the chapter titled “**Issue Procedure**” beginning on page 322 of this Draft Red Herring Prospectus.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “U.S. Securities Act”), or the securities laws of any state of the United States and may not be offered or sold within the United States, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers, and sale occur. The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Investment conditions/restrictions for overseas entities Under the current FDI Policy 2017, the maximum amount of 401 Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Schedule 1, 2, , 3, 6, 7, 8, 9, and 11 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations, 2017. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap. Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of

sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to nonresident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

INVESTMENT BY FOREIGN PORTFOLIO INVESTORS (“FPIs”)

FPIs are permitted to subscribe to equity shares of an Indian company in a public issue without the prior approval of the RBI, so long as the price of the equity shares to be issued is not less than the price at which the equity shares are issued to residents. SEBI-registered FPIs have been permitted to purchase shares of an Indian company through issue, subject to total FPI investment being within the individual FPI investment limit of below 10% of the total paid-up equity capital of the Indian company on a fully diluted basis, or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together, including any other direct and indirect foreign investments in the Indian company by the FPIs permitted under FEMA Rules shall not exceed 24% of the paid-up equity capital of the Indian company on a fully diluted basis. However, this aggregate limit of 24% may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

With effect from April 01, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as laid out in sub-paragraph (b) of paragraph 3 of Schedule I of the FEMA Rules, with respect to its paid-up equity capital on a fully diluted basis or such same sectoral cap percentage of paid-up value of each series of debentures or preference shares or share warrants. The aggregate limit as provided above may be decreased by the Indian company concerned to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its Board of Directors and its general body through a resolution and a special resolution, respectively before March 31, 2020. The Indian company which has decreased its aggregate limit to 24% or 49% or 74%, may increase such aggregate limit to 49% or 74% or the sectoral cap or statutory ceiling respectively as deemed fit, with the approval of its Board of Directors and its general body through a resolution and a special resolution, respectively; however, once the aggregate limit has been increased to a higher threshold, the Indian company cannot reduce the same to a lower threshold.

SUBSCRIPTION BY NON-RESIDENT INDIANS (“NRI”) OR OVERSEAS OF INDIA (“OCI”) ON REPATRIATION BASIS

As per Schedule III of the FEMA Rules, a NRI or OCI may purchase or sell shares of a listed Indian company on repatriation basis, on a recognized stock exchange in India, subject to the conditions that NRIs or OCIs may purchase and sell shares through a branch designated by an authorized dealer for the purpose; and the total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants. The aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the company.

INVESTMENT BY NRI OR OCI ON NON-REPATRIATION BASIS

As per Schedule IV of the FEMA Rules, purchase by an NRI/ OCI, including a company, a trust and a partnership firm incorporated outside India and owned and controlled by NRIs/OCIs, on non-repatriation basis of shares and convertible debentures or warrants issued by a company without any limit either on the stock exchange or outside, will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions. However, NRI/ OCI, including a company, a trust and a partnership firm incorporated outside India and owned and controlled by NRIs/OCIs, is prohibited from making any investment, under Schedule IV, in capital instruments or units of a Nidhi company or a company engaged in agricultural/ plantation activities or real estate business or construction of farmhouses or dealing in transfer of development rights.

INVESTMENT BY OTHER NON-RESIDENT INDIANS INVESTORS

As per Schedule I of the FEMA Rules, a person resident outside India may purchase capital instruments of a listed Indian company on a stock exchange in India provided the person resident outside India making the investment has already acquired control of such company in accordance with SEBI (Substantial Acquisition of Shares and Takeover) Regulations, 2011 and continues to hold such control and the amount of consideration may be paid as per the mode of payment as prescribed by RBI i.e. Regulation 3 of Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instrument) Regulation 2019 under or out of the dividend payable by Indian investee company in which the person resident outside India has acquired and continues to hold the control in accordance with SEBI (Substantial Acquisition of Shares and Takeover) Regulations, 2011 provided the right to receive dividend is established and the dividend amount has been credited to a specially designated non-interest bearing rupee account for acquisition of shares on the recognized stock exchange.

Investors are advised to refer to the exact text of the relevant statutory provisions of the law before investing and/or subsequent purchase or sale transaction in the Equity Shares of Our Company.

INVESTMENT BY NON-RESIDENT ENTITIES IN INDIA UNDER FDI POLICY

The FDI Policy provides that a non-resident entity can invest in India, subject to the FDI Policy except in those sectors/activities which are prohibited. However, an entity of a country, which shares a land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, can invest only under the Government route. Further, a citizen of Pakistan or an entity incorporated in Pakistan can invest, only under the Government route, in sectors/activities other than defense, space, atomic energy and sectors/activities prohibited for foreign investment. In the event of the transfer of ownership of any existing or future FDI in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the restriction/purview as mentioned herein, such subsequent change in beneficial ownership will also require GoI approval. The same is in line with the Press Note No. 3 (2020 Series) dated April 17, 2020, as issued by the Department for Promotion of Industry and Internal Trade, Ministry of Commerce & Industry, Government of India and Foreign Exchange Management (Non-debt instrument) Amendment Rules, 2020 notified by Central Government through a notification dated April 22, 2020, in order to curb opportunistic takeover/acquisition of Indian companies due to COVID-19 pandemic conditions.

(Incorporated under the Companies Act, 2013)

TABEL -F
ARTICLES OF ASSOCIATION OF A COMPANY LIMITED BY SHARES
OF
BIPIN OFFSET LIMITED*

* Amended in Articles of Association of Bipin Offset Limited by passing Special Resolution in Extra – Ordinary General Meeting held on 30th March, 2026.

Article No.	Description
	Interpretation Clause
I.	1. In the interpretation of these Articles the following expressions shall have the following meanings unless repugnant to the subject or context: (a) "The Act" means the Companies Act, 2013 (b) "the seal" means the common seal of the company 2. Unless the context otherwise requires, words or expressions contained in these regulations shall bear the same meaning as in the Act or any statutory modification thereof in force at the date at which these regulations become binding on the company. (3) Within the meaning of Section-2(71) of the Companies Act 2013, The Company is a "Public company" means: (a) is not a private company; (b) having a minimum paid-up share capital as may be prescribed Provided that a company which is a subsidiary of a company, not being a private company, shall be deemed to be public company for the purposes of this Act even where such subsidiary company continues to be a private company in its articles;
	Share capital and variation of rights
II. 1	Subject to the provisions of the Act and these Articles, the shares in the capital of the company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit.
2	(i) Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation, in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided,- (a) one certificate for all his shares without payment of any charges; or (b) several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first. (ii) Every certificate shall be under the seal and shall specify the shares to which it relates and the amount paid-up thereon.

	(iii) In respect of any share or shares held jointly by several persons, the company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders (iv) a) Dematerialisation And Certificates 1. Subject to the provisions of the Act and Rules made thereunder the Company shall offer its members facility to hold securities issued by it in dematerialized form and will offer the Securities for subscription in dematerialized form pursuant to the Depositories Act, 1996 and the rules framed thereunder, if any, and the register and index of beneficial owners maintained by the relevant Depository under section 11 of the Depositories Act, 1996, shall be deemed to be the corresponding register and index maintained by the Company. Notwithstanding anything contained herein, the Company shall be entitled to treat the person whose names appear in the register of members as a holder of any share or whose names appear as beneficial owners of shares in the records of the Depository, as the absolute owner thereof and accordingly shall not (except as ordered by a Court of competent jurisdiction or as required by law) be bound to recognise any benami trust or equity or equitable contingent or other claim to or interest in such share on the part of any other person whether or not it shall have express or implied notice thereof. 2. Unless otherwise permitted under the Act or the Depositories Act, 1996, The Company shall offer and allot, and every person subscribing to securities offered by the Company shall hold, the securities in dematerialised form with a Depository. The Company shall intimate such Depository the details of allotment of the security, and on receipt of the information, the Depository shall enter in the records the name of the allottee as the beneficial owner of the security. Such a person who is a beneficial owner of the securities can at any time opt out of a Depository, if permitted by the law, in respect of any security in the manner provided by the Depositories Act, 1996, and the Company shall, in the manner and within the time prescribed issue to the beneficial owner the required Certificates of Securities. 3. All securities held by a depository shall be dematerialized and be in fungible form. Nothing contained in Sections 89 and 90 and such other applicable provisions of the Act shall apply to a Depository in respect of the securities held by it on behalf of the beneficial owners 4. (a) Notwithstanding anything to the contrary contained in the Act or these Articles, a Depository shall be deemed to be the registered owner for the purpose of effecting transfer of ownership of securities on behalf of the beneficial owner. (b) Save and otherwise provided above, the Depository as the registered owner of the securities shall not have any voting rights or any other rights in respect of the securities held by it. (c) Every person holding securities of the Company and whose name is entered as the beneficial owner in the records of the Depository shall be deemed to be a member of the Company. The beneficial owner of securities shall be entitled to all rights and benefits and be subject to all liabilities in respect of the securities held by a Depository on behalf of the beneficial owner. 5. Notwithstanding anything contained in these Articles, where securities issued by the Company are dealt with by a Depository, the Company shall intimate the details thereof to the Depository immediately on allotment of such securities. 6. Nothing contained in Section 45 of the Act or these Articles regarding the necessity of having distinctive numbers for securities issued by the Company, shall apply to securities held with a Depository. 7. a) Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after allotment or within one month from the date of receipt by the Company of the application for the registration of transfer or transmission or within such other period as the conditions of issue shall provide – (i) one certificate for all his shares without payment of any charges; or (ii) several certificates, each for one or more of his shares, upon payment of Rs. 50 for every certificate or such charges as may be fixed by the Board for each certificate after the first. The charges can be waived off by the Company.

	b) Every certificate of shares shall be either under the seal of the company or will be authenticated by (1) two Directors or persons acting on behalf of the Directors under a duly registered Power of Attorney and (2) the Secretary or some other person appointed by the Board for the purpose; a Director may sign a share certificate by affixing signature thereon by means of any machine, equipment or other mechanical means such as engraving in metal or lithography but not by means of rubber stamp and shall specify the number and distinctive numbers of shares in respect of which it is issued and amount paid-up thereon. c) Any two or more joint allottees of shares shall, for the purpose of this Article, be treated as a single member, and the certificate of any shares which may be the subject of joint ownership, may be delivered to anyone of such joint owners on behalf of all of them. For any further certificate the Board shall be entitled, but shall not be bound, to prescribe a charge not exceeding Rupees Fifty. The Company shall comply with the provisions of Section 46 of the Act. 8. Every certificate shall have distinctive number and shall be issued under the Seal, if any, and shall specify the shares to which it relates and the amount paid-up thereon and shall be in such form as may be prescribed and approved by the Board. 9. a) If any certificate be worn out, defaced, mutilated or torn or if there be no further space on the back thereof for endorsement of transfer, then upon production and surrender thereof to the Company, a new Certificate may be issued in lieu thereof. b) If any certificate lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deems adequate and on payment of out of pocket expenses incurred by the company in investigating the evidence produced, being given, then only with the prior consent of the Board, a duplicate Certificate in lieu thereof shall be given to the party entitled to such lost or destroyed Certificate. c) Every Certificate shall be issued in such manner as prescribed under the Act or Rules framed thereunder or under other applicable laws applicable from time to time. d) Every Certificate under the Article shall be issued without payment of fees if the Directors so decide, or on payment of such fees (not exceeding Rupees Fifty for each certificate) as the Directors shall prescribe. e) The particulars of every renewed or duplicate share certificate issued shall be entered forthwith in a Register of Renewed and Duplicate Share Certificates maintained in prescribed format indicating against the name(s) of the person(s) to whom the certificate is issued, the number and date of issue of the share certificate in lieu of which the new certificate is issued, and the necessary changes indicated in the Register of Members by suitable cross-references in the "Remarks" column. f) Register shall be kept at the registered office of the company or at such other place where the Register of Members is kept or at other offices of the Company or at the office of Share Transfer Agent of the Company and it shall be preserved permanently and shall be kept in the custody of the company secretary of the company or any other person authorized by the Board for the purpose. g) All entries made in the Register of Renewed and Duplicate Share Certificates shall be authenticated by the company secretary or such other person as may be authorised by the Board for the purposes of sealing and signing the share certificate. h) Provided that notwithstanding what is stated above the Directors shall comply with such Rules or Regulation or requirements of any Stock Exchange or the Rules made under the Act or the rules made under Securities Contracts (Regulation) Act, 1956, or any other Act, or rules applicable in this behalf.

	i) The provisions of this Article shall mutatis mutandis apply to debentures of the Company 10. If any share stands in the names of two or more persons, the person first named in the Register shall as regard receipts of dividends or bonus or service of notices and all or any other matter connected with the Company except voting at meetings, and the transfer of the shares, be deemed sole holder thereof but the joint-holders of a share shall be severally as well as jointly liable for the payment of all calls and other payments due in respect of such share and for all incidentals thereof according to these articles and the terms of issue 11. The Company shall not be bound to register more than three persons as the joint holders of any share 12. Except as ordered by a Court of competent jurisdiction or as by law required, the Company shall not be bound to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share or any interest in any fractional part of a share, or (except only as is by these Articles otherwise expressly provided or by law otherwise provided) any right in respect of a share other than an absolute right thereto, in accordance with these Articles, in the person from time to time registered as the holder thereof but the Board shall be at liberty at its sole discretion to register any share in the joint names of any two or more persons or the survivor or survivors of them 13. Company shall not give whether directly or indirectly, by means of a loan, guarantee, the provision of security or otherwise, any financial assistance for or in connection with the purchase or subscription of any shares in the Company or in its holding Company, save as provided by Section 67 of the Act. 14. If by the conditions of allotment of any share the whole or part of the amount or issue price thereof shall be payable by installment, every such installment shall when due be paid to the Company by the person who for the time being and from time to time shall be the registered holder of the share or his legal representative. 15. If and whenever as a result of issue of new or further shares or any consolidation or sub-division of shares or otherwise, any shares held by members become fractional shares, all such fractional entitlement shall, unless otherwise determined or approved the Board or shareholders of the Company, be consolidated into whole shares and be allotted to such person, persons or entities as may be nominated by the Board as trustee for sale thereof in open market through SEBI registered share broker at such price as may be approved by such Trustee(s) in this regard and the net proceeds of such sale shall be distributed to the persons entitled thereto in proportion to their respective fractional entitlement 16. The Company shall, to the extent applicable, observe the provisions of Sections 89 and 90 of the Act and of other applicable laws dealing with beneficial interest in shares b) Underwriting and Brokerage 1. Subject to the provisions of Section 40 (6) of the Act, the Company may at any time pay a commission to any person in consideration of his subscribing or agreeing to subscribe (whether absolutely or conditionally) for any securities in the Company, or procuring, or agreeing to procure subscriptions (whether absolutely or conditionally) for any securities in the Company but so that the commission shall not exceed the maximum rates laid down by the Act and the Rules made in that regard. Such commission may be satisfied by payment of cash or by allotment of fully or partly paid shares or partly in one way and partly in the other. 2. The Company may pay on any issue of securities such brokerage as may be reasonable and lawful

3	(i) If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate. (ii) The provisions of Articles (2) and (3) shall mutatis mutandis apply to debentures of the company.
4	Except as required by law, no person shall be recognised by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.
5	(i) The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made thereunder. (ii) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40. (iii) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.
6	(i) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class. (ii) To every such separate meeting, the provisions of these regulations relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.
7	The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari passu therewith.
8	Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.
Lien	
9	(i) The company shall have a first and paramount lien – (a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and (b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company: Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause. (ii) The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.
10	The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien: Provided that no sale shall be made- (a) unless a sum in respect of which the lien exists is presently payable; or (b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is

	presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.
11	(i) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof. (ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer. (iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
12	(i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable. (ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.
	Calls on shares
13	(i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times: Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call. (ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares. (iii) A call may be revoked or postponed at the discretion of the Board.
14	A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by instalments.
15	The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
16	(i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent per annum or at such lower rate, if any, as the Board may determine. (ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.
17	(i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable. (ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
18	The Board- (a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and (b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between the Board and the member paying the sum in advance.
	Transfer of shares
19	(i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee. (ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.
20	The Board may, subject to the right of appeal conferred by section 58 decline to register- (a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or (b) any transfer of shares on which the company has a lien.

21	The Board may decline to recognize any instrument of transfer unless- (a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56; (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and (c) the instrument of transfer is in respect of only one class of shares.
22	(a) On giving not less than seven days previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine: Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year. (b) Lock-in of Pledged Shares 1. Any specified securities of the Company that are subject to a lock-in period under the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 (including any statutory modification or re-enactment thereof) ("ICDR Regulations") may be pledged with any scheduled commercial bank, public financial institution, or any other lender permitted by law as collateral security for a loan granted to the pledgor. 2. Where a lock-in cannot be created on specified securities due to the existence of a pledge, the depositories shall record such securities as "non-transferable" for the duration of the applicable lock-in period. The Company shall issue appropriate instructions to the depositories to effect such non-transferable status. 3. In the event of release of pledge, the securities shall remain locked-in in the depository account of the pledgor for the balance period of the lock-in, and the Company shall promptly inform the depositories to remove the non-transferable marking to the extent necessary. 4. In the event of invocation of pledge, the securities transferred to the pledgee shall continue to remain under lock-in for the balance lock-in period, and the pledgee shall be bound by the same lock-in restrictions as applicable to the pledgor. 5. The Company shall make necessary intimations to the concerned lenders or pledgees regarding the lock-in requirements applicable to pledged securities and shall ensure appropriate disclosures in the offer documents. 6. The Company, its directors, and officers shall comply with all procedural requirements prescribed by the depositories and SEBI from time to time in relation to lock-in of pledged shares, including any amendments to the ICDR Regulations. Provided that nothing in this clause shall permit any transfer of locked-in securities in violation of the lock-in requirements prescribed under the ICDR Regulations.
	Transmission of shares
23	(i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares (ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons. (iii) Nomination 1) a) Notwithstanding anything contained in these Articles, every holder of securities of the Company may, at any time, nominate a person in whom his/her securities shall vest in the event of his/her death and the provisions of Section 72 of the Act, shall apply in respect of such nomination b) No person shall be recognized by the Company as a nominee unless an intimation of the appointment of the said person as nominee has been given to the Company during the lifetime of the holder(s) of the securities of the Company in the manner specified under Section 72 of the Act, read with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014. c) The Company shall not be in any way responsible for transferring the securities consequent upon such nomination d) If the holder(s) of the securities survive(s) nominee, then the nomination made by the holder(s) shall be of no effect and shall automatically stand revoked

	2) A nominee, upon production of such evidence as may be required by the Board and subject as hereinafter provided, elect, either- a) to be registered himself as holder of the security, as the case may be; or b) to make such transfer of the security, as the case may be, as the deceased security holder, could have made; c) if the nominee elects to be registered as holder of the security, himself, he shall deliver or send to the Company, a notice in writing signed by him stating that he so elects and such notice shall be accompanied with the death certificate of the deceased security holder; d) a nominee shall be entitled to the same dividends and other advantages to which he would be entitled to, if he were the registered holder of the security except that he shall not, before being registered as a member in respect of his security, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company Provided further that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share or debenture, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable or rights accruing in respect of the share or debenture, until the requirements of the notice have been complied with
24	(i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either- (a) to be registered himself as holder of the share; or (b) to make such transfer of the share as the deceased or insolvent member could have made. (ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.
25	(i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects. (ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share. (iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.
26	A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company: Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.
27	In case of a One Person Company on the death of the sole member the person nominated by such member shall be the person recognised by the company as having title to all the shares of the member the nominee on becoming entitled to such shares in case of the members death shall be informed of such event by the Board of the company such nominee shall be entitled to the same dividends and other rights and liabilities to which such sole member of the company was entitled or liable on becoming member such nominee shall nominate any other person with the prior written consent of such person who shall in the event of the death of the member become the member of the company
	Forfeiture of shares

28	If a member fails to pay any call, or instalment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.
29	The notice aforesaid shall- (a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
30	If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
31	(i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit. (ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
32	(i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares. (ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.
33	(i) A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share; (ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of; (iii) The transferee shall thereupon be registered as the holder of the share; and (iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
34	The provisions of these regulations as to forfeiture shall apply in the case of nonpayment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.
	Alteration of capital
35	The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
36	Subject to the provisions of section 61, the company may, by ordinary resolution,- (a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares; (b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination; (c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum; (d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
	Where shares are converted into stock,- (a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

37	Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose. (b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage. (c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words "share" and "shareholder" in those regulations shall include "stock" and "stock-holder" respectively.
38	The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law,- (a) its share capital; (b) any capital redemption reserve account; or (c) any share premium account.
	<i>Capitalisation of profits</i>
39	(i) The company in general meeting may, upon the recommendation of the Board, resolve- (a) that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the company's reserve accounts, or to the credit of the, profit and loss account, or otherwise available for distribution; and (b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions. (ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards- (A) paying up any amounts for the time being unpaid on any shares held by such members respectively; (B) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid; (C) partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B); (D) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares; (E) The Board shall give effect to the resolution passed by the company in pursuance of this regulation.
40	i) Whenever such a resolution as aforesaid shall have been passed, the Board shall- (a) make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid shares if any; and (b) generally do all acts and things required to give effect thereto. (ii) The Board shall have power- (a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and (b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares; (iii) Any agreement made under such authority shall be effective and binding on such members.
	<i>Buy-back of shares</i>
41	Notwithstanding anything contained in these articles but subject to the provisions of sections 66 to 68 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.
